

From the Woodstock Journal of Nov. 24, 1859.

On Monday evening the Saint Andrews Society of Woodstock held its annual meeting. It numbers fifteen members, with prospect of considerable increase. The following gentlemen were elected officers for the current year:

James Robertson, president; Alexander Gibson, 1st vice president; John Bull, 2nd vice president; Rev. H. J. McLardy, chaplain; John T. Allan, secretary; Hugh McLean, treasurer; Robert Donaldson, John Balloch, Hugh Hay and Wm. McKenzie, committee of relief.

#### The University of New Brunswick.

Dr. L. W. Bailey is retiring from the University of New Brunswick after 47 years service as a professor. He will receive from the Carnegie fund a retiring allowance of about \$1000 a year and from the University an allowance of \$400 a year. The applicants for the vacant professorship are Dr. Philip Cox of Chatham and G. W. Bailey, son of the retiring professor.

It has been decided to establish a chair of Agricultural Chemistry at the University. The professorship will be worth \$1,200 a year.

#### East Florencville.

B. F. Smith M. P. P. spent Sunday a home here.

Mr. Chappell of Fredericton has been in town for three weeks, working for the Gleaner.

Last week was a hard one for the produce men. They could get no cars and had to put about three hundred tons of hay outside their warehouses and it is there yet.

Potatoes were 1'40 a few days last week, but are down to 1.25 now.

Dry hard wood is about as scarce as anything in this place.

The N. B. Telephone Co. are moving the exchange from Mr. Jameson's to the rooms in the Bank Building, third story, and will have two hello girls instead of one.

Three double sled loads of young folks folks from here drove to James Lepley's last Tuesday night and put in a good time playing whist and dancing. An oyster stew was served at 1 o'clock after which the party started for home.

Basket ball is the new sport here now. Next Saturday night the girls from the Consolidated School play the Blain girls and the senior team of the School play the town team. Both games will be played at the gymnasium at the school.

Edgar Kilpatrick has started business in the B. F. Smith stand.

Last Wednesday night a number of young people dropped into Mrs. Wm. Gallup's home at Florenceville and spent the evening, it being Miss Mable Gallup's birthday. A costly lamp and umbrella were among the presents. Whist was played until eleven when a luncheon was served. The party broke up about twelve.

#### Beautiful Printing.

It is a pleasure to see the beautiful things suggestive of Easter that come from the publishing house of Raphael Tuck & Sons Co. They consist of books, folders, booklets, cards and post cards of the greatest variety and all beautiful in design and colouring. They are printed by so many processes that very many effects are obtained. When sending Easter printed things to your friends, if you send such as bear the name of The Raphael Tuck & Sons Co., your taste will always be commended.

#### How Many Hens.

How many hens can be kept on a farm? Well, about as many as can find standing room, but there is a limit to the number that may be kept at a profit. On my farm I have found the limit for the most profit to be about 200.

The farm hen is one of the most profitable things that walks, if she is given anything like a chance to show what she can do. She will get most of her living from pickings that would otherwise go to waste, so that most of what she returns is clear profit.

The poultry specialist can keep a hen with 20 square feet for a yard, and perhaps get as large or larger returns from her than the farmer. But it costs money to keep hens this way, and they have to make large returns or they would run their owner in debt. Only a few can be kept in one flock where they are closely confined, but where they have the whole farm for a range it is not necessary to build so many separate houses, 50 or even 100 hens in a farm flock will do quite as well as a smaller number, except, perhaps, for winter laying. I have always found it detrimental to the best winter egg production to have large flocks. I would prefer not to have more than 25 or 40 at the outside limit together for winter laying. I believe that this number will make more clear profit in the winter than twice as many kept in one flock. Small flocks—10 or 15 hens—make the best showing. But it is not practicable to build separate houses for such small flocks. The next best thing is to give the larger flock room enough in one house so they will not be crowded, and then provide a covered scratching shed in which is kept plenty of litter, ten inches to a foot of chaff is about enough. I should not want less. The whole feed is scattered in this litter, and the hens scratch it out. This keeps them pretty busy, but they seem to enjoy it, and it makes them lay.—R. E. Dimick, in Successful Farming.

According to Prof. W. F. Ganong, the traditional "fire-ship" of the Chaleur Bay, New Brunswick, appearing usually before a storm, has a basis of fact. It is a hemispherical light, with the flat side toward the water, glowing sometimes without much change of form, but at other times rising into slender, moving columns, in which an excited imagination might recognize the flaming rigging of a ship. The general explanation offered is that this object is a manifestation of St. Elmo's fire, an electrical phenomenon; but the reason for its appearing only on or near the Chaleur Bay is not known.

"I admire a man," said Uncle Eben, "dat keeps hopin' foh de best. But I doesn' like to see him sit down an' call it a days work."

## SPRING ADVICE.

Do Not Dose With Purgatives and Weakening Medicines—What People Need at This Season is a Tonic.

Not exactly sick—but not feeling quite well. That's the spring feeling. You are easily tired, appetite variable, sometimes headaches and a feeling of depression. Or perhaps pimples and eruptions appear on the face, or you have twinges of rheumatism or neuralgia. Any of these indicate that the blood is out of order, that the indoor life of winter has left its mark upon you and may easily develop into more serious trouble. Don't dose yourself with purgative medicines in the hope you that can put your blood right. Purgatives gallop through the system, and weaken instead of giving strength. What you need is a tonic medicine that will make new, rich, red blood, build up the weakened nerves and thus give you new health and strength. And the one medicine to do this speedily and surely is Dr. Williams' Pink Pills. Every dose of this medicine makes new, rich blood which makes weak, easily tired and ailing men and women feel bright, active and strong. If you need a medicine this spring try Dr. Williams' Pink Pills and you will never regret it. This medicine has cured thousands in every part of the world and what it has done for others it can easily do for you.

The headquarters for the genuine Dr. Williams' Pink Pills for Pale People in Canada is Brockville, Ont. So-called pink pills offered by companies located at other places in Canada are fraudulent imitations intended to deceive. If your dealer does not keep the genuine Dr. Williams' Pink Pills for Pale People send to Brockville, Ont., and The Dr. Williams Medicine Co. will mail the pills to you at 50 cents a box or six boxes for \$2.50.

#### Fire at Grand Falls.

About midnight on Saturday night, March 9th, the hotel barn in the rear of the Minto hotel caught fire. The barn contained nine valuable horses, besides other live stock, and efforts were useless to save the horses. Wm. Roach, who had come out of the woods that evening and stabled his horses in the barn, made a heroic attempt to save his span. He got one horse as far as the barn door, and reached back to cut the halter of the other horse, when the first horse jumped backwards into the flames, carrying Roach also, so that his hands were badly burned. Nine horses, two cows and several pigs were burned, besides a large quantity of hay, 100 bushels of oats, farming implements, single and double pung, six quarters of beef, harness, etc.

The total loss will amount to between \$4,000 and \$5,000, divided as follows: William Roach's team was worth \$500; George Price lost his span stabled in the burned barn, and he valued them at \$500; William Pirie's loss is more than \$3,000.

#### BORN.

CLUFF.—At Woodstock, March 17th, to the wife of James Cluff, twin daughters.

#### DIED.

WASSON.—George Ralph Wasson, aged 7 mos. 21 days, beloved son of Mr. and Mrs. Arthur Wasson, of Bloomfield, died Mar. 11, of whooping cough.

CHURCHILL.—At Butte, Montana, on Thursday, March 14th, of pneumonia, Samuel L. Churchill, in the 76th year of his age.

HARTLEY.—At Missoula, Montana, on Sunday, March 3rd, Julia M. Hartley, aged 49 years.

BOYD.—At Johnville, on Tuesday, March 12th, Elizabeth Boyd, daughter of John Boyd, aged 23 years.

#### BANGOR, TEN MILES.

A good working set of farming tools, 3 cows, 3 heifers, 2 horses, all wagons, sleighs and harnesses are included with this 125-acre farm. The fields are cutting 40 tons of good English hay. Pasture for 15 cows. Abundance of hardwood and some timber; abundance of apples, cherries and plums for home use and some for sale. Only 1 mile from store, school and church; mail delivered; milk sold at door; ten miles from the city of Bangor. 1 1/2 story house, 7 rooms, painted and blinded; pump in kitchen; barn 36 x 65, with cellar, hen house 10 x 24. Good wells; maple shade. Near good neighbors. For raising potatoes and dairying this is as good a farm as can generally be bought for twice the price. Only \$3,100 for all to settle estate quickly. For travelling instructions and picture of buildings, see page 9, farm No. 6191 of Strout's List No. 18, a circular just out, describing over 500 farm bargains. Mention this paper and copy will be mailed FREE.

E. A. STROUT,  
335 Water St., Augusta, Me.

#### NOTICE.

Having severed my connection with the A. Henderson Furniture Co. Ltd., I wish heartily to thank all my friends and customers for their many kind favours in the past, and hope they will all continue to patronize the old stand.

As a good many were unable to call and settle their accounts during February I have decided to extend the time until April 1st. The collector will be found at office of above Company and requests prompt payment that Books may be closed on above date.

A. HENDERSON.

## Special sale of Caps, Boys' and Men's O'Coats Horse Blankets.

MUST BE SOLD AT ONCE.

C. HUMPHREY TAYLOR, Prop.

## THE GOURLAY

What Mrs. Adney thinks of the Gourlay:

"I have at various times used nearly every make of piano, and I unhesitatingly pronounce the **Gourlay** to be the best that is made today in Canada. Indeed I regard the **Gourlay** as superior in its tone and mechanism to the similar piano of the three most famous American makes."
