DISEASED KIDNEYS

Made Sound and Strong Through Dr. Williams' Pink Pills.

"Two doctors told me that I was incurable, but thanks to Dr. Williams' Pink Pills I am a well woman today." This strong statement was made by Mrs. Ed. Rose, of St. Catharines, to a reporter, who, hearing of her remarkable cure called to see her. "A few years ago while living in Hamilton," continued Mrs. Rose, "I was attacked with kidney trouble. The doctor lulled me into a state of false security, while the disease continued to make inroads. Finding that I was not getting better I consulted a specialist, who told me that the trouble had developed into Bright's disease and that I was incurable. I had dwindled to a mere shadow, and suffered from pain in the back, and often a difficulty in breathing. Insomnia next came to add to my tortures, and I passed dreary, sleepless nights, and felt I had not long to live. In this despairing condition my husband urged me to try Dr. Williams' Pink Pills, and to please him I began to take them. After using several boxes I felt the pills were helping me and I continued taking them until I had used some twenty boxes, when I was again restored to perfect health, and every symptom of the trouble had disappeared. Dr. Williams' Pink Pills certainly brought me back from the shadow of the grave, and I have since enjoyed the best of health."

Every drop of blood in the body is filtered by the kidneys. If the blood is weak or watery the kidneys have no strength for their work and leave the blood unfiltered and foul. Then the kidneys get clogged with painful, poisonous impurities, which bring aching backs and deadly Bright's disease. The only hope is to strike without delay at the root of the trouble in the blood with Dr. Williams' Pink Pills. They make new blood. They flush the kidneys clean, heal their inflammation and give them strength for their work. Common kidney pills only touch the symptoms—Dr. Williams' Pink Pills cure the cause. That is why they cure for good, and at the same time improve the health in every other way. But you must get the genuine pills with the full name, Dr. Williams' Pink Pills for Pale People, on the wrapper around each box. Sold by all medicine dealers or direct from the Dr. Williams' Medicine Co., Brockville, Ont., at 50 cents a box or six boxes for \$2.50.

Dr. Goldwin Smith on Hon. Joseph Chamberlain.

"Joseph Chamberlain on Both Sides," is a pamphlet showing by parallel quotations from Mr. Chamberlain's utterances that he has passed from one extreme to the other on all the great questions of his time, setting out a Socialistic Radical, ending, if his gyrations can be said even now to have ended, as an extreme Imperialist and Tory. Honest statement may change their opinions. But they do not turn somersaults without avowal or explanation. Mr. Chamberlain's course has been simply that of the political gambler, transferring his stake from Rouge to Noir on no principle but that the chances of the game. When Gladstone was Unionist, Chamberlain, who was intriguing to supplant him, as he has since supplanted Balfour, was a strong Unionist. If the Conservatives had now a wise and honorable man at their head they might appeal with force, and probably with success, to the classes, to whose interests Socialistic Radicalism is a menace. Being led, as they are, by a political gambler and intriguer, they are likely to lose strength instead of gaining it, with serious results to the country.
