The weather has been very unfavorable. The crops on an average are good if they can be saved. In low lands there is a good deal of potato rot.

Bath.

The recent cold snap has caught many of the farmers with potatoes in the ground.

The Rev. John Perry of Hartland was a caller in the town on Saturday and on Sunday evening occupied the pulpit of the United Baptist church.

T. H. Hoover of Brockville, Penn., and Jesse Kirhl, of New Bheilham, Conn., returned from the Odell, Tobique, and to their homes, carrying the heads of two lordly moose, one caribou and one deer, the result of their three weeks trip in New Brunswick forest.

Miss Ethel Simms also accompanied them on a visit to relatives and friends in Fredericton and her uncle Robert L. Simms at The U. N. B.

Centreville.

It is reported that S. A. Perkins has sold his Hotel and the New Firm is expected to take charge about the first of November.

Wesley Sloat who was taken to the Hospital suffering with Typhoid fever died in that institution last week and was brought to Centreville for burial and was buried in the family lot in the Baptist Cemetery.

Prof. Nichols gave a very interesting lecture on Temperance in the Methodist Church on Saturday evening and Sunday afternoon. Sunday evening he occupied the Baptist Pulpit and his subject was "Safeguarding the Home" He was listened to with marked attention and many were impressed with the idea that the beginning of a Temperance revival is at hand. Prof. Nichols is a fine speaker, logical in his conclusions and characterizes the illicit whiskey seller as a criminal in the strictest sense of the term.

The first spow of the season came on Saturday morning after a cold night in which the ground froze quite hard. On Monday morning the ground was frozen so hard that digging had to be given up for the time.

Canadian Trade with Mexico.

The Canadian, published at Mexico, in its current issue urges Canadians to get a footing in Mexican trade now, while times are good and the United States manufacturers busy at home, so that when hard times come they may be able to hold the field against competitors. It says: "Whether or not the present depression in Wall street is but a momentary spasm, it is certain that throughout the United States generally, money is just now running to cover and that in anticipation of possible bad weather, wise men are putting on their cloaks. Money, like labor unions, has its sympathetic strikes, and irrespective of local conditions, Canada may also be on the eve of some commercial adversity. Should it come at the present time, would she be able as a stranger to go to markets now neglected and in the face of strong and long-entrenched opposition, secure and hold footings therein? In other words, when Uncle Sam has again to struggle with a surplus of home productions as the outcome of hard times, he can be expected to do some tall hustling for the lion's share of every market available, and at that time it is not probable that newcomers will be given much of a show."

Cheaper Parcel Post in the United States

Mr. George L. Meyer, Postmaster-General of the United States, got many hints as to postoffice business while Ambassador in Europe, and he is now endeavoring to apply these in his present position. The two chief reforms favored by him are the introduction of postoffice savings banks and the adoption of a comprehensive parcels post system. In an interview recently, he said; "Great Britain will carry parcels within the limits of the United Kingdom at rates varying from 1½ cents for one pound to 25 cents for eleven pounds. It will carry a package to its possessions on the other side of the world for 12 cents a pound, while at our present rate it takes 16 cents to send a pound of merchandise by mail from Philadelphia to Camden." Mr. Meyer's proposals are creating a great deal of discussion in the United States, and friends of the Postmaster-General state that the chief opponents are the express companies, one the one hand, and the banks on the other.

Bulbs for Winter.

It is quite worth while if one is fond of flowers to try a few bulbs for the coming winter. Success is sure if one will remember a few essential points. Do not buy bulbs too late, for they are apt to get shrivelled, and when they do arrive, pot them at once, for if allowed to lie in a warm place the tops will start before the roots are established. If this is your first year, try a few bulbs that are sure to give satisfaction, rather than be discouraged by the failure of many. Paper white narcissuses, Chinese lilies, and trumpet daffodils can be successfully planted in sand and water. If care is taken to use attractive bowls, they will make excellent centre pieces for the table. The shallow Japanese dishes are best. Tulips, crocuses, and the popular van Sion narcissuses do not require great care to have abundant bloom. They should be potted in earth with the tip of the bulb showing. All bulbs should be kept in the dark until the roots are formed. Five weeks or more are required for this, then bring to the light, but not too bright at first. The Chinese lily, Roman hyacinth, and paper white narcissus are excellent for Christmas bloom and if started in the third week of October are almost sure to be in flower for the holidays.

EARLY Saturday morning a fire broke out in the American Hotel, Edmundston, owned by Thadee Hebert. Before it could be extinguished it had burned the hotel, the large store of Murchie and Burpee and the dwelling of Mrs. Exile Michaud. The total loss is about \$27,000 with insurance of 12,000. Edmundston has no fire protection.

Mrs. McKINNEY's Bible Class of the United Baptist Church gave a concert in the Orange Hall Thursday evening last. The proceeds amounted to \$30. for the benefit of the building fund.

PERUNA A WONDERFUL BOON IN MY OLD AGE.

MRS. MAHALA REID.

Heartily Approves of Per-ru-na and Man-a-lin for Kidney and Bowel Trouble

MRS. MAHALA REID, Corbyville, Ont., Canada, writes:

"Your celebrated remedies have been a wonderful boon to me in my old age."

"I have not been in so good health for several years as now. I was troubled with constipation, rheumatism and kidney trouble."

"A little over two years ago, I completely lost my health, becoming almost helpless, when a dear friend sent me your remedies, Peruna and Manalin. I began to take them, following the directions on the bottle. I very soon began to feel benefited by their use and continued to take them."

"I am now completely recovered from the above ailments, in fact, better than I have been for years past. I cannot praise the remedies too highly and will always recommend them to others."

Constipation is almost sure to set up other derangements.

Retained accumulations within the bowels are partly reabsorbed into the system, producing sometimes rheumatism, sometimes kidney trouble.

The blood being surcharged with acids, which ordinarily find their escape through the bowels when they are regular, rheumatism is the result.

Acid blood forms crystals, which accumulate about the ligaments, cartilages and sometimes the bones in the joints.

Such morbid accumulations of blood throw extra work upon the kidneys. The kidneys being unable to perform the unusual labor of excreting these poisons, often give way and kidney trouble is the result.

Permanent relief cannot be reasonably expected except by correcting the constipation.

Regular bowels are a great safeguard to health. Peruna and Manalin are unexcelled the world over for chronic diseases affecting the bowels and kidneys.

Mrs. W. W. Lamaster, 3127 McAtee, Ave., Louisville, Ky., writes:

"I suffered for twenty-six years with bladder and kidney trouble, and being advised to give Peruna a trial, I did so. Eight bottles of Peruna and three bottles of Manalin entirely cured me."
