

## NEWS FROM THE COUNTY.

WOODSTOCK, N. B., OCT. 2, 1907.

## Bristol.

Prof. Nickolls, the Temperance lecturer, will address meetings in the Baptist Church next Sunday, and on Monday and Tuesday evenings.

Mr. and Mrs. Lawrence, who have been visiting Mrs. Lawrence's parents here returned to their home in Chicago on Thursday last.

G. A. Brittain and Mrs. Chas. Tinker were in Woodstock a day or two last week.

Mr. and Mrs. W. G. Tinker, Bangor, have been visiting Mrs. C. Tinker.

Dow V. Boyer will be a candidate for the County Council, and as he is well known in the parish, will receive a large support.

Dr. and Mrs. D. J. Bell arrived in Bristol on Saturday, after spending a number of years in the Klondike.

## Bath.

Messrs J. H. Horren, of Brookville Penn., and Jesse Kirhl of New Bethlehem arrived at the Harris Hotel here on Saturday last and have procured John Demerchian of this place as guide and have gone on a hunting trip to the Odell Branch of the Tobique river. It has been seven years since these noted American sportsmen visited this Province.

Miss Fern Boone, of Boston, Mass., is visiting at the home of Mr. and Mrs. J. R. Tracy of this place.

Miss Dorothy M. Cox, a trained nurse of Auburn, Me., returned home today.

Miss Annie Doucett of Boston, a trained nurse, who has spent a few days here the guest of the Misses Bohan's, returned home today.

Miss Inda Milberry of New York, who with her mother Mrs. Seth Milberry has been spending some weeks here with relatives returned home on Friday last.

The farmers are very much disappointed with the potato crop which owing to the rot is not half a crop.

Meril Taylor the veteran painter of Hartland is a caller in the Village today.

Harry E. Giberson had the misfortune to fall from a hay loft in his barn one day last week and broke one of his wrists. Dr. M. E. Commis is the attending physician.

R. Roach and W. H. Horne of St. John were callers in Bath on Saturday last.

## Central Southampton.

The friends of Miss Alice Tabor gave her a very pleasant surprise Friday evening, when a number of them met at her home and a sumptuous repast was served. A pleasant evening was spent in vocal and instrumental music. The following address was read to Miss Tabor, accompanied by a purse:

Miss Alice Tabor.—As often happens, even in quiet country places like our own, days come which are more or less important to certain members of the community, even to the community itself, and as the day of your departure from our midst approaches, we as members of this community realize more and more forcibly the loss we are about to sustain and we cannot allow the opportunity to pass without in this formal manner expressing our feelings of regret and bearing testimony to our loss. In the home and in the community you have ever set the example of a noble Christian life. In sickness and in health, in dark days and in bright you have ever manifested the same cheerful unswerving trusting spirit and we have all felt its influence. In the Sunday school your place will be hard to fill; ever prompt, earnest and zealous in the work, you have won the admiration and esteem of every member of the school. The good seed you have sown in your own little class and the impressions you have made they can never be effaced, and we trust it will be a lasting monument to your memory. As an organization we shall feel the loss keenly; your help and encouragement seem almost essential. Personally we are losing a friend in the fullest sense of the term. You have gone in and out among us in your cheerful manner carrying sunshine with you. We shall miss you much, and now that we must separate will you kindly accept the accompanying gift as a small token of esteem from the Sabbath school with which you have been associated since childhood and our prayers and best wishes will ever go with you.

## New Dress Goods. New Coat Cloths.

You will find almost anything you may want in Dress Goods, Coat Material and Suitings, which have been just opened at **The NewStore, Payson's Corner.**

# JAS. S. McMANUS,

Agent for the Pictorial Review Patterns.

you.  
Signed in behalf of the U. B. S. S. of Middle Southampton.

G. A. GRANT,  
Superintendent.

G. A. Grant and F. C. Brown spent last week in the woods looking for big game but only met with indifferent success.

James Brown of Connecticut, U. S. is visiting his sister, Mrs. Ernest Akerley. John Akerley is very ill.

The farmers have about all their grain gathered in. The rust has hurt the potatoes very much in this vicinity.

Dr. McLeod of Fredericton assisted by the pastor, the Rev. A. Rutledge, held service in the United Baptist church Sunday afternoon. Dr. McLeod is a member of this church.

Mr. Rogers held a basket social in the school house Monday evening. Proceeds to purchase chemicals for the school.

## Centreville.

Hobos or Bums are the growing nuisance in the little town along the B. & A. Railway but there are Bums and Bums in almost every place of importance. They are known in this place. Not many of those who subsist mainly on the handout come here but the kind who have possessions in the way of farm stock that they send out to forage in their neighbours fields and always putting up the transparent claim that their trespass was unintentional.

The Mars Hill View offers prizes at the Centreville Exhibition as follows for the prettiest baby. The tallest woman and the homeliest man. The last mentioned will likely go back to Mars Hill.

Chas. Hill of Mars Hill brought a motoring party to the village a few evenings ago. No one was run over as far as heard from but their speed was such that a good wide roadway was given the auto.

Burns King has consented to be a candidate in the municipal contest and it is understood that he and J. F. Williams are to use every proper influence for the election of each other and each of the candidates expect their friends to work along the same line.

James Page who has been sick for some time has developed a case of typhoid fever. Dr. White is treating the case and a trained nurse is in attendance.

Miss Bessie Harold and Miss Branscomb started for the north west last Thursday. Miss Harold had for some time past been organist in the Baptist choir and before leaving the congregation presented her with a very handsome Camera in recognition of her services.

There are a number of sporting men from Boston and New York hunting on the Miramichi, Dr. Green acting as guide.

Clairence Simonson of Lawrence, Mass., and his family are visiting relatives and friends in Centreville.

There is a large acreage of oats still standing some of it in appearance quite green.

Herrick Scholey and Harley White who have been visiting here for some time return to their respective places of business within the week.

A number of our citizens are planning on attending the Farmer's Institute Meeting at Florenceville, expecting some valuable information from the speakers, Dr. Standish and F. E. Sharp.

## Lakeville.

Councillor J. F. Williams, R. Burns King and Thomas G. White are the only candidates who have offered so far for the county council.

Miss Mabel Philips who has just returned from St. John where she has been selecting stock, has returned to this village with all the newest styles for hats for the coming winter.

Mr. Wilson has a large stock of new winter hats and is sparing no pains to make his millinery department second to none in the county. Miss Philips has a rare gift in hat trimming that gives a style few milliners can acquire.

The Baptist folk are planning for a basket social and entertainment to take place in the Orange hall about October 15th.

Mrs. Annett has returned to Jersey City after spending a few weeks with old friends. Miss Bearisto accompanied her as far as New York. From thence she goes to Philadelphia to spend the winter with relatives.

Miss Agusta Jamieson has gone to Rhode Island with her brother.

Mrs. Lewis Carvell left today for Halifax to be present at her brother's wedding.

Miss Lena Bearisto of Fort Fairfield is visiting at Dr. Bearisto's.

Our popular teacher, Mr. Simonds, is studying medicine with Dr. Bearisto.

Messrs George Burpee and W. W. Wilson left this week for Bangor, Boston and New York to get the latest ideas in woodworking.

Miss Zella Tracey entertained a few friends to tea on Tuesday.

Marshall Tracy and wife spent last week with friends at Fort Fairfield.

Carvell Bros. have purchased a fine pair of work horses from Charles Merrithew of Centreville.

Councillor Carvell is on the sick list.

## Potatoes in Aroostook County.

If the Aroostook potato yield in 1906 was 17,000,000 bushels, that of 1907 will not exceed 7,000,000 bushels of good stock. The whole yield will probably not be over 9,000,000 bushels, and 2,000,000 bushels is a very small estimate of the amount of rotten ones. The rot is very irregularly distributed. Some fields have little, some a good deal. In some half the whole yield is rotten, and in some over three quarters. A good many fields will not be dug, and many more will not yield enough to pay for the fertilizer used upon them. Many Aroostook farmers are indeed "up against it." But they can not expect every year to show as big crops as 1905 and 1906 did. A dollar a barrel is now the reigning price in Fort Fairfield. The buyers are shy, not knowing how the potatoes will act in a few days after they have bought them. It is the impression, however, that the price will be much higher in a few weeks, when things have settled down on to a reliable basis. Not many potatoes are being brought in except contracted stock.—Fort Fairfield Review.

## PAINLESS TEETHING.

There is no period in baby's life that mothers dread more than teething time. The little gums are tender and inflamed; the child suffers and is sleepless and cross, and the mother is usually worn out caring for the child. The use of Baby's Own Tablets allays the inflammation, softens the tender swollen gums, and brings the teeth through painlessly. Mrs. N. Sauve, St. Rose de Lima, Que., says: "When my baby was cutting his teeth he was feverish, cross and did not take nourishment. After giving him Baby's Own Tablets he cut six teeth without the least trouble. I have never used any medicine for children I prize so highly as the Tablets." Sold by all medicine dealers or by mail at 25 cents a box from Dr. Williams' Medicine Co., Brockville, Ont.

## Madawaska Land Case.

Mr Justice McLeod in chambers last Wednesday in St. John heard an application of the commissioners of the National Transcontinental Railway Company for a warrant for possession of certain lands in Madawaska county, over which the Grand Trunk Pacific is to run. The land is owned by Arsene Bouchard, on behalf of whom the application was opposed on the ground, that the necessary preliminary steps had not been taken to entitle the commissioners to possession. His honor reserved judgment.

A. Lawson, of Edmundston, supported the application; E. P. Raymond and J. D. Hazen, K. C., contra.

## Will Japan Demonstrate in the Atlantic?

A correspondent of the New York Sun, in speaking of the proposal to send the United States battle ship squadron to the Pacific says: "If the demonstration is misunderstood or distrusted in a certain quarter or apprehended, we may be called on for a declaration of the why and the wherefore. If there is any idea in that quarter that the move is intended as a show of power, what will there be to prevent a similar demonstration by Japan in the Atlantic by means of the Suez Canal route? What is more calculated to impress us, if we are going into the business of impressing others, than for Japan to send a powerful fleet to the Atlantic for our observation? She can do it. In Atlantic waters we shall have a few old and new warships, about six in all, with several unfinished in the shipyards. Our eastern coast will be practically denuded of warships. Those who have played chess know that the other fellow can move some, too. If the design is to protect the Philippines, it is a sufficient answer that Japan could take and hold them in spite of anything we could do. In a few weeks she could throw an army into them that would outnumber any that we could send there in years. A Japanese army of occupation in those islands would be able to resist us forever. We have seen Japan's power demonstrated at her doors."

## Two Ways of Looking at it.

There is a young artist in Washington, who classes himself as of the impressionistic school, and who, being somewhat out in drawing, generally makes up for his lack of technique by spreading color recklessly and counting on distance for his effect.

At an amateur exhibition he once hung one of his most extraordinary performances.

"Well," said a friend, whom the artist had taken to see the work, "I don't want to flatter you, old chap, but that is far and away the best stuff you have ever done. I congratulate you."

Much pleased, the artist was receiving the compliment with becoming modesty, when he chanced again to glance at the picture—and turned very red. The committee had hung it upside down!

Hurrying to the head of the committee, he was about to launch into a loud complaint, when he was informed of the good news that an hour before the picture had been sold for \$61. The original price-mark had been \$19. October Lippincott's.

## Carleton County Teachers' Institute.

The Carleton County Teachers' Institute will meet in the new Consolidated school building October 10th and 11th.

## Crossing The Wheat.

Professor McBride of McGill University has just returned from Cambridge University where he investigated the new process of wheat crossing. He believes that the question has been solved. He claims that the qualities of certain kinds of wheat are due to heredity and are not the result of the climate. By a process of cross-breeding he has got a product which combines the good qualities of Manitoba hard with those of English wheat. The large, soft heads of English wheat and the hard qualities of Manitoba No. 1 make an ideal product and one which will double the yield of the Canadian wheat fields.

A law has gone into effect in New York State which forbids the sale of cocaine or any of its admixtures, except upon the written prescription of a reputable physician, and that prescription may be filled only once. Wholesalers may supply the drug only to licensed physicians or dentists and veterinarians. And all packages must be labeled "poison," and on that label the name and quality of the cocaine or its salts must be distinctly described. Violations of this law bear the penalties of imprisonment for not more than a year, or fine of not more than \$1,000 or both. It appears that this law was procured by the labors of Rev. James B. Curry of St. James Roman Catholic Church in James street, a church in the midst of the poorest people of the later immigrations. Mr. Curry found the drug sold in the Bowery shops as freely as if it were Epsom salts, and avers that some of the dealers have been sending out agents to sell the "dope" in the streets. He says that there are more than 80,000 victims of the deadly habit in the city, and that once in the way of it, these people are the most degraded of criminals.

A dealer in art works in London is in deep sorrow. An American entered his shop and bought, for \$10, a small painting representing a Christian martyr, which, when examined by experts, turned out to be a genuine work of Guido Reni, the celebrated Italian painter, and to be worth at least \$62,000.

He who hath not a dram of folly in his mixture hath pounds of much worse matter in his composition—Charles Lamb.

Mr. Alfred Pleau, an expert machinist, 173 St. John St., Quebec City, Can., writes a letter to the Peruna Drug Mfg. Co., given below:

MR. ALFRED PLEAU.

## PERUNA STRENGTHENS THE ENTIRE SYSTEM.

"Two years ago, an accident necessitated my confinement for several weeks. The good health I had enjoyed was slipping away and there developed a complication of diseases. My physician said my case was one of general debility.

"Among the many ailments which developed was a serious attack of catarrh, which annoyed me considerably and kept me awake whole nights.

"I decided to give Peruna a trial and soon found it acting as a wonderful tonic to my system. The catarrh grew less severe and shortly afterward disappeared, as did also the various other maladies.

"I attribute my prompt relief and ultimate cure entirely to the use of Peruna and gladly recommend it."
