Chronic Hoarseness.

Mrs. Delia C. Cameron, Healdsburg, Cal., member Daughters of America, writes:

"Having tried many remedies for chronic catarrh of the bronchial tubes, and not receiving any benefit, I began to think there was no help for me until I began to use Peruna.

"In a short time the bronchial tubes began to clear, I did not have that 'frog in my throat' continually, my voice was not nearly so husky, and the wheezing noise disappeared.

"I was soon able to believe that I was entirely free from catarrh, and as this was several months ago, I do not believe that it will return."

The above group of women could be multiplied by ten thousand without reaching the number that have been helped by taking Peruna.
