Solicitor.

OFFICE AT CARLISLE HOTEL

March 9, 1907, 21.

It is important that persons placing FIRE INSURANCE

should select strong and reliable companies. This being the case it would be impossible perhaps to find four stronger and more reliable companies represented in Carleton County in one office than the following companies for whom the undersigned is agent, namely:
CALEDONIAN, the Oldest Scottish Fire Office
NORWICH UNION, Established in 1797.
ATLAS, Founded in the reign of King George III and the QUEEN.

I shall be pleased to see intending insurers.

LOUIS E. YOUNG,
Woodstock, N. B.

TO LET.

The house on Connell street occupied by undersigned. All modern conveniences. MRS. R. B. PORTER.

Inspector Meagher's Report.

The annual report of the schools of New Brunswick is at hand. Inspector Meagher's contribution to this report is always read with interest in his district which embraces the County of Carleton, Victoria with the exception of the French parishes and the parishes of Canterbury, North Lake and McAdam in York County.

Mr. Meagher's report reads in part as follows:—

"A review of the year's work shows some encouraging features, among which may be noted a marked advance in the district pay of teachers; school house improvements; additions to apparatus; the successful operation of school gardens and manual training departments and their steady growth in popular favor; a growing demand for first class teachers, and a less evident reluctance to give to teachers of all classes the higher salaries which they can now command.

In this connection, I am glad to be able to say that the minimum yearly salary of female teachers of the first class is now about two hundred dollars, and it goes as high as three hundred dollars, whereas not long ago one hundred and eighty dollars was the maximum amount received, so that even if a much less rate of increase be maintained for a few more years to come, we need no longer fear that the West will drain our teaching ranks of some of their best material, or that other occupations will prove more attractive, at least from a financial point of view.

That there has also been an increase in the effectiveness of the teaching work may partly be seen in the large number of students from Carleton County in attendance at the University and Normal School, and their high standing in both institutions. Further evidence is afforded also in the fact that nearly all the teachers of the schools in that county are themselves the product of those schools, and that scarcely any of their number are of the third class.

I think it may also be safely said that there are less disorganized districts in this Inspectorate than in any other Inspectorate of the Province, and fewer schools closed on the average during the course of each year.

Many of the improvements made in school equipment have been made through the efforts of teachers, amongst whom may be named, Robert L. Simms, Edith L. Weade, Mary B. Page, Georgia Parent, Mary J. Paul, Jennie L. Darkiss, Maud Hartley, Wendell B. Shaw.

Provision has been made in Carlow and St. Thomas for the erection of new school houses next spring.

There are now only four Superior Schools in this Inspectorate, situated at Florenceville, Centreville, Hartland and McAdam, but an additional Superior School will no doubt be established at Bristol, if a new school house be erected there on a suitable site.

The sum of five thousand dollars has been voted for the erection of a new school house at Centreville. The Consolidated school at Florenceville is being operated successfully with F. C. Squires, B. A., as Principal. Miss Prichard and Miss Pickles, the teachers of Household Science and Manual Training, have given him able assistance. It is to be regretted that the school will lose the services of Miss Prichard, as she has accepted an important position as Owen Sound. The several departments are well equipped with all the requisite apparatus. The building itself is a handsome brick structure, situated on the bank of the river, and commanding a strikingly beautiful view of the country for miles around. The main rooms are suitable in every respect, and every provision has been made for the health and comfort of the pupils, including flush closets in the basement and on the second floor, and a large room has been reserved in the basement to be used as a playground by the smaller pupils in stormy weather. Some fault can be found however, with the rooms in which the Household Science and Manual Training departments are operated. They should be nearly twice their present size.

A greater degree of permanency would be a desirable feature in connection with the teaching staff of the Superior School at McAdam. There have been four changes in the Principalship of that school in the past three years, and several changes in the Intermediate and Primary departments. The present Principal is Mr. Arthur F. Stephenson.

G. J. McAdam, B. A., is still in charge of the Grammar School at Andover, and is giving good satisfaction.

Charles D. Richards, B. A., is doing effective work in the Grammar School at Woodstock, a partial proof of which is afforded in the high standing taken by some of his pupils in the recent Matriculation Examinations.

Chamberlain's Cough Remedy is Both Agreeable and Effective.

Chamberlain's Cough Remedy has no superior for coughs, colds and croup, and the fact that it is pleasant to take and contains nothing in any way injurious has made it a favorite with mothers. Mr. W. S. Pelham, a merchant of Kirksville, Iowa, says: "For more than twenty years Chamberlain's Cough Remedy has been my leading remedy for all throat troubles. It is especially successful in cases of croup. Children like it and my customers who have used it will not take any other." For sale by All Dealers.

A SPRING NEED.

Weak, Tired and Depressed People Need a Tonic to Put the Blood Right.

Spring blood is bad blood. Indoor life during the winter months is responsible for weak, watery, impure blood. You need a tonic to build up the blood in spring just as much as the trees need new sap to give them vitality for the summer. In the spring bad blood shows itself in many ways. In some it breeds pimples and eruptions. In others it may be through occasional headaches, a variable appetite, perhaps twinges of neuralgia or rheumatism, or a lazy feeling in the morning and a desire to avoid exertion. For these spring ailments it is a tonic you need and the greatest blood-making health giving tonic in all the world is Dr. Williams' Pink Pills. Every dose helps to make new, rich, red, health-giving blood, which reaches every nerve and every organ in the body, bringing health, strength and energy to weak, despondent, ailing men and women. Here is proof. Mrs. Geo. Merritt, Sandy Cove, N. S., says: "I was weak, feeling miserable and terribly run down. The doctor whom I consulted said the trouble was anemia, but he did not help me. A friend advised me to take Dr. Williams' Pink Pills and it is simply impossible for me to over-estimate the good they have done me. I shall always recommend them to ailing friends."

But if you want new health you must get the genuine Dr. Williams' Pink Pills for Pale People, manufactured in Canada at Brockville, Ont. Other so-called pink pills are fraudulent imitations. The genuine Dr. Williams' Pink Pills are sold by all reputable medicine dealers or sent by mail at 50 cent a box or six boxes for \$2.50 by writing the Dr. Williams Medicine Co., Brockville, Ont.

The Latest Black List.

The local doctors, we are informed on good authority, are about to make up what is known as a Black List, containing the names of those who avoid paying their bills for medical services by simply going the rounds from one M. D. to another, right through the list, thereby, to use a homely phrase, running the knife into the medical men. The proposed black list will include only those able bodied people who are not considered objects of charity. The following communication seems to pretty clearly denote trouble for the doctor's bills:

"Each physician will pick out certain of his debtors whom he will put on the black list. This list he will pass to each of the other doctors. When a man who has been black listed by one doctor, calls on another for treatment, he will be refused and sent back to his former attendant, until he has paid up all arrears, and will be subject to the mercy of the doctor who placed him on the black list.

There is not one medical man in Woodstock, who is not willing and who does not do a great deal of charitable work every year; but it is no act of charity to doctor the lazy fellow, who employs a new one every time to avoid paying the old one. Some of these fellows are, apparently, the most independent patients we have to deal with and the hardest to please. After they have exhausted the generosity of one doctor to the fullest extent, they will go to another and use him the same and finally after having exhausted the generosity of all the physicians they will move to another town in order to get free medical attendance.

It will take until about the end of the present year for the doctors to get their lists ready to pass to each other. If agreed on by all the doctors, the names of the men on the Black List will be published annually in the Royal Gazette.

The By-laws regarding the Black List are not yet formulated but will be during the present year.

There is no doubt, that among all the doctors, they will be able to enlist the Four Hundred names required. Who will be first on the roll of honour?—(Com.)

Does Coffee disagree with you? Probably it does! Then try Dr. Shoop's Health Coffee. "Health Coffee" is a clever combination of parched cereals and nuts. Not a grain of real Coffee, remember, in Dr. Shoop's Health Coffee, yet its flavor and taste matches closely old Java and Mocha Coffee. If your stomach, heart, or kidneys can't stand Coffee drinking, try Health Coffee. It is wholesome, nourishing and satisfying. It's safe even for the youngest child. Sold by All Dealers.

"Sweetness of temper is a precious heritage. In its broad and deep exercise the soul's windows open toward the spice country and fill the home with perpetual delight. The fortunate possessor of a sunny soul is God's evangel in a dark world. He is a living gospel which no one will ever repudiate, and the blessedness of which all men will appreciate. The body will grow old and the smooth brow will be furrowed, but a happy disposition is an aureole to the gray crown of age. Blessed is he whose life looks out upon the land of Beulah and whose soul is responsive to the outlying vision."—Anon.
