## The Tipping Evil.

Windsor Record:—Humanity is mostly agreed that tipping is an evil; yet it persists. Queer, you say. Not at all. The employer is wholly responsible. The hotel man charges you the limit and adds to your load the wages of his servants. So with the Pullman Car Company. The porters are not paid living wages. They have to play the part of the parasite and sneak to make up the balance. So with the stewards on ocean liners. . . . Courageous travellers have been known to resist the hold up, but they never make the second experiment. There is a system of free masonry among these creatures of a system, and they can render travelling impossible. Reform is hopeless unless mendicancy be made a misdemeanor.

## BABY CARRIAGES!

Fresh Air and Sunshine Better than  
Medicine, especially for the Baby.

Few farmers, lumberman or out door workers have weak lungs or are sickly. It is the indoor workers or their children that are going to the Sanitariums, &c. This idea is all right but they begin at the wrong time—too late. Begin with the Baby and give it a chance to build up a strong body, get it out in the sunshine and fresh air. We have Small Folding Carriages that are very cheap and convenient. The larger ones are very nice and can be fitted with a parasol. We also have a very fine line of Upholstered Go-Carts and Carriages with all latest improvements and at very low cash prices. Call and see them and get our prices.
