JAMES HOVEY, a well known old timer in this district writes from Centerville, N. B. that he is still on top and making good in mining in that district. This will be pleasant news to his many friends in this district as he was deservedly popular here. Development has been done which proves that the four foot lead is widening out as depth is obtained. Mr. Hovey is so well known in this district as a competent mining man, that it is superfluous to add that if the ore is there he will find it and make a big success of the mine. We congratulate him in unison with his many friends on having secured so valuable a property.—Sandon, B. C. Mining Review. The Mr. Hovey above referred to is the manager of the Cobble Sexton Mine.

## BABY CARRIAGES!

Fresh Air and Sunshine Better than  
Medicine, especially for the Baby.

Few farmers, lumberman or out door workers have weak lungs or are sickly. It is the indoor workers or their children that are going to the Sanitariums, &c. This idea is all right but they begin at the wrong time—too late. Begin with the Baby and give it a chance to build up a strong body, get it out in the sunshine and fresh air. We have Small Folding Carriages that are very cheap and convenient. The larger ones are very nice and can be fitted with a parasol. We also have a very fine line of Upholstered Go-Carts and Carriages with all latest improvements and at very low cash prices. Call and see them and get our prices.
