Dr. Pugsley the Candidate for St. John.

At a liberal convention held in St. John last Friday night the Hon. William Pugsley was nominated amid great enthusiasm as the candidate for the city and county of St. John for the seat in the house of commons made vacant by the death of the late Dr. Stockton. No other name was placed before the convention.

In his speech accepting the nomination Dr. Pugsley referred to the fact that in some quarters there had been criticism as to the course of the Liberal party in favoring his candidature on the ground that he had not been a Liberal all his lifetime. During that time vast numbers of the electors had grown from boyhood to manhood and were now entitled to take their share as voters in moulding the destiny of the country. He had left the Conservative party in 1896 because he differed from them on two great questions. One was the Manitoba school question and the other the course of Sir Charles Tupper, the then leader of the Conservative party, in entering into a provisional contract with the Allan Steamship Company which proposed to make Halifax the terminus of the line and to ignore the just claims of St. John.

As one who had been for many years engaged in urging that the claims of the city should be recognized, he shared in the indignation which was felt by all classes of citizens on that occasion irrespective of party, and had run on an independent ticket.

Having taken this course there was no reason why he should not have acted as he had by becoming a supporter of Sir Wilfrid Laurier, and an adherent of the Liberal party. The Manitoba school question was settled by Sir Wilfrid in accordance with his views. The proposed injustice to St. John, was prevented and under the policy of the government the winter port business grew to larger proportions.

Under his administration vast numbers of immigrants had been brought in, and the west was filling up with marvelous rapidity. The foreign trade of Canada had more than doubled, and a wave of prosperity was over the whole dominion from the Atlantic to the Pacific.

He had received no personal benefit from becoming a member of the Liberal party. Although he had, like the mass of the people, shared in the advantages of general prosperity and the great increase in the value of land that this had brought out.

Chapman Festival Concert.

The Chapman Concert to be given in our town on May 17th, 1907, is sure of a fine audience. Prof. W. S. Wight, who is managing the same, reports that there is more enthusiasm for this tour than any he has ever managed. It is needless to say more about such artists as Mr. Kronold, Mr. Henderson, Miss Aline Glass, and Mr. Chapman at the piano. This will easily be the musical event of the season, and anyone missing this concert will more than regret it. Excursion trains and low rates will be given on all the railroads. Prof. Wight has prevailed on Mr. Chapman to present a beautiful souvenir picture of the great Madame Calve to all that expect to attend the Festival at Bangor next October. Madame Calve, today is the greatest attraction in the world. Her two appearance at the Festival this fall will cost the Festival management \$6000. This will be her first and only appearance that she will make in the State of Maine. Tickets are on sale May 4th for the Chapman concert to be given at Graham's Opera House May 17. Don't fail to secure your seats at once.

Mrs. Holmes was a daughter of the late Charles H. English, and granddaughter of the late A. K. Smedes Wetmore, of Woodstock. She spent the early part of her life in Woodstock, and taught for a number of years in the Sunday school and sang in the choir of the English church. She was buried in the churchyard at Sussex Portage.

Probate Court.

Letters of guardianship of the person and estate of Wesley Baker Sloat were granted to Alexander C. Gibson. D. McLeod Vince, proctor in both cases.

NEW MUSICAL COMEDY

"The Toymakers" Has Unique Laughter Producing Qualities

It isn't every musical play that can result in 150 minutes of continuous laughter, but that is just what is done by "THE JOLLITIES" in their new musical absurdity, "THE TOYMAKERS," which has been written by Charles F. Pidgin, the author of "QUINCY ADAMS SAWYER" and other successful novels and which is due to come to the opera house, Woodstock, N. B. on Saturday May twenty-fifth for one night only.

"The Toymakers," unlike many other musical pieces, is not overburdened with plot, yet manages to maintain a farcical story, which holds the interest of the audience from the moment the curtain goes up until it goes down. The scene is laid in an old English toy-shop and the laughable situations arise from the mechanical doll, which he brings to life by the means of electricity. Words fail to give any adequate idea of the number of amusing situations which arise in the course of the comedy, nor is it possible to give any idea of the brightness, tunefulness and catchiness of the twenty-six musical numbers, written by Charles D. Blake and John A. Bennet, which form a part of the evening's entertainment.

"The Jollities" carry all their own scenery and costumes and give a clean, wholesome entertainment, which everyone should see. This is one of the few attractions which visit us, which can be heartily endorsed. There is nothing to offend and much to amuse everyone.

"The Toymakers" is taken from Mr. Pidgin's book of the same name and those who intend to see the play, should not fail to read the book.

The Masquerade Ball

The masquerade ball given under the auspices of the 67th Band in the Armoury on Friday evening last was a very pleasant affair and largely attended considering the inclement weather. The ladies prize for fancy costume, donated to the Valley Farm Dramatic Co. was awarded to Miss Glenna McQuarrie, and the ladies prize for most original costume was given to Miss Helen Dickinson. The gentlemen's prize for most original costume went to R. McG. Watt and Dr. Ross Currie got the prize for fancy costume. The music for dancing, furnished by prof. Ansell's orchestra was perfect. The gross receipts amounted to \$55.50

PEEVISH AND CROSS.

Peevish, cross babies are sick babies—the well baby is always happy. Perhaps there may be nothing to indicate just what is the matter, but you may depend upon it there is something troubling the little one or he would not be cross. A few doses of Baby's Own Tablets will remove the cause and make baby happy. They are a certain cure for the minor ills of babyhood. Thousands of mothers keep them continually in the house to guard against the sudden illness of baby. A Tablet now and again will keep the little one well. Mrs. James Jewers, Beaver Harbor, N. The Tablets, I think, are indispensable to mothers of young children." Sold by druggists or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

Carleton County Girls Do Well At Sackville.

A special to the Telegraph from Sackville says:—The graduation recital of Misses Helen Gertrude Bowser, of Victoria, Carleton county; Bessie Landon, Canterbury Station, pianists, and Helen Parker Watson, of Woodstock, reader, was held in Beethoven hall, Sackville, last Friday night, a large audience being present. The work of the young ladies was very excellent indeed, reflecting much credit on both students and teachers. Miss Bowser showed herself to be a clever pianist, her special characteristics being temperament and repose. She was probably at her best in La Fileuse, which she played in a finished style.

Miss Landon displayed strength and breadth in very marked degree and did exceptionally well in bringing out melody in the selections rendered.

Miss Watson was a most versatile reader. She was especially good in a selection from Evangeline, her rendition being artistic and pleasing. All three young ladies received beautiful bouquets.

The Cobbler-Sexton Mine.

James Hovey, a Carleton County boy, who has been visiting friends here for the past three months, and who has spent eight years in the mining business in Montana, has purchased an interest in the Cobbler-Sexton copper mine, and will remain here and act as manager in operating the mine. Sheriff Hayward has also purchased an additional interest in the mine, and it was through his influence that Mr. Hovey became interested in the property, and the samples of ore he inspected satisfied him that if found in sufficient quantities it would be a paying investment. Work will be commenced this week in surface prospecting all over the claim.

Assays have been received from the following companies:

Gagnon, Mont.—\$35.00 in copper and \$7.24 in silver.

E. W. Widdowson, Nelson, B. C.—\$67.76, carrying silver.

Boston, Mass.—\$51.57 copper.

Ottawa Gov. Assay—\$37.60.

Another assay of surface taken about a mile and a half from the present excavation, made by E. W. Widdowson gives \$13.42 copper and \$3.55 gold.
