EX-Governor of Wyoming Endorses Pe-ru-na.

As a Catarrh Remedy.

As An Excellent Tonic.

"I have such confidence in prominent personal friends who have used and endorsed Peruna that I feel justified in assuming that it is a valuable remedy for catarrh and an excellent general tonic."—

Responsible People.

PEOPLE occupying positions of high responsibility and trust are always very busy people.

They have little or no time to devote to side issues.

It is therefore very rare that such people are willing to write testimonials for anything.

Then again there is a natural diffidence in giving public endorsement to any commercial enterprise on the part of people who are much before the public.

Rare Endorsements.

It is thus that it is very rare that public officials, like governors, congressmen, consuls, senators, etc., give public endorsement to a proprietary medicine.

It is therefore a great triumph that Peruna has the unqualified endorsement of so many men in official position.

Scores of public officials of national reputation have enthusiastically declared in favor of Peruna in public print over and over again.

A Startling Fact.

There is no way to account for such a startling fact as this except that Peruna has extraordinary unusual merit.

After all, people high and low, are constituted very much alike.

Natural Enthusiasm.

When a person has been really helped in getting rid of some chronic malady, after other things have failed, it is quite natural for enthusiasm to lead people to make a statement of the fact.

For great services, gratitude is natural.

This is the only way that it can possibly be explained why it is that so many persons prominent in public, diplomatic and social life give testimony for Peruna.

Actual Benefit.

Peruna promptly relieves.

This is the explanation. Catarrh is a disease difficult to relieve. A great many of the doctors fail to relieve it.

Gratitude Results.

A few bottles of Peruna cure a chronic malady of many years standing and it is almost impossible to repress the natural feelings of gratitude which spring up.

Catarrh of Head and Throat.

Mr. Joseph Reiss, 3424 N. 14th street, St. Louis, Mo., writes:

"I had catarrh of the head and throat, but through the use of five bottles of Peruna and two bottles of Manain I was cured."

"I think that Peruna is the best tonic that I have ever used and I would advise all catarrhal sufferers to use Peruna."

Catarrhal Fever.

Mrs. W. K. Good, Broadway, Va., writes:

"When I was fifteen years old I had catarrhal fever and for nine years I have had catarrh of the head."

"Through neglect it went to my throat and nose. After consulting you I used Peruna for four months as directed, and I am entirely well and have my natural health."

"I cannot praise Peruna too highly. It will do all that it is recommended to do."

Pe-ru-na Relieves Catarrh.

Mr. L. CHFord Figg, Jr., 2929 E. Marshall St., Richmond Va., writes:

"As soon as I get a cold I send for a bottle of Peruna, and it soon drives it out of my system."

Despaired of Being Cured.

"For several years I was not entirely well, and despaired of ever being cured, as I had used numerous remedies that my friends advised. I doctored for two years without any improvement."

A Last Resort.

"As a last resort I tried Peruna, and am pleased to say that in a short time I was completely cured."

"I have not been troubled for over a year. I am pleased to endorse Peruna as it saved me a world of suffering."
