Know-How Workmen
Insure Economy.

No loss of time in experimenting if the workmen know their business. No waste of material if they know how to figure. No loss from unreasonable repairs. The way to do the best plumbing is to have men who know how to do the work.

Catarrh

To prove unquestionably, and beyond any doubt, that Catarrh of the nose and throat can be cured, I am furnishing patients through druggists, small free Trial Boxes of Dr. Shoop's Catarrh Cure. I do this because I am so certain, that Dr. Shoop's Catarrh Cure will bring actual substantial help. Nothing certainly, is so convincing as a physical test of any article of real, genuine merit. But that article must possess true merit, else the test will condemn, rather than advance it. Dr. Shoop's Catarrh Cure is a snow white, healing anesthetic balm, put up in beautiful nickel capped glass jars at 50c. Such soothing agents as Oil Eucalyptus, Thymol, Menthol, etc., are incorporated into a velvety, cream like Petrolatum, imported by Dr. Shoop from Europe. If Catarrh of the nose and throat has extended to the stomach, then by all means also use internally, Dr. Shoop's Restorative. Stomach distress, a lack of general strength, bloating, belching, biliousness, bad taste, etc. surely call for Dr. Shoop's Restorative. For unaccomplished catarrh only of the nose and throat nothing else, however, need be used but

Eating Meat on Friday.

It is said that an agitation has begun in certain parts of the old country to have a large petition forwarded to the Holy See to have the law of abstinence from meat on Friday changed to that of abstinence from all intoxicating liquor on that day. Some distinguished moralists, and even eminent prelates, as the Archbishop of Dublin, are said strongly to favour this scheme, since they claim that such total abstinence for even one day out of the week would be of great service towards restraining those already on the downward grade. In an age when penance and austerity already seem vanishing among the multitude, we would be inclined to believe that the addition of the proposed law would conduce more to Christian self-denial than its substitution for the already existing law of abstinence from meat on Friday. Even if the Holy See should remove the present legislation, it is hard to doubt but it would take a generation or two to make the average Irish Catholic eat meat on Friday with a quiet conscience.—St. John Freeman.

They Make You Feel Good.

The pleasant purgative effect experienced by all who use Chamberlain's Stomach and Liver Tablets, and the healthy condition of the body and mind which they create makes one feel joyful. Price, 25 cents. Samples free at All Dealer's drug stores.

A Remarkable Record.

To the versatile Lady Tweedmouth has fallen the unusual but happy experience of living to see not only her first-born a cabinet minister, but also her daughter and that daughter's daughter the wives of important members of the same Administration. Surely an unique record! These ladies are the Countess of Aberdeen, wife of the Eord Lieutenant of Ireland, and Lady Majorie Sinclair, whose husband is the popular Scottish Secretary. Another daughter of Lady Tweedmouth was Lady White Ridley, wife of a former Home Secretary, whose premature death some years since occasioned great regret. Lord Tweedmouth's only son, Capt. the Hon. Dudley Majoribanks, has been for the past two years Military Secretary to the Earl of Selborne.

Stomach troubles, Hears and Kidney ailments, can be quickly corrected with a prescription known to druggists everywhere as Dr. Shoop's Restorative. The prompt and surprising relief which this remedy immediately brings is entirely due to its Restorative action upon the controlling nerves of the Stomach, etc.

American Ostrich Farms.

The recent establishment of the Los Angeles Ostrich Farm within the city limits of Los Angeles gives California four ostrich enterprises—the others being at San Diego, South Pasadena, and San Jose. The initiative in the ostrich industry was taken about thirty years ago by Dr. Sketchley, who established a farm at Anaheim. Later on other men imported birds, and assisted in establishing the business. The greatest development of the business has been in Arizona, where there are at present over 2,000 birds. Their product of feathers has been sold principally to New York manufacturers. There is a tendency on the part of the ostrich feather growers to combine their efforts in building up the industry, and in this way give to the South-West a distinct industry characteristic of its climate and sunshine. At the present time fully \$12,000,000 worth of ostrich feather goods are sold annually in the United States, and of this amount California has sold approximately \$200,000, which proves that there is ample field for the California producers to enlarge their business.

Trial Catarrh treatments are being mailed out free, on request, by Dr. Shoop, Racine, Wis. These tests are proving to the people—without a penny's cost—the great value of this scientific prescription known to druggists everywhere as Dr. Shoop's Catarrh Remedy. Sold by all druggists.

A man in Uxbridge, Ontario, who believes in the old saying, "See a pin, pick it up, and all day long you'll have good luck," one day recently saw a pin on the street. As he bent down to get it, his hat tumbled off and rolled in the mud, his eye-glasses fell and broke on the pavement, his braces gave way behind, he burst the button-hole on the back of his shirt, and he lost his new front teeth. But he got the pin.

Adam J. Beveridge.

The death of Adam J. Beveridge took place on Sunday, Sept. 29, at 6 p.m., at his home in Andover. The deceased had been in failing health for the past year, and had practically retired from business. He spent last winter with friends in the west and was able to be around during the summer. He attended service at the Presbyterian church the Sunday previous to his death, and was taken suddenly ill on the Monday following. He passed peacefully away in the 82nd year of his age.

Mr. Beveridge has been a familiar figure in this section of the province, where he has spent the greater part of his life. He was one of the pioneers of Victoria county. He had been all his life actively identified with the lumbering and agricultural interests of the county. In his business relations with the first settlers of the county he acquired a fair knowledge of the French and Indian languages, and was popular with all classes of the community. He was honorable in his dealings, obliging in his disposition, a good neighbour.

He was born on Dec. 23rd, 1826, in Fossaway, Scotland, a son of William and Amelia Beveridge. He came out to this country in 1841 on a vessel called the John Carr which, after a passage of forty-seven days, discharged her passengers in St. John on May 17. Mr. Beveridge stayed in St. John for a few days with Robert Keltie who at that time carried on a brewing business where Messrs. Jones are now. Later he joined his half brother, Benjamin Beveridge, at what is now known as Perth.

He was twice married. His first wife was Amanda M. Murphy whom he married in 1848. They continued to live at Tobique or Anderson till 1851, when they moved to St. Francis. In 1864 they moved to Arthurette where Mrs. Beveridge died in 1873. In 1876 he married Mrs. Aaron Murphy. There are five children living, all by the first wife—Robert K., of Victoria county; Benjamin, Mrs. John Garnahan, of Vancouver; Mrs. George W. Kinney, of Fort Fairfield (Me.), and H. W. Beveridge. He served for years as a leading member of the county council; in 1895 was elected to the house of assembly where he sat for one term. He moved from Arthurette to Andover in 1882 and took over the business of Beveridge Bros., which he carried on very successfully till the time of his death.

He was a thorough Scotchman, well versed in Burns' poetry and Scottish literature, a member of the Presbyterian church and of the Masonic fraternity. He was a Liberal in politics. He was buried with Masonic honors in the Baptist burying ground, Rev. Mr. Pringle officiating. The bereaved family have the sympathy of the community.

Chief Justice Tuck and J. N. W. Winslow took tea with him on the evening preceding his death. About midnight he was taken suddenly ill and died before daylight. His faculties were unimpaired to the end.

How Autos Are Controlled in Massachusetts.

The Highway Commission of Massachusetts has made an example of one persistent offender against the law in that State for the regulation of automobiles. The Commission has revoked the offender's license, and cancelled the registration of his car. Thus the car is put out of business, and the owner is denied the privilege of driving his own or any other auto.

That is the sort of penalty which is felt. That is one of the forms of punishment which should be imposed, in cases calling for exceptional treatment, in this country.

Quinsy, Sprains and Swellings Cured.

"In November, 1904, I caught cold and had the quinsy. My throat was swollen so I could hardly breathe. I applied Chamberlain's Pain Balm and it gave me relief in a short time. In two days I was all right," says Mrs. L. Cousins, Otterburn, Mich. Chamberlain's Pain Balm is a liniment and is especially valuable for sprains and swellings. For sale by All Dealers.

A Good Physician.

"The best doctor in disease is an insurance policy." I have taken this bit of philosophy from an insurance company. At first sight the statement strikes one as a "flam"; but when one gets nearer to the marrow of the matter, it does not seem so far-fetched or overdrawn, says the Insurance Agents' Review. There is no mistake about it—and all doctors will confirm this—a sick man has an infinitely better chance of getting better if his mind is easy. When a man lies ill on his back in bed he has nothing to do but think. It is of no use telling him not to think; he cannot help it. He must think about something. If his thoughts are dull and dreary, their effect upon his physical health will be bad. If, on the other hand, his thoughts are bright and cheery, they will be beneficial and help his recovery.

PILES

Dr. Chase's Ointment is a certain and guaranteed cure for each and every form of itching, bleeding and protruding piles. See testimonials in the press, and ask your neighbors about it. You can use it and get your money back if not satisfied, 60c. at all dealers or EDMANSON, BATES & Co., Toronto.
DR. CHASE'S OINTMENT.

GENUINE COCOA BEANS

Pure Chocolate is made exclusively from the kernel of the cocoa or chocolate nut.

The only positive way to avoid frequently adulterated forms and to procure the pure article is by personally selecting genuine cocoa beans and grinding them yourself, which we do.

This explains why the coating on our bonbons is so much richer, finer flavored, why it's wise to insist on
