Get It From Me.

So intricate is the mechanism of the modern piano that only an expert can properly understand it. The average person therefore buys a piano on faith, that is, they rely on their faith in the word of the dealer and the reputation of the piano. There are two reasons why you should buy your piano from me. FIRST,—I am always here to stand back of every statement I make about a piano. SECOND,—I have control for this district for some of the best pianos on the market

The Plaster Rock Train Gone.

A large and representative gathering of business men met in the council chamber last Friday evening to protest against the removal of the Plaster Rock from the winter time table of the C. P. R.

I. E. Sheasgreen, president of the Board of Trade occupied the chair. Address were made by T. C. L. Ketchum, Geo. E. Balmain, E. R. Teed, C. J. Tabor, G. H. Harrison, E. W. Mair, Warden Bailey, Mayor Munro, Councillors Fewer and McManus. The following resolution was unanimously carried to be sent to the C. P. R. officials and a petition was ordered circulated for signatures of business men to be also forwarded to the same officials.

"Resolved that in view of the winter clause in the C. P. R. time table the board of trade learns with surprise and regret of the cancelling of the suburban train between Woodstock and Plaster Rock. The board considers this a direct injury to the business of the town and in view of the monopoly of the carrying trade the C. P. R. enjoys both unfair and unjust privileges.

For years this service was enjoyed all the year through until last winter and has proved a satisfactory service for the people of the town and country and commercial men who have business in the country.

The board further considers that owing to the amount of revenue the C. P. R. derives from the people of Woodstock and vicinity better treatment should be accorded them. The board hopes the C. P. R. will reconsider its decision and allow the present suburban train to remain in schedule.

On Monday Mr. Ketchum received a letter from J. W. Leonard, Assistant General Manager, Montreal, informing him that the train had been removed after due consideration.

COLPITTS AND THE STOVE.

A rather funny incident occurred at the Boundry Line on the 13th. Bro. Colpitts and an officer went there to raid the rum shops, they went into one place and found the proprietor, and all the outfit for trade except the ardent. They looked everywhere and could not find a drop. At last Brother Colpitts noticed there was no fire in the Cylinder stove and he looked in and found the old innocent stove had suddenly got full, it had taken the stuff so hurriedly that it took it down bottles and all, in the rush several bottles were broken.

Even a rumseller ought to know that there is direct connection between Colpitts and stoves. \$50.00 and costs.—King's Highway.

Mussed Up By a Train.

On Saturday, October 6th, John Adams and Cole Swim, of Plaster Rock, hired a horse and carriage from Gilbert Giberson's livery stable to drive a few miles into the country, but instead of that drove to Perth, where, it is said, they got a supply of liquor. On their return they collided with the Tobique accommodation train at Kearney's Crossing, the horse running full tilt into the engine.

The horse was thrown some distance from the track and killed, and the carriage was badly wrecked. The occupants were thrown out and Swim was quite seriously injured, being badly bruised about his head and having his collar bone fractured. Adams escaped uninjured.

The train stopped and brought the men down to Bath, and Swim is at present under the care of Dr. Commins at the Exchange hotel.

Two old and respected residents of the parish of Kent, Roger McElroy and Hugh O'Donnell, died last week.

Thanksgiving Tea.

Arrangements are now about all completed and everything is ready for what promises to be one of the largest and best affairs yet given in aid of that charitable institution, the Carleton County Hospital. Let not one fail to come and give of their means to aid in making the Thanksgiving Tea, not only a great financial success, but also that each and everyone may socially and gastronomically be well satisfied.

No one can refuse aid to the Tea, and more especially to less fortunate ones. Come then friends in the goodness of your hearts and do honor and credit to yourselves, and give succor to the needy. As has already been stated, no effort has been spared, no stone left unturned to make the evening of the Hospital Tea a great social and financial success, and please remember the date is Thanksgiving Evening, the 18th inst.

All the stores will be closed for the day and the Merchants and clerks are particularly requested to spend the latter part of the holiday at the Armoury.

That the work of this Institution is meeting with the public favor, is amply shown by the generous and liberal spirit manifested throughout the town and county by persons of all classes and creeds in their donations of food stuffs and money, as well as a large portion of time spent in the work.

It is estimated that over one thousand people will be present at the Tea and there will be an abundance of good things for all. It is to be hoped that as many people as possible, not only from the town but also all over the county, will make a special point to come to this Tea and thus aid in the good work of keeping up such a worthy institution as the Carleton County Hospital.

The 67th Regimental Band will be in attendance and will render music throughout the afternoon and evening, and all sorts of amusements are offered the public.

Remember the doors are open at 4 o'clock, tea to commence at 5. Admission 10 cents, tea 25 cents.

Crusade Day of U. B. W. F. U.

October 25th has been set apart as "Crusade Day" for the Women's Missionary Aid Societies in connection with the United Baptist Women's Missionary Union of the Maritime Provinces. This day is for special work among individual societies for the extension of knowledge along lines of our mission work to endeavor to interest the uninterested church members, and a time of special prayer that the work in which we as a denomination are interested, may prosper. Printed envelopes for a "thanksgiving" are to be distributed. Any society in Carleton County not receiving these envelopes will kindly send a card to the undersigned.

Drank a Hoghead of Wine.

Of the great scholar and writer, George Buchanan, it is related that he was told by his doctors that if he abstained from wine he might live five or six years and that if he continued to drink he could hold out three weeks at longest.

"Get you gone," he exclaimed, "with your prescriptions and your course of diet and know that I would rather live three weeks and be drunk every day than six years without drinking wine!"

He was as good as his word. Having discharged his physician, like a desperate man, he ordered a hoghead of grape wine to be set at his bed's head, resolved to see the bottom of it before he died, and he carried himself so valiantly that he emptied it to the lees.—Blackwood's Magazine.

Better Terms for the Provinces.

The provincial premiers were in Ottawa last week in conference with the Dominion government asking for "better terms." As a result the Dominion is pledged to an extra yearly expenditure of \$2,374,018. The increases in amounts payable to the provinces are as follows:

Special Subsidies for Government and Civil Legislation.		Increase.
Ontario.....	\$240,000	\$160,000
Quebec.....	240,000	170,000
Nova Scotia.....	190,000	120,000
New Brunswick.....	180,000	130,000
Manitoba.....	180,000	130,000
British Columbia.....	150,000	115,000
P. E. Island.....	100,000	70,000

On the Per Capita Tax.

		Increase.
Ontario.....	\$1,746,357	\$629,484
Quebec.....	1,319,118	429,865
Nova Scotia.....	367,659	47,659
New Brunswick.....	264,896	659
Manitoba.....	203,957
British Columbia.....	140,525
P. E. Island.....	82,000

This makes an increase, for the old provinces, of \$1,107,008 in the per capita subsidies and \$905,000 in the specific, or a total increase of \$2,012,008. To this will have to be added the \$100,000 special grant for British Columbia, and also the increases for the two new provinces, which will be \$130,000 for each, making \$260,000, or a total increase of \$2,374,018 to all the provinces.

The specific subsidy is based on \$100,000 for a population of less than 150,000; population of 200,000, \$130,000; 400,000, \$190,000; population of 1,500,000, \$220,000, and above \$240,000.

The per capita subsidy is based on eighty cents a head until the population is 2,500,000 and more than that 60 cents a head. To do this requires an amendment of the B. N. A. act.

Canada's Wheat Production.

The Boston "Herald" in an article on the wheat situation incidentally points out that Canada is tenth among the wheat producing countries of the world. The fact is most encouraging to Canadian development, because if tenth in actual production Canada is first in wheat-growing possibility. In other words, but a small fraction of Canada's wheat lands are yet under cultivation. The estimates of Canada's yield this year are as various as the sources from which they emanate, and run all the way from eighty to one hundred million bushels, but from the best information obtainable, it is considered that it will not exceed eighty-seven millions. The movement of the new crop is not yet really under way, and as usual at this season, talk of ear shortage is readily prevalent, and this, despite the largely increased rolling stock with which the railways have provided themselves during the last year. The Canadian flour business is in a flourishing condition, and the Canadian demand continues to increase in a natural progression. The amount of flour that will be required for export, is expected to be larger than usual, it being considered that the figures concerning the amount available for export from the United States and South America have been exaggerated.

Grass Widow.

To most of us, unacquainted with its true origin, the term "grass widow" or "widower" as the case may be, savors decidedly of slang. In this judgment, according to a certain philologist, we do the term a vast injustice, for it sprang from an entirely legitimate source.

"Grass widow" is not slang," says the professor. "It is, on the contrary, a very ancient and correct expression. It comes from the French 'grace.' It was originally written 'grace widow,' and its true meaning is 'widow by courtesy.'

"There is nothing slangy or disrespectful in the term 'grace widow,'" he continued earnestly. "A widow may call herself that with propriety, and with propriety anyone may call her that."—New Orleans Times-Democrat.

A THANKFUL MOTHER.

"I thank you with all my heart for what Baby's Own Tablets have done for my little girl," says Mrs. Antoine Charette, Jr., of St. Boniface Que. "When I began giving her the Tablets she seemed to be pining away, but after using less than a box she was rapidly gaining and she is now a fine, fat, healthy little one, and I write you this as the acknowledgement of a mother who will never forget what Baby's Own Tablets have done for her child." Letters like this must bring hope and comfort to all mothers who have feeble or sickly children. Baby's Own Tablets will cure all the minor ailments and can be given just as safely to a new born baby as to a well grown child. If you cannot get these Tablets from your dealer write the Dr. Williams' Medicine Co., Brockville, Ont., and get them at 25c a box.
