A HOULTON paper says Sheriff Hayward of Woodstock was in town a short time Monday. Mr. Hayward informs us that up to the present time for the year 1906 there have been but four commitments to his jail from Carleton county. From Christmas to March there was not a prisoner. At the present time there is only one prisoner in his keeping. Of the four during the year two were for debt, and remained only over night. This is a most excellent record for any county and argues strongly for its law abiding citizens. If Sheriff Hayward should feel at all lonesome Aroostook might let him have some of its prisoners for company.
