HAVE YOU CONSIDERED THE NECESSITY AND ADVISABILITY OF SAVING?—The nucleus of many a fortune has been a savings bank account. Moreover, in event of sickness or misfortune, what is more desirable than a comfortable balance in the bank? An account to which interest will be added semi-annually may be opened at the Royal Bank of Canada with a deposit of one dollar or more. The fascination of watching such an account grow is marvellous.

LAST Wednesday a carload of young men went from Woodstock to Presque Isle to pick potatoes. Some of them were gentlemen about town who were not accustomed to severe toil and these returned in time for early service on Sunday. The Aroostook farmers pay good wages, but are rather exacting. They pay two dollars a day to a man who will work from one o'clock in the morning till twelve o'clock at night and in that time can pick 500 barrels of potatoes. The profession of gathering fruit in Aroostook County is not likely to become popular with Woodstock boys.
