The other day a man named William Poole was walking across the steel railway bridge spanning the Becaguimac when a gravel train running tail end foremost came along. Mr. Poole had not time to get off the bridge, but stepped to one side and was jammed between one of the flat cars and the still girder, a space little more than six inches wide. The train came to a quick stop and the man was rescued from his perilous position. Later surgical aid was summoned and it was found he had sustained serious bruises and was suffering intensely. THE STOMACH ON STRIKE.

The Tonic Treatment for Indigestion is the Most Successful.

Loss of appetite, coated tongue, bad taste in the month, heavy dull headache and a dull sluggish feeling—these are the symptoms of stomach trouble. They indicate that the stomach is on strike, that it is no longer furnishing to the blood the full quota of nourishment that the body demands, hence every organ suffers. There are two methods of treatment, the old one by which the stomach is humored by the use of pre-digested foods and artificial ferments, and the new one—The Dr. Williams' Pink Pills method—by which the stomach is toned up to do the work nature intended of it. A recent cure by the tonic treatment is that of Mrs. Jas. W. Haskell, Port Maitland, N. S. She says: "For years I enjoyed perfect health, but suddenly headaches seized me. I had a bad taste in my mouth, my tongue was coated, I grew tired and oppressed, my appetite left me and such food as I did eat only caused distress. I had severe pains in my chest. I lost all strength and was often seized with vomiting. At different times I was treated by some of our best doctors, but although I followed their treatment carefully I did not get any better. One day while reading a paper I came across a case similar to mine which had been cured by Dr. Williams' Pink Pills. I immediately purchased a supply and it was not long before they began to help me. I grew stronger day by day till now I am as healthy as I ever was. I have a good appetite, am strong and active and can attend to my household duties without fatigue. I have no hesitation in recommending Dr. Williams' Pink Pills to all sufferers from indigestion."

Rheumatism, kidney trouble, neuralgia, St. Vitus' dance, headache and backache, palpitation, general weakness, and a host of other trouble, find their root in bad blood just as in the case of stomach trouble. That is why the Dr. Williams' Pink Pills treatment is always a success—they are a powerful blood builder and nerve tonic. Sold by all druggists or direct from The Dr. Williams' Medicine Co., Brockville, Ont., at 50 cents a box or six boxes for \$2.50.

Is It Intoxicating?

(Houlton Pioneer.)

F. J. Taber of Boston manufacturer of Uno beer was in Houlton, Wednesday on business. Mr. Taber was here to give testimony in the case of State vs. Wilson Weber who was charged with selling intoxicating beer. The beer handled by Webber was Taber's Uno beer. Samples of this beer had been analyzed by Professors Knight of the University of Maine, Robinson of Bowdoin, and Carmichael of Boston, all of whom found the beer contained less than three per cent alcohol and all three were unable to find any malt or derivation of malt in it. The case was not press.
