C. M. Sherwood has a large number of teams hauling sawed lumber from his saw mill to Florenceville and delivering for the local trade. It seems to be quite difficult to get cars at Florenceville. A PRETTY MILKMAID

Thinks Pe-ru-na Is a Wonderful Medicine.

MISS ANNIE HENDREN.

MISS ANNIE HENDREN, Rocklyn, Wash., writes: "I feel better than I have for over four years. I have taken several bottles of Peruna and one bottle of Manalin. "I can now do all my work in the house, milk the cows, take care of the milk, and so forth. I think Peruna is a most wonderful medicine. "I believe I would be in bed to-day if I had not written to you for advice. I had taken all kinds of medicine, but none did me any good. "Peruna has made me a well and happy girl. I can never say too much for Peruna. Not only women of rank and leisure praise Peruna, but the industrious, useful women engaged in honest toil would not be without Dr. Hartman's world renowned remedy. The Doctor has prescribed it for many thousands women every year and he never fails to receive a multitude of letters like the above, thanking him for his advice, and especially for the wonderful benefits received from Peruna.

week, the following jury was chosen:

- James Watson, Joseph Palmer, Frank Burpee, William Hayden, Elisha Palmer, G W Melville, Fred Britton, Allison Shaw, C R Carman, Howard Clark, David Alexander, John Emery.

After being out two hours and three quarters the jury returned and by their foreman G W Melville said they could not agree, that they stood 9 for acquittal and 3 for conviction, and there was no possibility of their coming to an agreement. They were then discharged and Mr Smith gave bail in the sum of \$200 to appear at the next county court.

A Dutchman's Honeymoon.

"A Dutchman's Honeymoon" which comes to the Opera House next Friday evening July 19th has been pronounced by press and public "the laughing event of the season." The fact that they have played a large number of return engagements emphasizes the statement that the performance is all that is claimed for it. Prominent in the cast are a number of well known and popular artists among whom will be found:— Robert T. Parkinson, late comedian of Klaw and Erlanger's "A Gingerbread Man", Bohme and Falardeaux, whose singing and dancing has won them enviable reputation, Miss Annie Lee, recognized as one of the foremost character women in the profession, Mac Regart, vocalist, and others of equal standing in the theatrical world. The comedy is liberally interspersed with musical numbers, singing and dancing, while the situations and dialogue are laugh provoking in the extreme. It is without doubt the laughing event of the season.

The Dunbar Industry.

(Fredericton Gleaner.)

As yet the city has received no definite reply from the Alexander Dunbar Machine Company, of Woodstock, relative to their removing their plant to this city.

It has been learned, however, from a reliable source, that if the company does decide to amalgamate with the firm of McFarlane, Thompson & Anderson, of this city, it will still continue to have a business in Woodstock, and will not remove its entire plant to this city.

This will be caused by the fact that the firm has considerable valuable property at Woodstock. Senator Thompson, of this city, and Mr. Dunbar, sr., are still working on the question, but as yet no definite decision has been arrived at.

The Line Stores Closed.

That we, one day, would be able to write the above headlines we have never doubted. That the proposition to close should come from the parties who were operating the store we had never thought of but this is what came to pass. John Thompson who had occupied the Chandler buildings for twenty years or more made the proposition June 13th, that if Wise, who was occupying the Thibadeau buildings just across the way, would close up shop and go out of the business he would. A short consultation with Wise brought the confession and promise that the day Thompson closed he would be obliged to, and would. The Thompsons turned the key in their door Saturday June 15th.

Early the following week Wise offered terms to surrender to the Custom House force of this town and they were accepted, and today we have no liquor stores on our border.

The buildings are a half mile from the line and were built and are now used as farm buildings. Collins is running what we would call on this side of the line, a kitchen bar room. He is a bad one and his stay at this place ought to be short.—Houlton Times.
