THE fishing on the Tobique has been the best for many years and more tourists have visited the vicinity than in any previous season. All the guides have been constantly engaged by sportsmen. THE services at the Gibson Methodist church, Sunday evening, July 29th, were very much brightened by the special music rendered on that occasion, especially by a duet sung sweetly by Mrs. W. C. LAST Thursday evening Inspector McCrea seized a large quantity of liquor at the boundary line between Andover and Fort Fairfield on the ground that it was unlawfully kept for sale without a license. The value of the liquors seized is variously estimated at from \$5,000 to \$7,000. The quantity seized made eight full double team loads. The liquor was the remnant of W. W. Boyer's stock, whose license was refused and, it is said, was the property of McIntyre & Comeau, St. John. It is claimed McIntyre & Comeau had the liquor stored for safekeeping and that it was not kept for sale. Considerable litigation will no doubt result over the seizure.

LAST Thursday, J. F. McCluskey of Grand Falls shipped a ton and a half of raspberries to Boston and his shipments so far this year have averaged one ton a day. Four cents a pound was the price paid, but on account of the recent severe storm which knocked the berries off the bushes in the clearings, the price will likely be raised. The berries are still plentiful in the woods and an increased price will induce families to pick the fruit. Four years ago the price paid was twelve cents per pound and J. F. McCluskey shipped as much as six tons daily. One day he paid the farmers over \$1,500 for raspberries. The season will continue for several weeks yet. The berries are all forwarded by express to Boston, the buyers there having outbid the Montreal jam and syrup manufacturers.

Barlows Performing Elephants, Wormwood's Animal Theatre and Montague's Cuckoo Circus are three headline attractions at the St. John Exhibition this year. ## Prescription Judgment.

One peculiar and mistaken idea exists in regard to the filling of Prescriptions. Many people think Prescriptions must be taken to the store upon whose blank they are written. This is an error. You have a right to exercise your own judgment as to the druggist to fill it, as you had to choose the physician who wrote it. Any physician in this locality will be glad, we are sure, to have us fill the prescriptions he writes.
