A Growing Business.

Not everyone who happens to step into the neat drug store of the Estey & Curtis Co., Limited, at Hartland, for the purchase of a bottle of liniment or a box of pills is aware of the big business that concern carries on. The retail department is familiar enough without describing it, any further than to say there is no nicer drug store north of Woodstock and it compares favorably with those of the shiretown.

The Companies chief business is in their wholesale department, for they do a very large trade in many lines that they do not retail. For instance besides the usual line of drugs, medicines and sundries they are wholesales in stationery, school books, and fancy goods, toys and games especially for the Christmas trade; also a full line of confectionery including the finest chocolates.

The Companies line of proprietary medicines, the "Imperial Remedies" and its unequalled National Stock Food, are in themselves a big business.

Wm. H. Drake represents the firm on the road and covers the territory from Fredericton northward to the province of Quebec, making the trip every six weeks.

The success of the firm is due to the spirit of progress that the manager, S. S. Miller, displayed from the start, now eleven years ago. Frank A. Aiton, the dispensing clerk is a graduate of the Ontario College of Pharmacy and held several diplomas from optical concerns. He is a member of the N. B. Pharmaceutical Society. Roy Cameron has also been with the firm ever since its infancy.

Halden Sipprell is regularly employed in the packing and shipping department. Two young women are also kept busy in this department.

The Estey & Curtis Co. is doing a big business, employs half a dozen people at good wages, and is a good thing for the village of Hartland.

A few days ago Joseph McGee, of Somerville, missed a number of chickens from his hen roost. He searched for them and found their bloody remains—six heads and a lot of feathers—down by the river, and evidences pointing to some persons having had a feast of the edible portion of them. Lest some persons might put two and two together and make an untruth it may be said that the "chicken roast" enjoyed recently by some young people of Hartland occurred some days previous to the disappearance of Mr. McGee's fowls.

Hartland W. C. T. U. has secured for one evening Mrs. J. K. Barney, National Prison Evangelist, of Providence, R. I., a lady of large experience and world wide reputation. She will speak in the large United Baptist church here on Monday evening, Oct. 14, at sharp 8. Silver collection. All come and hear some of her striking experiences.

town, and among other objects he placarded was the Baptist church, on which he posted a flaring sign. One of the young lady members of the congregation chanced to pass that way and walked valiantly up and tore the offensive advertisement down.

Little Ruth Sipperell is very ill with appendicitis.

Mrs. T. J. Carter, of Andover, has gone to Norfolk Va., to spend the winter with her sister, Mrs. Paul Taylor. These ladies are daughters of George R. Burt.

Two weeks ago William Orser and Lucretia Shaw were married at the home of the brides father, Bell B. Shaw, Esq., at Carlisle. Also on the same day, Arnold Crabb and Grace Jordan were united in matrimony at the same place.

Mrs. Ida Mills of Boston has been the guest of her aunt Mrs. Sanford Ingraham at Simonds.

Mrs. Amanda A. Boyer left here on Thursday to make her home at Enderby B. C. where her sons, Waldon and Hartley are. Mrs. Boyer will be greatly missed from the village where she has resided for a dozen years or more.

Mrs. Robert Currie of Douglas, York Co. has been visiting friends in Hartland. She was formerly Miss Clara Johnson.

Ethel, the 16 year old daughter of Joseph L. Thornton, was taken suddenly ill on Wednesday and for some time it was feared she would not recover. She has been subject to severe attacks of heart trouble. Today she is reported better and her friends have a reasonable hope of her complete recovery.

Robert Caldwell, Woodstock, was the guest of his cousin, Charles Gillin, this week.

On Monday at Hartland and at Florenceville the dealers were paying for hay, loose, \$8.00; oats, 40c.; buckwheat, 30c.; potatoes, 80c.; butter, 20c.; eggs 20c.; pork 8c. Farmers are advised not to bring potatoes to market in too large quantities at the present time. The outlook in all lines, especially potatoes, hay and oats, is for higher prices. Buckwheat will likely be cheap.

About Former Carleton Co. People.

From the Sprague's Mills correspondence of the Fort Fairfield Review is clipped the following paragraph regarding former residents of Somerville and Windsor:

J. Harvey Simonson started for Riverside California, on Monday. Mr. Simonson has been a citizen of Easton for a number of years. He accumulated some money on his farm in Presque Isle, and sold out and came to Spragues Mill and built a steam mill. A few years later he lost his mill by fire. Then he rebuilt and ran on in a successful way till this summer when he had the misfortune to lose his property by fire again. This is enough to discourage any young man. So he squared up his accounts and seeks his future home in the West.

Mrs. Julia Simonson left the latter part of last week for Houlton, where she intends making her home for the present with her daughter Mrs. H. P. Stevens.

Ira Foster and Lucy B. Foster were granted a divorce at Houlton recently. Mrs. Foster is a daughter of Ephraim Burlock of Somerville and Foster is well known in this vicinity, his father living at Mt. Pleasant.

BADLY RUN DOWN

Through Overwork--Dr. Williams' Pink Pills Restored Health and Strength.

Badly run down is the condition of thousands throughout Canada—perhaps you are one of them. You find work a burden. You are weak, easily tired, out of sorts, pale and thin. Your sleep is restless, your appetite poor and you suffer from headaches. All this suffering is caused by bad blood and nothing can make you well but good blood—nothing can make this good blood so speedily as Dr. Williams' Pink Pills for Pale People. These pills never fail to make rick, red, health-giving blood. Mr. H. R. Reed, Quebec city, says: "About twelve months ago I was all run down as the result of overwork. My doctor ordered me to take a complete rest, but this did not help me. I had no appetite, my nerves were unstrung and I was so weak I could scarcely move. Nothing the doctor did helped me and I began to think my case was incurable. While confined to my room friends came to see me and one of them advised me to try Dr. Williams' Pink Pills. I did so and soon my appetite improved; my color came back and in less than a month I was able to leave my room. I continued the pills for another month and they completely cured me. I am now in the best of health and able to do my work without fatigue. I feel sure that all who are weak will find renewed health and strength in Dr. Williams' Pink Pills. They certainly saved me from a life of misery."

When Dr. Williams' Pink Pills make new blood they go right to the root of and cure anemia, rheumatism, St. Vitus dance, kidney trouble, indigestion, headache and backache and those secret ailments which make the lives of so many women and growing girls miserable. Sold by all medicine dealers or by mail at 50c a box or six boxes for \$2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.
