

## NEWS FROM THE COUNTY.

WOODSTOCK, N. B., APRIL 10, 1907.

## Kirkland.

Miss I. Belle Carter, teacher of the school in this place, is in the hospital at Woodstock very ill of typhoid fever.

Rev. Harry Harrison, Methodist clergyman, held services in the Orange Hall on Wednesday evening.

There was a social in the Orange Hall on Saturday, March 29th. About \$17 was collected, which goes to help procure an organ to be used in the Hall.

Mrs Samuel Nicholson and Ruby McAnerin were visiting friends in Maxwell this afternoon.

J. W. Crawford has purchased the large farm of Andrew McIntyre, lately deceased, and has moved his family to Maxwell to reside in future. Mr. Crawford is agent for the great Eastern fertilizer, also for all kinds of farm machinery. He has resided for about twenty six years at the corner.

Wallace Crawford is visiting relatives in this place and vicinity.

John Lyons of North Lake has been very ill.

Mrs. Dora Slater and her little daughter from Cary, Me., are visiting friends in this place.

John Slater has moved to Woodstock.

Any person wanting a horse to purchase call on the wife of the late Charles Nicholson, deceased.

## Watson Settlement.

Mrs. M. Elizabeth Bell of Watson Settlement who has been threatened with pneumonia is very much better.

William Gartley of Presque Isle, Me., is visiting relatives here.

Abijah Baird who has had an attack of appendicitis is improving.

Ernest Gartley who bought a farm at Waterville last year has sold it.

Thomas Gartley, one of the most respected residents of Watson Settlement, has been very ill, but is getting somewhat better. Dr. Dickinson of Houlton is in attendance.

Mrs. John Coffey, of Watson Settlement, died in the Carleton County hospital last Friday morning, aged 62 years and 10 mos. Mrs. Coffey was taken in to the hospital on Thursday and was operated on Friday morning. Mrs. Coffey was a Miss Magonagle. She leaves a husband, two sisters, one of whom is Mrs. Slager of Houlton, and two brothers, Patrick and Charles of Boston. She was a woman who earned the esteem and friendship of all who knew her. The funeral was held on Monday afternoon and was very largely attended. The services were held in St. Gertrude's church, Woodstock.

## Bath.

The recent snow storm has very much improved the roads and the people in the surrounding country are thus enabled to finish their hauling to the Railway Station here.

The marriage of Frank Giberson and Miss Bessie Harris took place at the residence of the bride's parents Mr. and Mrs. William Harris at their hotel here on the 2nd inst., Rev. L. A. Fenwick was the officiating clergyman.

The special services held last week in the United Baptist church here were closed on Friday evening last.

William Brown and family who have occupied rooms in H. L. Squires' house during the past winter have moved to Kincairdine, N. B., where Mr. Brown has purchased a farm.

Last Friday evening a public meeting was held in Tompkins's Hall here for the purpose of appointing a delegation to go to Fredericton and request the government to build a bridge across the St. John river at this point. The meeting was very largely attended by people from both sides of the river who were enthusiastic over the project. There can be no doubt of the need of such a bridge. The amount of farm produce raised in the parish of Wicklow for shipment has been increasing rapidly for some years and the increase still goes on. Under the present condition this produce is practically tied up in the spring and fall as the river is impassible. The delegates elected to go to Fredericton were Matthew Bohan, Dr. M. E. Commins and W. N. Dyer.

## Hartland.

A public sale was held in front of the Post Office last Wednesday at which was sold six horses and a large number of farm implements. Sheriff Albion R. Foster acted as auctioneer. Main street was blocked with men from Nixons store down to the office of Crandel Everett J. P.

The Womens Foreign Missionary Society held their monthly supper on Wednesday last. Tea was served from 5.30 to 7 p. m. The proceeds amounted to about \$11.00.

A number of the young people met at the home of Arthur Baird on Wednesday evening at a farewell party given to Miss Dora Thornton who left on Thursday's express for

Bangor, Me., where her sister is residing. Those present were: Misses Clara Matheson, Janet McMullin, Nellie McAdam, Myrtle McFarlane, Lue VanWart, Sue Peacock, Mable Curtis and the Rev. Harry Marr, Frank Aiton, Claud Thistle, Carry Dickinson, Arnie McFarlane, Harry Gillen, Bertram Rideout and Frank Gardiner. A very enjoyable evening was spent playing games, after which Miss Thornton was presented with a handsome token of esteem.

Miss Helen Alexander entertained a number of her friends at a party on Thursday evening.

Miss Blanch Nevers has charge of the Central Telephone Office here in succession to Mrs. W. Ross.

Snow is going fast in this part of the country and several wagons are being used in town.

Asa Thornton who has been confined to the house for a week is slowly improving.

Mr. and Mrs. Webster Ross left for Calgary on Thursday last.

The Rev. A. F. Baker is confined to his home by an attack of grippe.

Mrs. Aaron Campbell is slowly recovering her health after a brief illness.

H. A. Sipprell of Victoria is learning the Drug Business at Estey & Curtis Co's. Drug Store.

The Praying Band of the Reformed Baptist Church, held services at Waterville on Sunday last.

The Rev. H. C. Archer and wife drove to Woodstock on Friday last.

The Rev. Mr. Walden occupied the pulpit on Sunday evening.

We are glad to see Miss Inez Bradley out again after a short sickness.

Miss Grace Tompkins is on the sick list. Garnet Birmingham is able to be out again.

## Centreville.

Revival meetings are being held in the Methodist and Baptist churches at Lakeville by the Rev. Mr. Freeman and the Rev. Mr. Ayer and the indications are that a large number will be added to the churches there.

The meetings still continue in Knoxford. A number were baptized by the Rev. Mr. Bonnel there last Sunday.

It seems to surprise the people who live in warmer climates to hear that we have so much snow here at this season of the year. Farmers here say that the snow remaining on so long is considered very favorable to them as it is said that the soil proves to be much more productive under such circumstances.

F. B. Carvell, M. P., was in the village last week and in consequence one man looks ahead to future prosperity. It is to be hoped that the flower so beautiful in the distance may not turn to ashes in the grasp.

C. M. Sherwood's saw mill is now running full time. The lumber now being cut is on shipping orders.

George Lewis whose life was despaired of for some time has so far recovered that he has been able to be out again.

The marriage of Lee Margison of North Centreville to Miss Trafford, daughter of Wm. Trafford, of Tracy Mills, was solemnized last Wednesday at the home of the bride's parents. There were many invited guests present and the costly array of presents testified to the high esteem in which this young couple is held.

William Gibson is moving to Jacksontown where he has bought a farm.

## Reductic.

H. F. Grosvenor returned on Monday from a business trip to Montreal and Toronto.

J. E. Porter who has been spending the past two weeks with his parents here returned to Houlton on Monday.

We are sorry to hear that Miss Edna Port is ill again.

Miss Eva French left last week for a visit with friends in St. Paul and Duluth. She expects to be gone three months.

Mrs. Elizab Gibson has returned from Woodstock.

H. M. Edwards sold his fine bay mare to Scott Ritchie of Temple last week.

## A Busy Season in Perth.

This season gives promise of being one of the busiest in the building line that the village has seen for some time. The G. T. Baird Co. have commenced building a large ell to their store. The Milling Co. will shortly commence the erection of a cottage to be occupied by Mr. Aimes and will probably also erect two or three more to accommodate some of the hands. George E. Armstrong in addition to the fine lot he owned just below the grist mill has purchased an additional lot on the river side of the road from J. E. Armstrong and will commence the erection of a handsome residence with concrete foundation as soon as the frost leaves the ground. Dr. Earle will also put up a large ell at the back of his house with concrete foundation under the whole. Marshall Armstrong has the lumber on his lot, next the Samuel Love-ly property at the station, to build a residence and lunch room. Several others have improvements and new buildings in contemplation.—Victoria County News.

Butter Paper for sale at this office.

## In a Dilemma.

(Tit-Bits.)

She was one of those old ladies who always conjure up visions of awful disasters attending five minutes' travel in a railway train, and it was with great anxiety that she said to the official who punched her ticket:

"Is it a fact that the locomotive is at the rear of the train?"

"Yes, madam," was the reply; "we have an engine at each end. It takes one to push and one to pull to get us up the gradients on this trip."

"Oh, dear, what shall I do?" moaned the old lady. "I'm always ill if I ride with my back to the locomotive!"

## BABY'S FRIEND.

"Before I got Baby's Own Tablets my baby was troubled with colic and vomiting and cried night and day, and I was almost worn out. But after giving him the Tablets for a few days the trouble disappeared and you would not know it was the same child he is so healthy and good natured now." This is the grateful testimonial of Mr. George Howell, Sandy Beach, Que., and it tells other mothers who are worn out caring for cross sickly children, how they can bring health to the little one and ease to themselves. Baby's Own Tablets promptly cure the minor ailments of little ones, and there are no cross sickly children, in the homes where the Tablets are used. Sold by Medicine dealers or by mail at 25 cents a box from the Dr. Williams' Medicine Co., Brockville, Ont.

The world still has a considerable supply of coal. Germany is credited with 280,000,000,000 tons, sufficient to last 2,000 years at the present rate of consumption; Great Britain and Ireland claim 190,000,000,000 tons, with an annual consumption about double that of Germany; France, 19,000,000,000; Austria, 17,000,000,000; and Russia, 40,000,000,000. North America is believed to have 681,000,000,000 tons, more than the total of the other countries named. It is the tremendous increase in the use of coal that justifies alarm, for, while the supply of the United States would last 4,000 years at the rate of consumption in 1905, it will be exhausted within a century if the rate of increase of the last ninety years continues. No estimates of the coal of other parts of the world can be made, but Asia is known to have an enormous store.

## Know-How Workmen Insure Economy.

No loss of time in experimenting if the workmen know their business. No waste of material if they know how to figure. No loss from unreasonable repairs. The way to do the best plumbing is to have men who know how to do the work.

JAS. S. McMANUS.

# BLATCHFORD'S

## CALF MEAL

The Perfect Substitute for Raising Calves

100 lbs. of it Makes 100 Gallons of Rich Nutritious Gruel

It is now a well recognized fact that one of the most successful aids to profitable farming is using a good milk substitute for raising calves. Thousands of the best farmers in the country are now raising their calves on Blatchford's Calf Meal at about half what it used to cost to raise them on milk.

Blatchford's Calf Meal may really be called the Standard Milk Substitute of the world. The foreign trade in it alone is more than the total trade of all other makes of calf meal combined. It has raised more calves, more fine stock, fine animals, and prize winners, etc., than any other calf meal.

It is absolutely the only Milk Substitute that contains all the elements necessary for bodily growth in approximately the proper proportion, and it is the only Calf Meal that is thoroughly cooked and prepared for digestion by the tender stomach of the very young animal. Calves can be vealed better and quicker by using the meal mixed with skim milk than letting the calf have the milk direct from the cow, and you save the cream for butter which at present brings a good price.
