It is important that persons placing

FIRE INSURANCE

should select strong and reliable companies. This
being the case it would be impossible perhaps to
find four stronger and more reliable companies
represented in Carleton County in one office than
the following companies for whom the undersigned
is agent, namely:

CALEDONIAN, the Oldest Scottish Fire Office
NORWICH UNION, Established in 1797.

ATLAS, Founded in the reign of King George III
and the QUEEN.

I shall be pleased to see intending insurers.

Dear Mother

Your little ones are a constant care in
Fall and Winter weather. They will
catch cold. Do you know about Shiloh's
Consumption Cure, the Lung Tonic, and
what it has done for so many? It is said
to be the only reliable remedy for all
diseases of the air passages in children.
It is absolutely harmless and pleasant to
take. It is guaranteed to cure or your money
is returned. The price is 25c. per bottle,
and all dealers in medicine sell

SHILOH

This remedy should be in every household.

The Saxton's Barometer.

When anybody asks Abel Hicks, sexton of
the Bushby Orthodox meeting-house, what
he thinks about the probabilities for fair
weather, Mr. Hicks gives his opinion with
the air of one having authority.

"When I took my old bell in hand last
night to ring her for the Christian Endeav-
orers," Mr. Hicks will say on occasion,
"she's squinched up dry as an old bone. You
no need to carry your umbrellas to-day,
unless you want 'em for looks." But there
are other times when Mr. Hicks shakes his
head at the hopeful leaders of a picnic party.

"Better plan to stay nigh shelter today, so's
you can get under cover," he says, firmly.

"There wa'n't a mite o' give to my old bell
rope till yesterday, but last night she's most
as mist as a sponge, all kind o' stringy an'
spodgy. I tell ye, I should put off that
enterprise o' yours till next week. The
roads'll be prime after the two days' rain
that's coming to us."

Bad Stomach Trouble Cured.

Having been sick for the past two years
with a bad stomach trouble, a friend gave me
a dose of Chamberlain's Stomach and Liver
Tablets. They did me so much good that I
bought a bottle of them and have used twelve
bottles in all. Today I am well of a bad
stomach trouble.—MRS. JOHN LOWE, Cooper,
Maine. These tablets are for sale by All
Dealers.

Commander Peary is satisfied that there
is a body of land somewhere about a hundred
miles north-west of Grantland. His party,
he says, found driftwood a hundred miles
from Grantland, in the open Polar Seas,
which he was convinced could only have
come from rivers flowing through land not
yet placed on any map. Commander Peary
says also that he believes that if the Polar
winter during which he made his attempt
had been a normal one, he would have
reached the pole. He thinks it should be
reached with no greater expense or loss of
time than he experienced in his expedition.

With his advanced knowledge of Arctic
conditions, he believes the Pole could be
reached with sledges, but that the explorer
should leave land further west than he did,
at about Cape Richards, and should not
proceed straight towards the Pole, but to-
wards the northwest, and thus take advantage
of the natural drift of ice and currents,
which is southwest. He discovered, he
says, a unique glacial fringe on the northern
east of Grantland, which he believed to be
the origin of the daleocretic or always
frozen ice, which former explorers had
thought came from ice gathered around the
Pole.

The Price of Peace.

The terrible itching and smarting, incident
to certain skin diseases, is almost instantly
allayed by applying Chamberlain's Salva-
Price, 25 cents. For sale by All Dealers.

Ages in the Animal Kingdom.

A great variance as to length of life ap-
pears among different animals. Some insects
live for only a few hours, while fish, ele-
phants and turtles are frequently centenar-
ians. The average life of the mosquito is
three days. Toads usually live to the age of
about fifteen years, while carp have been
known to reach 150. Chickens live from
twelve to fifteen years, dogs to the age of
ten and occasionally fifteen and parrots to
extreme age. These birds have been known
to pass the age of 200 years. Turtles are
also frequently centenarians, as are storks,
and elephants are said to reach the age of
300 years. Whales have been known to live
for 400 years.

Try This For Your Cough.

To relieve a cough or break up a cold
in twenty-four hours, the following simple
formula, the ingredients of which can be ob-
tained of any good prescription druggist at
small cost, is all that will be required: Virgin
Oil of Pine (Pure), one-half ounce; Glycer-
ine, two ounces; good whisky, a half pint.
Shake well and take in teaspoonful doses
every four hours. The desired results can
not be obtained unless the ingredients are
pure. It is therefore better to purchase the
ingredients separately and prepare the mix-
ture yourself. Virgin Oil of Pine (Pure
should be purchased in the original half-ounce
vials, which druggists buy for dispensing.
Each vial is securely sealed in a round wood-
en case which protects the Oil from exposure
to light. Around the wooden case is an en-
graved wrapper with the name—"Virgin Oil
of Pine (Pure)"—plainly printed thereon.
There are many imitations and cheap pro-
ductions of Pine, but these only create nausea,
and never effect the desired results.

Quick Wit Saved His Life.

"The strangest and most thrilling piece of
swordsmanship I ever saw," said the fencing
master, "was in Vermont. I was spending
the autumn in a mountainous part of the
state, and there was a military encampment
near my hotel. One morning an officer's
horse started to bolt with the man during
parade and made at breakneck speed toward
a precipice. The officer tried to stop the
horse, tried to turn his head—no use. On
dashed to frantic animal straight for the
abyss. We all held our breaths. In another
instant we expected to see horse and rider
go over the cliff. But the officer when with-
in fifty feet of the edge drew his sword and
plunged it twice deep into the horse. The
horse staggered, slowed, keeled over, dying.
The man had sacrificed the animal's life to
save his own."

To stop a Cold with "Preventives" is safer than
to let it run and cure it afterwards. Taken at the
"sneeze stage" Preventives will head off all Colds
and Grippe, and perhaps save you from Pneumo-
nia or Bronchitis. Preventives are little toothsome
candy cold cure tablets selling in 5 cent and 25
cent boxes. If you are chilly, if you begin to
sneeze, try Preventives. They will surely check
the cold, and please you. Sold by All Dealers.

She glided into the office and quietly ap-
proached the editor's desk. "I have a poem,"
she began.

"Well?" exclaimed the editor with a look
and tone intended to annihilate her, but she
calmly resumed:

"I have written a poem on 'My Father's
Barn,' and—"

"Oh!" interrupted the editor with extra-
ordinary suavity, "you don't know how
relieved I am. A poem written on your
father's barn, eh? I was afraid it was written
on paper, and that you wanted me to publish
it. If I should ever happen to drive past
your father's barn I'll stop and read that
poem."

Chamberlain's Cough Remedy Benefits a
City Councilman at Kingston, Jamaica.

Mr. W. O'Reilly Fogarty, who is a mem-
ber of the City Council at Kingston, Jamaica,
West Indies, writes as follows: "One bottle
of Chamberlain's Cough Remedy had good
effect on a cough that was giving me trouble
and I think I should have been more quickly
relieved if I had continued the remedy. That
it was beneficial and quick in relieving me
there is no doubt; and it is my intention to
obtain another bottle." For sale by All
Dealers.

Not long ago a woman in a New York
library was observed smelling the books.
She explained that she never took those that
bore an odor of perfumery, but preferred
those redolent of tobacco, "The best books,"
she said, "are read by men."

Does Coffee disagree with you? Probably it
does! Then try Dr. Shoop's Health Coffee.
"Health Coffee" is a clever combination of parch-
ed cereals and nuts. Not a grain of real Coffee,
remember, in Dr. Shoop's Health Coffee, yet its
flavor and taste matches closely old Java and
Mocha Coffee. If your stomach, heart, or kidneys
can't stand Coffee drinking, try Health Coffee.
It is wholesome, nourishing and satisfying. It's
safe even for the youngest child. Sold by All
Dealers.

"Et up whar he's gwine."

Among the passengers on a Seaboard train
the other day was a billy goat. He was
sagged and put in the baggage car and start-
ed to his destination. Billy got hungry, and
as they wouldn't let him eat the trunk straps
he chewed up and swallowed the tag that was
around his neck. One of the negro train
hands came in, and in astonishment saw that
Bill had eaten his tag, and exclaimed to the
baggage master: "Fore Gawd, boss, dis billy
goat has et up whar's he gwine."

The late Archbishop of Canterbury was
for many years fearful of a stroke of paralysis.
Seated at the right of Countess T.—at a
brilliant banquet, he startled the guests by
arising and remarking:

"Brethren, it has come at last—that which
I have feared for forty years—a stroke of
paralysis. I have been pinching my knee
for the last twenty minutes, and can't find
the least sensation there."

"Pardon me" said the Countess, "but it
was my knee that you were pinching."—

"Cosin Henry's seasickness that time he
crossed the water trust have touched his
head a bit."

"Why so?"
"Well here he wrote in his di'ry: 'June
14—Most everybody seasick, includin' myself.
Saw two spouting whales.'"

"Don't see anything very loony about
that."

"Why, Abner Dobbs! Do you mean to
tell me that you believe that any of them
passengers had ever swallowed a whale?"—

So intricate is the mechanism of the modern
piano that only an expert can properly
understand it. The average person there-
fore buys a piano on faith, that is, they rely
on their faith in the word of the dealer and
the reputation of the piano. There are two
reasons why you should buy your piano from
me. FIRST—I am always here to stand
back of every statement I make about a
piano. SECOND—I have control for this
