

HARTLAND and VICINITY.

Hartland office in charge of Fred. H. Stevens, at Thistle's Jewelry Store, where orders for Advertising, Printing and Items for publication may be left.

Horace R. Nixon has bought from W. S. Henderson the lot where stood the store and dwelling he occupied at the time of the fire and will put up a large building as soon as material can be secured. The lot has a forty foot frontage on the street and extends to the river. Until he can get into a store of his own Mr. Nixon will occupy the second flat of McAdam's new building, Main St.

H. N. Boyer is putting up a building near the bridge which will be occupied by A. S. Perkins, granite cutter.

George S. MacLaughlan, the printer, is the first to put up a new building since the fire. He has constructed a new office near his residence and will do job work.

The N. B. Tel. Co. lost by the fire to the extent of several hundred dollars. The cable leading to the central office was severed and all the wires on Main street were so hopelessly tangled the line had to be entirely reconstructed.

The C. P. R. sidings have been lengthened so that the car accommodations have been increased about one half, and a new loading wharf will facilitate the handling of produce.

T. J. Hurley has sold out his store and dwelling to Ziba Orser whose residence and hardware stock were burned in the fire.

Caretaker J. D. Shaw has lately replaced with new lumber the rotten planking in the bridge floor.

Amasa Plummer is erecting a large tenement just south of the bridge. It will be a nice looking building with accommodations for three families.

Upon opening their safes after the fire Keith & Plummer and H. R. Nixon found the contents intact.

Never in the history of sheep-growing have lambs brought as good prices in Carleton county. A good, well-developed lamb will bring \$5 or more.

The corporation drive passed Hartland on Saturday on its last trip for the season.

Mrs. Annetta Tracy has returned from New York, called here sooner than she intended to come by the burning of her store in the late fire.

Sylvester Phillips and wife of Spokane, Wash. are visiting friends in the county. He formerly lived at Bath but has been in the west for twenty years.

Mrs. Horace R. Nixon has returned from Lowell, Mass.

Miss Inez Bradley is spending a few weeks at Shediac.

Mrs. C. H. Clapp, of Boston, is visiting her parents Mr. and Mrs. Albert Orser.

George L. Holyoke, Woodstock, was in town on Thursday.

Mrs. Harry N. Dickinson of Perth was visiting her sister Mrs. Granville Nevers here and her brother Miles Rideout at Somerville last week.

Mrs. D. H. Armstrong of Andover was called here last week by the illness of her mother Mrs. William Hallett who is stopping a while at her old home at Upper Brighton.

The Misses Lugin of Victoria, B. C., who are spending the summer at St. John were last week the guests of their uncle H. M. Stevens at Somerville, and their friend Miss Bessie Shaw at Victoria Corner. The elder Miss Lugin is engaged as soprano soloist at Trinity church, St. John.

In a little three-cornered room on a back street, with its front door opening towards Cloverdale, sits Postmaster Barnett. This room is not a jail cell, but it looks like it, except that the space for the accommodation of the public is not nearly so commodious as the corridors of the county jail. It is, however, the best accommodation available for His Majesty's mail and no one is to blame that Hartland's post office is quartered in so inconvenient a place save the man that touched the match. The question now agitating the people is, How long must we wait for a public building? It is not a new question. Nearly two years ago a petition signed by the village people was forwarded to F. B. Carvell, M. P., to be sent to the persons in authority to grant us a government building, but nothing has been heard from it. Now the need is pressing and a building more suitable must surely be secured. Will the Government provide it?

Most all the insurance claims in the late fire have been settled. The Atlantic Mutual was the first to make payment.

At a recent meeting of Court Walostock, I. O. F., it was decided to accept the offer of Hagerman & Baird for the purchase of the Foresters' hall. Negotiations have since been concluded. The new owners have fitted the lower floor up for a waterroom for farm machinery and carriages. This was formerly used for a skating rink and hall for public entertainments. It is their intention to fix over the second floor so that it can be used as a small hall for lodge purposes, or when folding doors are thrown open an auditorium seating several hundred will be available. The Foresters' will continue to hold their

meetings there.

Principal H. F. Perkins, who resigned charge of the Hartland high school at the close of the last term, will leave here for Prince Albert, Sask., on Wednesday. He takes charge of the high school in the western town of which John Barnett, jr., of Hartland, was until recently principal. Mr. Perkins' efforts here during the past three years have not been without their reward in a full measure of appreciation. Both he and family will take with them the good wishes of the community. This vacancy on the teaching staff nor one in the intermediate department has yet been filled although applications are filed for both situations.

H. H. Hatfield, of Middle Simonds, is building a large potato house between Richardson street and the railway. The matter of storage of potatoes has been causing some concern and Mr. Hatfield's enterprise will assist to relieve the situation.

Miss Jennie Hamilton of Perth is visiting her sister, Mrs. Elverson Hallett.

"Tim" Fields and Charles Britton of Woodstock were here last week repairing the fire damage in the N. B. Tel. Co's central office as far as paint and paper can do it.

G. H. Campbell and family of London, Ont. have been visiting his parents, Mr. and Mrs. A. F. Campbell.

Mrs. A. W. Rideout, wife of the proprietor of the Commercial hotel, is slowly regaining her health after months of serious illness.

It is said the blueberry crop is going to be good. It is three years since any of the fruit has shown up in the local market.

If it rains on St. Swithin's day, according to the old whim, it will continue to drizzle for forty days. But when the day is fair appears not to be a guarantee of fine weather for there has been a second deluge since July 15, which was St. Swithin's day, and fair.

Julius Meyer who lost his household goods in the fire has moved to Andover, having been unable to get a rent here.

Last week's rain raised the river five or six feet.

The Rev. E. J. Webber, the new pastor of the Methodist church, preached his first sermon here on Sunday evening from Matt. 11-2-3. There was a large attendance and special music. Mr. Webber labored in Prince Edward Island prior to his coming here.

It has been held by many that all the buildings on the west side of Main street encroach upon the highway. It is hoped that if this be true the new buildings to be erected in the buruc district will be set back, for the streets always have been too narrow.

H. D. Keswick has again engaged as clerk with J. T. G. Carr.

J. Harvey Simonson, who went from this county to Aroostook ten years ago and who has been engaged in milling at Sprague's mills for some time, lost his lumber and grist mill by fire on Wednesday night. Three years ago he was burned out in like manner, except that then they had no insurance. His later loss is partially covered.

Come Come Come

GRAND FALLS!

The United Baptist Sunday School will have their annual

EXCURSION!

AUGUST 15th, 1907.

No better spot in Canada for a day's outing than Grand Falls. Where such grand and interesting scenery? The Falls second only to Niagara. The wonderful natural wells drilled in the solid rock, some of which are six feet in diameter and forty feet deep. See the "Giant's Coffee Mill."

Do you like fishing? Take your rod and within ten minutes walk from the falls cast your fly in Little River, one of the famous trout streams of N. B.

A rare opportunity and one never before enjoyed by excursionists will be the privilege of visiting the Dominion Fish Hatchery at R. De Fenme. Arrangements are being made by which train will stop here giving anyone time to visit this interesting industry, and see fish life from the egg to the grown fish.

Everybody come. Best of order will be maintained. Special officers will accompany the excursion.

Trains will stop at all way stations for passengers.

Train leaves Woodstock at 7.30 a. m.

Returning leaves Grand Falls at 6.00 p. m. arriving at Woodstock about 9.00 p. m.

Excursion will run rain or shine, for while it might be raining in Woodstock, the weather at Grand Falls might be fine.

Tickets \$1.25; Children 75c.

Call early at the store of C. R. Watson for your tickets.

ALL WEAK WOMEN.

Will Find New Health and Strength in Dr. Williams' Pink Pills.

The weak woman can depend upon it that her blood is out of order, for if her blood is rich and pure she will be strong, healthy and happy. Bad blood is the cause of nearly all the aches and pains from which women suffer. Keep the blood rich and red by the use of Dr. Williams' Pink Pills and suffering will not exist. Mrs. James R. Kratz, of Jordan Station, Ont., has tested the value of these Pills and strongly advises other women to use them. She says: "For more than a year I was a great sufferer from weakness. I was completely worn out. I lost flesh; could not rest at night, and in the morning I arose more tired than on going to bed. I had taken doctors treatment with no benefit. I grew worse day by day and was beginning to look upon my case as hopeless when I was advised to try Dr. Williams' Pink Pills. To my great joy before I had taken the pills a month they began to help and by the time I had taken eight boxes every symptom of my trouble had left me and I was once more enjoying perfect health and strength. I look upon Dr. Williams' Pink Pills as a veritable life saver and never lose a chance to recommend them to my friends."

The success of Williams' Pink Pills is due to their power to make new, rich red blood. This new blood strengthens the nerves and gives nourishment to all the organs of the body, thus curing anaemia, indigestion, neuralgia, rheumatism, nervous debility, headache and backache, and all the secret ailments of girlhood and womanhood. The Pills are sold by all medicine dealers or may be had direct at 50 cents a box or six boxes for \$2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.

Reports from all sections of the county say there will be an unusually heavy crop of hay. It is getting old now and unless it stops raining soon there will not be a ton of it fit for market. Some fields have been lying cut for ten days, but most of the farmers have not yet begun. It was feared the wet weather would seriously affect the potatoes but so far little damage is reported.

Testimonial to B. F. Smith, M. P. P.

Last week a request signed by forty or more ratepayers of the village was sent to B. F. Smith, M. P. P., asking him to address a public meeting in Burt's hall at Hartland on Saturday night. C. J. Connolly presided at the meeting which was largely attended, and C. E. Morgan read an address signed by over fifty voters. The purport of the address was a commendation of his efforts in the county's interests at Fredericton and concluding said: "We regret the recent efforts that have been made to discredit you as an honorable citizen and we convey to you our faith in you as a man of honor and integrity; an upright citizen worthy of the trust and confidence of your neighbours and fellow citizens." Mr. Smith expressed his gratitude and pleasure at this testimonial and spoke at length on political lines.

Addresses were made by J. K. Fleming, M. P. P. and Mayor Munroe of Woodstock. The latter took occasion to say that it was the intention of the town he represented to make no charge for the assistance it gave at time of the fire.

Committed for Forgery.

Oddon Major, a youth well on in his teens, son of James Major who lives a mile below the village, was on Wednesday committed to the county jail to await trial for forgery. Major has developed a bold young schemer. He worked two days at J. K. Fleming's mill and on July 17th was given a bill of his time and an order on Fleming for \$2.00. The order was signed by Milberry & Milberry who operate the mill. It was written in pencil and Major deftly erased the figure 2 and inserted \$18. So far, so good; Major was making easy money. With creditable ingenuity he fashioned another order for the modest sum of \$8 which was such a business-like document in appearance that Reed Chase had no suspicion of fraud when the young chap asked him if he would accommodate him by cashing it. He picked out \$8 and after presenting the order to Mr. Sherwood who suspected nothing, agreed to redeem it. Things were coming Major's way, but like many another he was not content and must needs slay the goose that produced the golden eggs. He wrote out a third order, presented it to Mr. Fleming in person, and thereby undermined his air castles. Mr. Fleming investigated matters and was grieved to find the boy a dishonest one. The mechanism of the law was set in motion, Deputy Sheriff Foster arrested Major and Justice Barnett found the case one for the supreme court to deal with.

THE STEPHENSON HOUSE.

All Modern Improvements. Permanent and rancient Boarders.
MISS STEPHENSON, Proprietor.
Queen Street, Woodstock, N. B.

THE GEO. W. GIBSON CO. LIMITED.
