The Horse Races.

Gallagher Bros. gave the people two good days races last week. It rained both days but no one seems to mind a little rain now-a-days. Music was furnished by the 71st Regt. band of Fredericton.

Madame LaRoux and her companion made a balloon ascension, performing on the trapeze and at the height of half a mile the woman cut loose and safely descended in the parachute near the park. Her companion left the balloon some distance higher and his parachute landed in the Meduxnakeag creek in the town limits.

The diving dog was also a great attraction. George W. Glew, the loop-the-loop performer, who is a native of this town, had a narrow escape. The incline did not give his bicycle sufficient speed to send him entirely around the loop, and he fell while partly around, but escaped with a severely bruised leg.

On Thursday C. S. Dority, of Lewiston, was starter; Edward Burnham, of Houlton; Andrew Williams and H. I. Smith, of Woodstock, judges; E. R. Teed and J. T. A. Dibblee, timers; W. Lindow, clerk. Although the heats in each race were not split up, the contests were close and exciting.

The Victoria Produce Company.

In Victoria County the Victoria County Produce Company are facing the question of taking care of the potato crop. The company is composed of J. F. Tweeddale, M. P. P., D. B. Hopkins, H. H. Hopkins, Murchie Stewart, Frank Saddler, Ed Armstrong, J. E. Armstrong and R. W. Demmings, secretary-treasurer. They will have seven potato houses ready for use this fall at the following points:—Andover, Perth, Grand Falls, Limestone, Aroostook Junction, River de Chute, Tobique Narrows.

The houses will be, some 40 ft. x 60 ft. some 40 x 80 and some 40 x 100. The total capacity will be about 45,000 barrels.

Wants Match Race for \$500.

Before leaving Woodstock last evening, Ald. Harry Jewett, of this city, owner of Axbell (2.26½), who was much dissatisfied with the decision of the judges at the race yesterday in setting back Axbell when he had landed ahead in the third heat of the 2.27 trot, went to the owners of Marguerite (2.26½) and offered to put up \$500 at even money for a matched race between his horse Axbell and Marguerite. The only condition that he attached to the wager was that the race should take place on some other track than the Woodstock track. As yet this wager has not been accepted.—Fredericton Gleaner, Saturday Aug 3rd.

FOUR FIRES AND A SUDDEN DEATH

Caused by a Heavily Charged Wire.

Last Wednesday evening Woodstock had a series of fires set by a heavily charged wire of the electric light and power company, which also caused the death of a fireman, Charlie McKinney.

At seven o'clock an alarm was rung in from Troy's restaurant. A live wire had caused a fire in the back shop. The firemen quickly reached the place and A. W. Fields cut the wire. He called out that no one was to touch it, but Charlie McKinney had reached for it. Robert Welsh saw him and shouted "don't touch that wire" but it was too late; McKinney caught the wire with his left hand and with a deep moan fell back, dying. As he fell he struck Welsh who received a shock that would have been fatal had not McKinney glanced off his shoulder and fallen to the floor.

Physicians were soon on the scene but nothing could be done to save the man so full of vitality a few minutes before.

Fires of small importance also occurred in the Carlisle Hotel and in the drug store of the Sheasgreen Company, at the same time and from the same cause.

The most important fire was soon discovered in the Van Wart brick block on King St., occupied by The Baird Co., wholesale druggists and chemists, the Canadian Express Company and D. McLeod Vince as a law office. This building was completely gutted and though the loss of Col. Vince and of the Express Co., is not large, the Baird Co. lost about \$15,000 for which the adjusters awarded them \$11,101.

With characteristic energy the Baird Co. had secured new quarters before night and telegraphed extensive orders for goods to replace their stock which was destroyed. They are already prepared to do business in the old volume and their travellers will be on the road again on Monday the 12th.

As John McLauchlan the well known merchant left the Troy fire he went to his store to turn off the electric light. As he grasped the button with his left hand he felt his hand held there by an irresistible force and a terrible sensation came over him. Finally he became unconscious and fell to the floor where he found himself after a while when he came to. There can be no doubt he was almost dead and only that his dead weight pulled his body away from the switch he could not have lasted much longer.

Death of Mrs Draper.

Sunday evening July 28th at the home of her daughter, Mrs. A. H. Chapman, Temperance Vale, Mrs. J. H. Draper passed away in the 79th year of her age. She is survived by eight children,—Horace Draper, Mrs. A. H. Chapman, Mrs. Levi McElwaine, Mrs. C. McDonald, Mrs. T. R. Bartlett, all of Temperance Vale,—George Draper of Boston, John H. Draper of Auckland, New Zealand and Isaac N. Draper of Woodstock. Deceased was taken suddenly ill only a few days before her death, which is ascribed to general breakdown. She was highly regarded by all, and general sympathy is felt for the relatives.

Marion Hope Archibald.

The friends of Rev. and Mrs. A. D. Archibald of Rexton, N. B., will learn with regret of the death from diphtheria of their little daughter Marion Hope, which took place at the home of her grandparents, Mr. and Mrs. John Harper, Chipman, on Saturday morning July 27th, aged four years and twenty two days. She contracted the disease just one week before. For a time her life was despaired of, but she rallied, and every one seemed hopeful until the change came suddenly at midnight of Friday July 26th and at three o'clock she had gone to be one of Christ's jewels. Mr. Archibald was for about five years pastor at Richmond, Carleton County.

Hyams—Clark.

At the residence of Mr. and Mrs. Zebediah Barker, Carlingford, Victoria County, on Thursday August 1st at 4 o'clock, Miss Fernella Woodbury Clark of Boston Mass. was united in marriage to David N. C. Hyams of Canton Mass. The ceremony was performed by the Rev. R. W. Demmings of Andover.

The bride had been spending the summer with her friend Mrs. Barker and so it was arranged that the wedding should take place in Carlingford. The happy bride and groom will spend their honeymoon in the State of Maine. Mr. Hyams is a retired manufacturer and owns a stock farm at Canton Mass.

Getting Our Crops To Market.

Last Thursday night in the council chamber in response to public notice a large number of prominent potato shippers and growers had an interview with Hon. L. P. Farris and Solicitor General Jones, of the local government, and Messrs. Kirkpatrick and Tinker, of the C. P. R. Those present included Burden, Tweeddale, Smith, and Clair, M. P. P.'s. Messrs. Manzer, Porter, Demmings and Stewart of Victoria county, Bernier, Hall, and Viollette of Madawaska, McCain, Raymond, Dugan, Bohan, Gallagher, Dow, Phillips, Everett, Gillen, Brewer, Bull, Balmain, Smith, and many others of York.

J. T. Allen Dibblee, president of the board of trade presided, and he called on all shippers and dealers to make known their wishes. The Solicitor General and Mr. Farris briefly outlined the objects of the meeting. The government wished to learn the actual conditions and prospects for taking care of the potato crop which is this year estimated at a million barrels in this section.

B. Frank Smith, M. P. P., and Freight Agent Kirkpatrick made addresses, the former advising the farmers not to overdo the potato business, the latter promising more cars but pointing out the necessity of each farmer erecting a root house, which can be done at a cost of \$100. He said the C. P. R. could build no potato houses, but would arrange with others as best they could respecting sites and sidings. There was some prospect of entering the English market, but little probability of the West India market being feasible. Cars would be scarce in early fall. He would recommend the government to send capable men through the country urging farmers to build root houses and to furnish plans where necessary. Mr. Smith in the course of a long address, said every farmer should have his own storage facilities, that it would pay them to borrow the money, and if they had been thus equipped last winter they would have obtained 50 per cent. more for their crop.

Messrs. Palmer, Dugan, Tweeddale, Manzer and others spoke, after which F. B. Carvell moved a resolution calling upon the government to send experts at once over the counties to point out the gravity of the situation and offer reasonable advice as to building root houses, the furnishing of plans, etc. He thought it out of question to ask the government to build warehouses. They might as well ask them to build barns.

Mr. Porter, in amendment, moved that the government be asked to assist in building potato houses in central points. McCain characterized this as nonsense. Manzer, Dow, Gallagher and Smith, M. P. P., condemned the amendment, which was withdrawn, and one substituted to read that a committee be appointed to wait upon the C. P. R. and government to get assistance.

Mr. Smith spoke against the motion at length. The amendment was lost, only Smith, Porter, Munroe and half a dozen others voting for it. Porter, after Carvell's motion carried, moved that a committee of two from each county wait on the C. P. R. officials Friday re transportation facilities and rates. This motion carried.

On Friday morning the committee named by the chairman interviewed Messrs. Kirkpatrick and Tinker. Those present were Messrs Dugan, McCain, Burden, Ball, Manzer, Porter, Hall and Bernier. It was urged that more engines and cars be placed on this division and the officials promised to do what they could. Mr. Kirkpatrick frankly told the delegation cars would be very scarce in October. He warned the shippers to advise the farmers to put up root houses and thus be independent. The committee unanimously agreed that it would be impracticable to ask any government assistance towards building potato houses. The delegation retired greatly pleased with the assurance and advice given by Mr. Kirkpatrick.

MOTHERS' ANXIETY.

The summer months are a time of anxiety for mothers because they are the most dangerous months in the year for babies and young children. Stomach and bowel troubles come quickly during the hot weather and almost before the mother realizes that there is danger the little one may be beyond aid. Baby's Own Tablets will prevent summer complaints if given occasionally because they keep the stomach and bowels free from offending matter. And the Tablets will cure these troubles if they come. The wise mother should keep these Tablets always at hand and give them occasionally to her children. The Tablets can be given with equal success to the new born babe or the well grown child. They always do good—they cannot possibly do harm, and the mother has the guarantee of a Government analyst that this medicine does not contain one particle of opiate or harmful drug. Sold by all medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.
