Smart Suits

For Young Men

Young men, as a general thing, are the smartest dressers. They know what's what and usually try to get it. But, Good Fit, the Newest Colours, Patterns, etc., aren't enough, for unless that snappy, jaunty, appearance and characteristic of our excellent Tailor-Made Clothing is there it's not what the young man wants. Our success in pleasing young men is not mere luck, it's due to our knowing just what the young man wants and our ability to provide it for him. Then again, our prices are so reasonable. Come here young men with all your particular and smart notions.

University Matriculation Examination.

The University Matriculation and Normal School entrance examination will be held here in the college school on Tuesday, the 2nd of July, at 9 o'clock, a. m. The list of candidates is unusually large exceeding by twenty or thirty the number of applicants in all previous lists. It is doubtful if many candidates will present themselves for examination at any other station in the province with the single exception of St. John, and it must also be borne in mind that nearly all the candidates who will be examined at Andover are from Carleton County, (having chosen that station for their examination as a matter of convenience) a fact which, in a measure, shows the educational progress that is being made in this section of the province. Following is the list of those who will present themselves for examination at Woodstock and Andover:—

WOODSTOCK MATRICULANTS.

Medley T. Brundage Reginald McLean
Harvey T. Reid Epey L. Craig
Mary Gillin Eugenie E. Gray
Jean C. Sprague

SUPERIOR LICENSE.

Frances B. Milmore Mabelle C. Sherwood
Mary E. Wetmore.

The Florenceville Consolidated School will send the greatest number of candidates, an index of the good work being done by that institution.

Magazines Are Dearer.

Mr. Lemieux' foolish postal arrangement, or rather disarrangement, with the United States, has been the means of increasing the price of the ten cent United States magazines to 15 cts. and the 15 cts. magazines to 20 cts. The magazine readers are furious. The news dealer says the demand always falls off at this season of the year, but he can't see that it is any less this year than last. There is no Canadian literature to complete with the United States magazines and the people will have them.

When asked about a certain Canadian magazine the dealer said, "we couldn't give that away." Perhaps the postmaster general will tell us what he hopes to accomplish by his foolish convention.

Tonight.

If you would enjoy tomorrow take Chamberlain's Stomach and Liver Tablets tonight. They produce an agreeable laxative effect, clear the head and cleanse the stomach. Price 25 cents. Samples free at All Dealers.

COPPER is not supposed to be a volatile element but it seems to be in the Woodstock air in a distinctly palpable quantity.

IS THERE ANY GOLD STREET?

The Bank Deficit is Too Large--Another Beer License Granted.

The town council met in regular monthly meeting on Monday evening, the mayor in the chair and all the councillors present except Coun. Fisher.

His Worship read the treasurer's report which showed a debit balance at the bank of \$5460.61. He spoke quite severely to the finance committee about the matter, telling them that there had been placed in their hands some time ago a delinquent tax list of \$5,000 or \$6,000 and they had collected only about \$400 or \$500 of it. Now the bank overdraft had exceeded the statutory amount which was \$5000 and there would be a large amount of bills presented tonight, and there would be no money wherewith to pay them.

On motion of Coun. Dunbar seconded by Coun. Hagerman it was decided to pay Mr. Colwell the sum of \$125 in settlement of his claim for damages to his building on Queen street.

A communication from the board of school trustees informed the council that W. B. Nicholson had been out of town over three months and requested that his place on the board be filled.

On motion Coun. Hagerman, seconded by Coun. Sutton, J. T. Allen Dibblee was appointed to fill the vacancy caused by the absence of Mr. Nicholson. The unexpired term expires June 30, 1910.

A beer license was granted to H. H. Moxon of Wellington ward.

Partlow Watson and Theodore McKinney of Chapel street were heard by the council respecting an alleged street from Chapel street near their residences to Connell street just east of Hamilton Bros' residence. It appeared that the Connell estate from whom they had all bought, had recently sold their street to Mr. Mavor. Mr. Watson produced a map of 1873 that showed the street, called Gold street. He could prove it had been in use for 32 years.

Mayor Munro had the Alfred Whitehead plan of 1875 produced and it showed no such street. Mr. Watson said he had used the street 26 years ago and the Rev. Joseph Noble said that he had known of the street for 30 years. The people in that part of Chapel street needed the street not only for communication but also because their sewage had to go out that way as the grade on Chapel street from his place was against him.

Mayor Munro—The plan of our sewerage system shows that the sewage from your place was intended to and can come out Chapel street.

Mr. McKinney said that unless the street was opened up the people on the west end of Chapel street would be forever shut in. In winter, for example, the snow plow could not get to them for there was no place either to turn or go through.

The matter was referred to the Street committee.

John Graham made the only tender to supply the poor committee with groceries. As there were obvious errors in it, it was decided to hand it back for correction.

The Chief of Police was asked if any one were selling beer without a license. The Chief answered, "I don't know, but I expect to be able to tell you Wednesday."

Get a free sample of Dr. Shoop's "Health Coffee." If real coffee disturbs your Stomach, your Heart, or Kidneys, then try this Clever Coffee imitation. While Dr. Shoop has very closely matched Old Java and Mocha Coffee in flavor and taste, yet he has not even a single grain of real coffee in it. Dr. Shoop's Health Coffee Imitation is made from pure toasted grains or cereals, with Malt, Nuts, etc. Made in a minute. No tedious wait. You will surely like it. Sold by All Dealers.

The annual convention of the Women's Missionary Society of the Methodist church was held in Woodstock last Wednesday and was largely attended. Among the speakers was Miss Fisher of St. John who has been accepted by the Missionary Society for mission work. On Wednesday evening the delegates were entertained at luncheon by the Woodstock Auxiliary at the residence of Mr. and Mrs. R. B. Jones.

Shareholders Meeting.

The shareholders of the Cobbler Sexton Copper property situated at Northampton, held a meeting in the council chamber of the town hall Saturday evening, June 1st, for the purposes of organization and capitalization.

High Sheriff Hayward presided; I. Draper was appointed provisional secretary.

J. C. Hovey, a practical miner, who has taken over the management of affairs, gave a statement of the development of the property to date, and assured the shareholders and all interested that the prospect is exceedingly bright, that the ore not only carries copper but gold and silver values.

The vein runs north and south and a shaft has been sunk twenty feet, showing a dip of 45 degrees east with an increase in ore value as it deepens. The vein has been uncovered for a distance of 400 feet down the mountain side preparatory to tunnelling. The ore is continuous from the shaft, bulging from the vein filling and varying from a few inches to two feet in width, as far as the work has proceeded.

The location is suitable for tunnelling so that the ore can be cheaply mined, and on account of its nearness to the river the cost of transportation should be very moderate.

Funds were unanimously voted to continue organization and development. It has not been determined at the present date whether there will be any stock put on the market or not, as the indications are that it will not take a great amount of capital to develop the property.

Ore taken out during development work will be held until desirable freight and treatment rates can be secured.

The proceedings of the meeting closed with a vote of thanks to the Mayor and Aldermen for the use of the council rooms.

Presented with a Gold Watch.

Last Wednesday evening in engine room No. 1, ex-chief John Tattersall was presented with a handsome gold watch bearing on the back his initials and on the inside of the case the inscription "Presented to Chief John Tattersall by Hose Co. No. 1, May 1st, 1907." The presentation was made in the presence of the members of the company by Dr. Manzer, secretary, who at the same time read to the retiring chief the following address:

Woodstock, N. B., May 1st, 1907.

To John Tattersall, Esq., Chief of the Fire Department, Town of Woodstock, N. B.

Dear Sir and Chief:—Having learned with feelings of regret of your resignation as Chief Engineer of the Fire Department of the Town of Woodstock, we, the members of Hose Co. No. 1, could not possibly let you go out from among us without showing to you some appreciation of valued services rendered and of friendship enjoyed.

Your devoted efforts in the various offices you have been called upon to fill have marked you as an efficient and conscientious officer. We have learned your sterling worth by your mature judgment in matters coming before the company for deliberation and could always depend upon you for assistance in any position you were called upon to fill.

On this occasion and in this way allow us to give expression to our regret that your business relations require you to sever your connection with us.

We take great pleasure in asking you to accept this small and inadequate token of our esteem and regard and we trust that you may have a long and happy life.

When you look into its face you may be assured that you hold in the affection of the members of Hose Co. No. 1 a very warm place.

Signed on behalf of Hose Co. No. 1.

W F Bolger, Chief; Walter Coggar, First Foreman; J P Pickel, Asst Foreman, Guy B Manzer, Secretary; James A Gibson, Treasurer; James A Hamilton, A W Fields, C O McKenney, R S Welch, F McRae, A Embleton, O A Townsend, J R Lindow, and John Bagley, Driver.

The Power Company Now a Monopoly.

One of the biggest property transfers the town has seen for years was consummated last week. Under the terms of the deal stockholders representing the Woodstock Railway, Light and Power Company became owners of the saw mill, grist mill and electric light station, as well as the Davis mill site, until then owned by the Hon. H. A. Connell. The same men also bought up a controlling interest in the Woodstock Electric Light Company, of which the Hon. H. A. Connell has been president and manager. The effect of all this is to place the whole lighting of the town in the hands of the men who own the Power Company, giving them an absolute monopoly.
