The Farmer's Telephone Company with headquarters at Windsor is soon to apply for incorporation. The organization consists of eighteen staunch men of Windsor, who have subscribed capital and already have a line from South Knowlsville to Hartland, with twenty subscribers. At Hartland they have connection with a private line on which are the physician's offices, Estey & Curtis' drug store, F. A. Aiton, and H. N. Boyer; also Joseph McGee, Somerville. It is the intention of the new company to extend their line down the east side of the river to Woodstock and wherever else a sufficient number of subscribers are secured to warrant them in making the extension. The N. B. Telephone Co. has a line to Windsor but it is in poor condition and the service is so incomplete that the farmers in that well-to-do section have decided to cut the old company out.

A FISHERMAN'S LUCK

Weak, Worn and Almost in Despair
When Dr. Williams Pink Pills Came to His Rescue.

"My strength was almost gone, my breath very short and I could hardly walk. I used many remedies but they did not help me. Finally a friend advised me to take Dr. Williams Pink Pills. I did so and to-day, thanks to the pills, I am a perfectly well man."

This very emphatic statement is made by Mr. R. L. Porter, of Maitland, N. S. Mr. Porter is a fisherman, and naturally a hard working man, subject to much exposure. He further says: "I was in a state of debility and bloodlessness. Sometimes I could attend to my work, but often was too weak and miserable to do so. I was wakeful and restless at night, and could not eat in the morning. I was trouble with pains in my back and shoulders, sometimes I could hardly straighten up. Then indigestion came to add to my misery, and my condition was one that made me almost hopeless. I tried several medicines—but in vain. Then one day a friend said why don't you try Dr. Williams Pink Pills? I tried them and I shall always be grateful for them. In a short time I began to regain my health. I could eat better, and could eat any kind of food. My strength returned. I could attend to my work. I was perfectly well again, and this is actually due to Dr. Williams Pink Pills."

Dr. Williams Pink Pills build up the strength and drive out disease in just one way—they actually make new red blood. That is all they do, but they do it well. They don't act on the bowels—they don't purge and weaken like common pills. They don't bother with mere symptoms, they go right to the root of the blood. That is why they cure anaemia, with all its headaches and back-aches, and dizziness and heart palpitation. That is why they cure indigestion, rheumatism, neuralgia, St. Vitus dance, general weakness and the special ailments that growing girls and women do not like to talk about even to their doctors. But you must insist on getting the genuine pills with the full name "Dr. Williams Pink Pills for Pale People" on the wrapper around each box. Sold by all medicine dealers or by mail at 50c a box or six boxes for \$2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.

Our Mr. Aiton is a graduate from two Optical institutions and thoroughly understands the all-important matter of fitting the lenses. Cheap, ill-fitted glasses will make your sight worse. Wear glasses perfectly adapted to your vision. You can get them here at prices ranging from 25 cents to \$10 in every approved style of frames.
