

Dr. William H. Drummond Dead.

William Henry Drummond, M. D., the famous Canadian poet, who has given delight to thousands upon thousands in Canada, the United States and Great Britain, died at Cobalt, Ont., Saturday, April 6th.

The deceased was stricken with paralysis on Monday and while his condition seemed improved, he never actually was out of danger since the first seizure.

Dr. Drummond left Montreal for Cobalt a little less than two weeks ago, having been recalled, as it was reported that smallpox had broken out among the men attached to the mining claim which he and his brother owned.

Dr. Drummond had been greatly interested in Drummond Mine, Cobalt, of which he was manager and chief owner.

Deceased was a son of an officer of the Royal Irish Constabulary and was born at Leitrim, Ireland, in 1854. He was married in 1894 to a daughter of Dr. O. C. Harvey.

William Henry Drummond, M. D., L. L. D., F. R. S., D. C. L., was born in Curraway Hall, County Leitrim (Ire.) He was the son of the late George Drummond at one time an officer in the Royal Irish constabulary, and wife, Elizabeth Soden Drummond. He received his primary education in his native

county and afterwards at the English High School, Montreal. He studied medicine in McGill and Bishop's University in that city, graduating M. D. from Bishop's in 1884. For a time he pursued the practice of his profession in Montreal, holding at the same time the chair of Medical Jurisprudence in Bishop's. He afterwards moved to Toronto.

Dr. Drummond was not only a distinguished literary man, but he was also noted for his fondness for all kinds of outdoor sports. He was at one time a noted athlete and was an ex Canadian amateur three mile champion. Besides that he was an enthusiastic hammer thrower, shot putter, canoeist and snow-shoer. He was also interested in fly fishing and fish culture as well as game and its propagation and was prominently identified with a number of clubs which had these ends in view. He was vice president of the Laurentian Club and president of the St. Maurice Club as well as being a member of such organizations as the Winchester Weymakegan and the Province of Quebec Fish and Game Club, Montreal. It was however as a literary man that Dr. Drummond was best known to the general public. He had read and lectured in most of the big Cities in the United States, always to large and select audiences.

He was in Woodstock a few years ago and gave readings from his poems in the Opera House and delighted a large audience.

Board of Trade.

(Continued from First Page.)

amalgamation and there is too much work for one man. The bill before the legislature will protect us in the streets, and in our fire service, we will have better poles and their men will not be allowed to cut down shade trees without our consent, and on the whole the bill if adopted will be for the good of the public. In regard to the tolls and rents, the government can exercise discretion as to the amount to be charged. The rate we are now paying is a cut rate and we cannot expect to get the same when the system is improved. Most trouble is experienced in the evening after the street lights are turned on.

Mr. Dunbar said he had an interview with Mr. Thompson in Fredericton and that gentleman assured him that as soon as possible the system would be put in first class condition.

George E. Balmain thought the trouble was that the people of Woodstock were being fooled. The merger of the companies has never been completed. The company are trying to run the system here with one manager and we are not getting a proper service and probably will not until this merger is completed.

President Sheasgreen said it was a remarkable fact that ever since the taking over of the Union Company things have been running in a slip shod way, and it was now up to the Board to take some steps in the matter.

R. E. Holyoke thought the automatic was in such poor shape that it was not much use saying anything about it. He saw Mr. Estabrooks, a director of the company, in St. John, and that gentleman had told him the company had not fully decided as to what phone would be used in Woodstock. He was in favor of central energy. He said the automatic was an intricate machine and required a lot of attention. The information he had from Woodstock was that the automatic had been satisfactory. However, he would make further inquiries.

William Balmain said it seemed as if the company were playing with the town. In Andover they had given the people everything they had asked for, and the system was in grand shape.

Mr. Munro said the system in Fredericton is a better one than we have, but the rates are higher. There they pay \$20 for a single instrument.

A. D. Holyoke said he had been informed by the manager that the company intended to put in a new service and would begin work about the first of May.

The town council met on Monday morning complied with the wishes of the Board of Trade by having a bill drafted which was sent to Fredericton.

Did it ever occur to you that a 25 cent can of Campbell's Varnish Stain will restore the color and finish to the old bureau or commode? Any lady can apply this Stain as it flows out under the brush and dries without showing brush marks. It is sold by C. A. Phillips, Bristol, N. B.

BORN.

PARSONS.—In Woodstock, on April 9th, 1907, to the wife of S. J. Parsons, a daughter.

DIED.

CUNLIFFE.—At Plymouth, on March 28th, after a lingering illness, borne with christian patience, Ellen, beloved wife of Ellis Cunliffe, in the 80th year of her age.

A SPRING TONIC.

Dr. Williams' Pink Pills Make Rich, Red Health-giving Blood.

Cold winter months, enforcing close confinement in over-heated, badly ventilated rooms—in the home, in the shop and in the school—sap the vitality of even the strongest. The blood becomes clogged with impurities, the liver sluggish, the kidneys weakened, sleep is not restful—you awake just as tired as when you went to bed; you are low spirited, perhaps have the headache and blotchy skin—that is the condition of thousands of people every spring. It comes to all unless the blood is enriched by a good tonic—by the Dr. Williams' Pink Pills. These Pills not only banish this feeling, but they guard against the more serious ailments that usually follow—rheumatism nervous debility, anaemia, indigestion and kidney trouble. Dr. Williams' Pink Pills are an ideal spring medicine. Every dose makes new, rich, red blood. Every drop of new blood helps to strengthen the overworked nerves; over comes weakness and drives the germs of disease from the body. A thorough treatment gives you vim and energy to resist the torrid heat of the coming summer. Mrs. Jas. McDonald, Sugar Camp, Ont., says: I was badly run down, felt very weak and had no appetite. I could scarcely drag myself about and felt that my condition was growing worse. I decided to try Dr. Williams' Pink Pills and before I had taken a dozen boxes I was as strong as ever. My appetite returned and I am now able to do my housework without feeling worn-out. I think Dr. Williams' Pink Pills the best tonic there is."

It is a mistake to take purgatives in spring. Nature calls for a medicine to build up the wasted force—purgatives only weaken. It is a medicine to act on the blood, not one to act on the bowels, which is necessary. Dr. Williams' Pink Pills are a blood medicine—they make pure, rich red, blood, and strengthen every organ of the body. See that the full name, "Dr. Williams' Pink Pills for Pale People," is printed on the wrapper around each box. All other so-called Pink Pills are fraudulent imitations. Sold by medicine dealers or by mail at 50 cents a box or six boxes for \$2.50 from The Dr. Williams Medicine Co., Brockville, Ont.

Thin Black Fabrics.

Black frocks are to be much in evidence this season, and a number of beautiful models are shown in louisine, taffeta and chiffon cloths over black silk. The latest models are decorated principally with laces, usually two or three kinds, but a little good embroidery in skilfully harmonized colors gives a French air to a fine black gown that is most desirable. Black linens and cottons are prettiest in soft fabrics and the embroidered Swisses are exquisite. One usually effective pattern has a black ground, striped with closely set hairlines of white, and is sprinkled with tiny sprays of lilacs. It is charming for a second morning costume, or makes up effectively with bits of blue satin.

A Woman Tells How to Relieve Rheumatic Pains.

I have been a very great sufferer from the dreadful disease, rheumatism, for a number of years. I have tried many medicines but never got much relief from any of them until two years ago, when I bought a bottle of Chamberlain's Pain Balm. I found relief before I had used all of one bottle, but kept on applying it and soon felt like a different woman. Through my advice many of my friends have tried it and can tell you how wonderfully it has worked.—MRS. SARAH A. COLE, 140 S. New St., Dover, Del. Chamberlain's Pain Balm is a liniment. The relief from pain which it affords is alone worth many times its cost. It makes rest and sleep possible. For sale by All Dealers.

Probably no substance is adapted to a greater variety of uses than rubber, but its applications are restricted by the limited supply and high cost. Among the purposes for which it has great advantages but is not likely to be extensively employed is that of paving roadways. A rubber pavement laid at a London railway station in 1881 was in 1902 worn down to five-eighths of an inch in its thinnest place. Notwithstanding the scarcity of the material, the cost was less than three times as great as that of wood, and its life has been more than twenty years instead of the four years which the wood or asphalt would have endured.

EUREKA!

Yes, I Have Found It at Last.

Found what? Why that Chamberlain's Salve cures eczema and all manner of itching of the skin. I have been afflicted for many years with skin disease. I had to get up three or four times every night and wash with cold water to allay the terrible itching, but since using this salve in December, 1905, the itching has stopped and has not troubled me.—ELDER JOHN T. OXLEY, Rootville, Pa. For sale by All Dealers.
