Gallagher's Marble Works.

A visit to the old established monument works of J. Gallagher & Son, Woodstock, is always interesting. They have now under construction some very fine pieces of work. One piece, a family monument, for Mayor James F. McCluskey of Grand Falls, is of blue marble. From the top falls a very natural bit of drapery and the decoration represents the Rock of Ages. This monument stands about seven feet high. They are beginning work on a very fine piece of work for Mr. M. Tibbits of Andover. This is of black granite, over six feet high and will weigh over two and a half tons. They keep in stock always a number of finished monuments, stones and tablets ready for delivery and are constantly taking orders for work to be specially constructed. Those who wish anything in this line would do well to call and see this work and ask for prices, or if they will write the firm Mr. Gallagher will be pleased to call, on them, show them samples of material, designs, and quote prices. This marble works was established over 40 years ago and its reputation has always been above reproach.

BABY ALWAYS WELL.

"I have nothing but good words to say for Baby's Own Tablets," says Mrs. A. Dupuis, of Comber, Ont., and she adds: "Since I began using the Tablets my little boy has not had an hour of sickness, and now at the age of eight months he weighs twenty-three pounds. I feel safe now with Baby's Own Tablets in the house, for I know that I have a medicine that will promptly cure all the minor ills from which babies suffer. I would advise all mothers and nurses to use Baby's Own Tablets for their little ones." These are strong words, but thousands of other mothers speak just as strongly in favor of this medicine. Sold by all medicine dealers or by mail at 25 cents a box by addressing The Dr. Williams' Medicine Co., Brockville, Ont.
