Garrison-Emery.

St. Peter's church, Jacksonville, was the scene of a very pretty and fashionable wedding last Wednesday afternoon when Miss Katherine Simonson Emery, daughter of the late Hamilton Emery, was united in marriage to Dr. Harry Beecher Garrison of Houlton. The ceremony was performed by the Rev. H. Goring Alder. The church which was filled with invited guests and other friends was tastefully decorated with autumn leaves, rowan berries, potted plants and cut flowers. The bride was charmingly attired in a dress of white silk with a veil caught up with orange blossoms and carried a bouquet of white flowers. She was attended by Miss Annie M. Kinney who wore white spotted net over yellow silk and carried a bouquet of yellow flowers. The bride was given away by her brother, LeBaron Emery. The groom was attended by Fred F. Harrison of Houlton. The ushers were Arthur Fisher of Woodstock cousin of the bride, and Harley Hannah of Jacksonville, cousin of the groom. Mrs. Frank Slipp presided at the organ.

After the ceremony a reception was held at the home of her brother, LeBaron Emery. The parlors were beautifully decorated for the occasion. A tasteful luncheon was served to about forty guests.

Mr. and Mrs. Garrison drove to Houlton where they took the Bangor & Aroostook for Moose Head Lake where they will remain some weeks. The bride's travelling dress was dark grey cloth with a touch of green, and a hat to match. The bride was the recipient of many beautiful presents in china, silver and cut glass.

The bride was one of the most popular young ladies in Jacksonville and will be very much missed by all.

Nurses Graduate.

The opera house was fairly well filled with friends of the hospital, on Friday evening, when the graduating exercises were held of the first class of nurses from the Carleton County Hospital. The following three young ladies have taken the entire course and were presented with their diplomas: Miss Alice Pearl Mitchell, Miss Rebecca McBeth Gamble, Miss Annie Isabella Gillis.

At 8:30 the seven white robed nurses entered the opera house amid applause and occupied the front seat. On the stage were His Worship Mayor Munro, who was chairman; the Revs. Dr. Kierstead, R. G. Fulton, H. G. Alder, A. H. Kearney, and Drs. Kierstead, Sprague and Rankin, Judge Carleton, U. S. Consul Denison, W. B. Belyea and others.

Speeches suitable to the occasion were made by His Worship Mayor Munro, Dr. W. D. Rankin and His Honor Judge Carleton.

After the Rev. Dr. Kierstead gave a scriptural reading and the Rev. R. G. Fulton offered prayer, the following musical program was rendered during the evening:

Solo—Mrs. (Dr.) Rankin.
 Quartet—Mrs. G. W. Gibson, Mrs. R. E. Holyoke, Mrs. H. Lockwood, Mrs. (Dr.) Kirkpatrick.
 Solo—Mrs. C. D. Richards.
 Solo—Mrs. Tilley Brewer.
 Dr. P. T. Kierstead then addressed the graduates and presented the diplomas.

The Rev. H. Goring Alder moved a vote of thanks to those who took part in the programme.

Refreshments were served by the Ladies' Auxiliary at the close of the meeting.

Fowler--Jonah.

A pretty home wedding was solemnized at the home of the bride's father Judeon E. Jonah, 291 Göttingen St. Halifax, N. S. on the evening of Oct. 1st, 1907 where his eldest daughter Adeline was united in marriage to George Rulofson Fowler, an employee of the Robb Engineering Co. of Amherst N. S.

The bride was attired in a delightful gown of cream silk with a veil of chiffon caught up by natural flowers and maiden hair fern.

Little Miss Ethel Jonah acted as maid of honor.

While the wedding march, as played by Miss Laura Baker, Dartmouth, was sounding joyfully through the parlours, the bridal party took their stand under an arch of ivy and white flowers and the ceremony was then performed by the Rev. J. H. Jenner, M. A., pastor of the North Baptist church, within the presence of thirty guests. Among those present from a distance were Mrs. Lewis A. Carvell, Lakeville, N. B.; Mr. and Mrs. Talmage Jonah, Amherst, N. S. and Mr. and Mrs. Abel Allen, Sackville, N. B.

After a short reception refreshments were served and several flashlights taken of the party.

Mr. and Mrs. Fowler took the 8:40 express that evening for Amherst where they will reside.

The bride received many valuable and useful gifts in silver, cut glass, furniture and cash, also a substantial cheque from her parents.

Mr. Fowler is the third son of Mr. and Mrs. Rulofson Fowler Lakeville N. B. and has many friends in his native country who join in wishing him and his bride a long life of happy prosperity.

POTATO PROSPECTS IMPROVING.

Dealers and Farmers Much More Hopeful.

About forty per cent of the potato crop has been dug and those turned out the first few days are in many instances of prime quality. The potatoes that were left in the ground have become toughened and show no further indications of rot. The yield is tremendous, taking good and bad ones together. While in most localities the percentage of rotten ones predominates, there are many farmers who have an abundance of marketable grade. Howe Campbell of Upper Brighton got 202 barrels of good potatoes from two acres and estimates that 100 barrels of rotten ones were left on the ground. This is the unprecedented yield of 150 barrels to the acre. Ernest Plummer, a wellknown Waterville farmer, is getting a trifle better than 100 barrels of good stock to the acre. A report comes from Silverdale that a farmer there has dug 500 barrels from five acres and knows no reason why his ten acres still undug should not yield equally well. There are instances brought to light by random enquiry Surely such reports contra-indicate a total failure of the crop. But on the other hand news reaches THE DISPATCH of farmers who are so discouraged that they are at their wits' end. Yet the worst report to hand is where the yield was thirty barrels of good ones to the acre. Even that will come close to paying the fertilizer bill.

The rot affects the white varieties only; the red kinds are without blemish. The farmer have the best call in the markets but dealers say anything in the shape of spuds will go, later in the season.

Those who have studied the cause of the rot conclude that it is primarily because the year was too favourable to the growth. The excessive moisture and the natural richness of Carleton County soil would have raised a good sound crop with little artificial fertilizer. In cases where the land was unusually rich, and still further dressed with artificial manures, the rot is most apparent. On high, gravelly soil, naturally unproductive, the condition of the crop is good. The most of the potato fields not worth digging are merely garden patches that have been made too rich. Yet of course there are some large fields that, in spite of all theories, present a discouraging outlook.

From the standpoint of both the farmers and the dealers the prospect this week is undoubtedly brighter than it has been at any time this season. For the farmers there seems a likelihood of an average of 50 or 60 barrels to the acre, and there is no reason to doubt that prices will go high. Few, if any, will be financially crippled from their plunge into the potato business, while many will be taught a salutary lesson, not to try to make a fortune in one year.

Individually some of the dealers have lost heavily. The first shipments were almost a total loss. Besides this the city buyers began to show a prejudice against New Brunswick stock. But, fortunately the poor shipments have been worked off and a favorable demand is coming this way. While the price will not ascend rapidly there appears to be a good chance of its going up steadily. Farmers are advised not to rush their stock in too fast, and above everything else, not to offer potatoes of doubtful keeping qualities.

From now forward the shipments will likely be heavy. Cars are being supplied at a satisfactory rate, the new ones recently turned out from the montreal shops being much in evidence.

New Telephone Company.

A large and influential meeting of those interested in the establishment of the Citizens Telephone Co. of Woodstock was held in the office of G. H. Harrison on Friday night. J. C. Hartley was called to the chair and A. D. Holyoke was appointed secretary.

The question of increased telephone rates was thoroughly discussed. Energetic committees were appointed to solicit subscribers and to make inquiries of cost of plant and the best system to be had.

About \$3000 was subscribed in stock at the meeting. Those present decided to apply at once for incorporation, and J. C. Hartley was appointed solicitor for the company.

The committee to solicit subscribers are Geo. E. Balmain, A. D. Holyoke, H. V. Dalling, and the committee on plant are N. F. Thorne, R. E. Holyoke and J. A. Lindsay.

A Promising Preacher.

The many friends of C. Frank Rideout of Middle Simonds will be glad to learn of his success in the ministry. Mr. Rideout has spent the summer on the Newport field in Hants county, N. S. During his short term there forty-four persons, old and young, have united with his church by baptism, and many others by letter. Quite a large number who professed conversion under his preaching, have united with other churches.

On the evening before going back to Acadia College the members of his church and friends gave a reception in Mr. Rideout's honour in the church, and after an appropriate programme had been carried out, of music, singing and recitations, one of the deacons in a complimentary speech presented Mr. Rideout with a purse of sixty dollars as a free gift in token of the love and esteem in which he is held. Also the young people of one section of the field presented a beautiful bible of the revised edition.

Mr. Rideout will supply the same church fortnightly from the College as it is only twenty five miles away and easily reached by train. He was ordained as its pastor on the 12th day of September.

Mrs. William Hamilton.

The death of Mrs. William Hamilton, Sr. took place last Friday morning at her so residence. For the last two years, she had been suffering from a complication of diseases but it was not until early spring of this year that she became critically ill. She gradually grew worse and during the last two months of her sickness there was no longer any hope entertained of her recovery.

There survive three sons, William and James who are carrying on the business established by their father on Main Street in 1856, Robert who is in Chilliwack, British Columbia; one daughter Mrs. D. E. Maloon of Lynn, Mass. There are also one brother Andrew Turnbull, and two sisters Mrs. Jameson and Mrs. Corbett, all residing in Scotland.

Mrs. Hamilton's maiden name was Christina Turnbull. She was born in Carron Shireshire, Scotland, on Sept. 22nd 1831. She was married in 1851 to William Hamilton of Greenock, Scotland, and came to this country a year after her husband in 1857, and lived in Woodstock ever since. Her husband died eight years ago.

Mrs. Hamilton was a charming woman and was loved most devoutly by her family and her friends. The unfeeling affection for her own bonnie Scotland, its songs and its spirit of its life and its church, made her a most interesting personality to all true Scotch folk. She had a strong character, but as kindly as it was good. She preferred to live among her few friends and with her own family, and cared nothing for aught else beside.

Her long sickness did not impair her cheerful spirit or drain her untiring energy to serve others. She was an old lady, but the community can ill afford to lose such an one as she.

The funeral was conducted by the Rev. G. D. Ireland at her sons' residence on Sunday afternoon, and she was buried in the Methodist cemetery. The pall bearers were Messrs. W. W. Hay, Robert Ross, Donald McKenzie and Abraham Clark.

John McKenzie.

The many friends of John McKenzie will regret to hear of his death which took place at his late residence, Maple street, at 1:30 Tuesday morning, in the 55th year of his age. Deceased was a native of St. John, and came to Woodstock about 25 years ago, where he has ever since conducted a carriage painting business.

Mr. McKenzie met with an accident about two months ago which confined him to his home until last Friday when he went out for a walk, but overestimating his strength he had to be assisted home. Although he received the best of care and medical attendance, a complication of diseases had so reduced his system that he never rallied.

Deceased was a member of the Episcopal church and a prominent Mason. He was also a member of the I. O. F.

He leaves a widow, who was a Miss Gould, and one daughter by his first marriage, Mrs. E. S. McNutt, of Yarmouth, N. S., and one sister, Mrs. Robert Nelson, of St. John.

The funeral will be held on Thursday afternoon under the auspices of the Masonic order.

BABY AND MOTHER.

A few doses of Baby's Own Tablets relieves and cures constipation, indigestion, colic, diarrhoea and simple fevers. The Tablets break up colds, expel worms and bring the little teeth through painlessly. They bring health to the little one and comfort to the mother. And you have the guarantee of a government analyst that this medicine does not contain one particle of opiate or poisonous soothing stuff. Mrs. C. F. Kerr, Elgin, Ont. says: "Baby's Own Tablets is the best medicine I have ever used for stomach and bowel troubles and destroying worms." Sold by all medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

LAST WEDNESDAY afternoon the young people living just below town animated with the desire to do some thing laughable to show their appreciation of the advent of two fine days, were sized with the happy idea of having a corn roast on Clowe's Island. A large boat loaned by one of the first Americans canoed the party in safety to the island. The varied methods of roasting the corn impaired in no way the appetites of the picnickers and after doing ample justice to the many good things provided by the ladies of the party the whole repaired to the residence of Capt. and Mrs. J. S. C. Wetmore where dancing terminated a very pleasant evening. Among those present were the Misses Laura Davidson, Anna Griffith, Dollie Griffith, (Boston) Billy Lister, Ethel Bull, Fannie Smith, Ethel Dunn and Annie Wetmore, Reg and Thad Dibblee, Gordon Bull, Newman Griffith, Norman Bull, William Wetmore and Capt. Bull.

The ladies of St. John's Church intend having a Harvest Supper in the Orange Hall, Richmond Corner on Wednesday Oct. 16th. Supper from 5.30 p. m. Tickets 50cts and 20cts.

The C. P. R. will put in a new bridge at Upper Woodstock to replace the present structure. The foundation of the piers, which will be of concrete, will be put down this fall while the water is low so that operations can be commenced early in the spring. The superstructure will be of steel.

Pickling Spices and Pickling Vinegar at H. G. NOBLE'S.
