### The Imperial Scot in New York.

In the tour of J. H. Hamilton and his Imperial Scots Co. only the large cities have been touched, and in these the great Scottish tenor and his associates have made a huge success. Jessie MacLachlan at her very best has never exceeded the successes made by Hamilton, and with the popular Scotchman is a company every member of which presses him strongly for popular favor. Judging by the impression created in New York, Toronto and other large cities, the Imperial Scots are sure of a record breaking success when they appear here on Tuesday evening next Dec. 3rd. Buy your tickets early for the big popular concert of the season.

### Frank G. Stoop.

General regret was expressed on Saturday when the news became current that Mr. Frank G. Stoop had passed away that morning. The deceased had been in poor health for some time but had rallied and was able to take short drives out. A recurrence of his troubles had produced complications which resulted in his death. He was a painter by profession and was regarded as one of the best. He carried on profession for a number of years in Woodstock, St. Stephen and St. Andrews. He was twice married. For some time past he has made his home with his sisters, the Misses Stoop, to whom his death is a great blow. Besides his own sisters he is survived by one brother, Mr. James Stoop. He was a member of Woodstock Masonic lodge and was buried with Masonic honors on Monday. The church services were conducted by Rev. R. J. Langford.—St. Andrews Beacon.

ESTATE OF CHARLES APPELBY.

#### McLaughlan-Tompkins.

George Flemming McLaughlan of Hartford, Conn., was quietly married to Miss Grace Elizabeth Tompkins, of South Newbridge, on Tuesday evening the 22nd at the manse by the Rev. George D. Ireland. Mr. and Mrs. McLaughlan left on the express Monday for their new home in Hartford.

Mr. McLaughlan is a son of Robert McLaughlan of South Newbridge. He was in the employ of the Dominion Express Company here about two years ago. He was transferred to Montreal. About a year ago he went into the New York and New Haven Railroad office at New Haven, and was made an accountant. THE DISPATCH extends its hearty good wishes for Mr. and Mrs. McLaughlan's future happiness and success.

#### Dull Business on the B. and A.

Some young men from New Brunswick who went to Maine to work on the Bangor & Aroostook railway have returned, finding that business on that road has dropped off so that there is little chance for new men. The railway company has entered upon a system to curtail expenses and in explanation the general manager says:

"We are paying more for operation than ever before. Wages are much higher than they were. In contrast to these conditions it is falling off in business. The failure of the potato crop this year makes a big difference. Never before in the history of the road has there been a surplus of freight cars. This is due to the small potato crop and the slump in the lumber market."

In contrast to the above it is worth mentioning that the section of the C. P. R. in New Brunswick that parallels the B. & A. had never so much freight to haul, and that during the past year more than a million dollars have been spent in permanent repairs.

#### The Stability of a Bank is Reflected in the Confidence of its Depositors.

In the savings department accounts may be opened with deposits of one dollar or more on which interest will be credited or paid four times a year.

#### George Larlee, of Perth, Died in B. C.

The death of George Larlee, formerly of Perth, N. B., took place on Monday at Cranbrook, British Columbia. He was taken ill with typhoid fever some time ago. Dr. King, formerly of St. John, was called in to attend Mr. Larlee, who was removed to a hospital. After a sickness of several weeks he became convalescent, but was immediately seized with appendicitis. He was operated upon but died soon after.

The deceased was formerly a prominent lumberman of Victoria County. The body will be embalmed and sent east. The funeral will be held at Perth.

#### Childhood Ills.

Almost all the ills of babyhood and childhood are due to disorders of the stomach or bowels. Set them right and the little one will be well and happy. No other medicine can do this so promptly and so safely as Baby's Own Tablets. Mrs. Uirie Delisle, Cap Sante, Que., says: "My baby suffered greatly from constipation and stomach troubles and nothing helped her until I gave her Baby's Own Tablets. The change they made in her condition was simply marvelous, and I strongly recommend the Tablets to all mothers. The mother using these Tablets has the guarantee of a Government analyst they do not contain one particle of opiate or poisonous soothing stuff. Sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont."

FOUND a sum of money which the owner can have by applying at The People's Cash Market.

### The Produce Market.

Considering the hard roads there is quite a large quantity of hay coming to market at the various railway points in Carleton county. Dealers and others who have carefully studied the market are of the opinion that this product has reached its highest point; that after the New Year there will be a decline. If the winter should prove unusually cold fully a third less hay will be needed than if on the other hand there is mild weather with little snow. By all odds it would seem wise for the farmers to get rid of their hay at the present top notch price rather than wait for the higher figures which may never be quoted. On Monday loose hay was quoted at \$11 at Florenceville and \$10.50 at Hartland, but it is believed that a good quality of pressed hay will bring about the same price at any railway point, to wit, about \$14.50 per ton. The demand is good and lots of it is being shipped.

Oats at different points vary in prices from 40c at Hartland to 45c at Florenceville and Bath. The reporter is unable to give the reason for the different quotations, but presumably competition among the buyers has something to do with it.

Pork is decidedly off in comparison with the quotations of three weeks ago, which were then better than eight cents. At Florenceville buyers are this week offering 6 1/2c for hogs and 7c for pigs. At Hartland the prices are a little stronger. It is thought the price will stiffen a little when permanent cold weather sets in. The trouble in regard to shipping to points outside of the province is not yet settled, but the matter is being looked into by railway officials and the Minister of Agriculture has in view the simplification of the law. But if the matter will be arranged to prove beneficial this season is an open question.

Straw is in fair demand and brings from \$2 to \$3 per ton.

Eggs and butter are as scarce as ever and good fresh hen fruit brings 24c as the lowest figure. Butter ranges from 23c, quoted by some dealers, to 25c freely offered by others.

Potatoes are in brisk demand and but few are coming in. The price is \$1.00 per barrel. Farmers are so firm in the belief that the price will go to double this figure that in most cases they refuse to consider this present offering.

There seems to be a good amount of poultry in the county, but the rush has not commenced, although the prices are very favourable—undoubtedly more than this will be offered later on. On Monday dealers quoted for chickens, 10c; ducks and geese, 12c; turkeys, 12 to 15c.

Dressed beef is cheap and will likely remain so. 4 to 5c is the price offered.

Buckwheat meal, \$1.50.  
Beans, \$2.50.

Wood is alarmingly scarce everywhere. The farmer asks all he can get and the consumer pays as little as he can. As a matter of fact, figures that are justifiable cannot be published, although one man has a large quantity of hard wood which he offers at \$4.50 per cord.
