NEWS FROM THE COUNTY.

WOODSTOCK, N. B., DEC. 11, 1907.

Centreville.

Isaac Pryor who has been sick for some time died last Sunday morning. The funeral services conducted by Rev. Mr. Ayer took place at the house on Monday at one o'clock. He was buried in the Methodist Cemetery in Williamstown. Mr. Pryor was a man well advanced in years something above four score, was a kind husband and an indulgent father and leaves a wife and family to mourn. Those who had the pleasure of attending the Old Fellow's Supper on the night of organization from other places are loud in their praises of the manner in which they were received and entertained and claim that it was not the disagreeable weather and dark night that kept them here until the light of day drove back the darkness. And the Centreville ladies have added to their many well earned laurels of being the best cooks to be found and the visitors claim that the entertainment exceeded any former experience. Additions are weekly being to the membership of the order.

George Belyea is confined to his bed from a severe cold.

A large number of teams are engaged in hauling farm produce to the Station.

Dr. Lee Burt is expected to pay a visit to his family and friends here on his way from London, Eng., to his home in California.

Many from this place are making preparations to attend the birthday party of Rev. Mr. Pierce at Florenceville soon.

Wm. A. Squires, of Upper Kent, was a caller in the village on Saturday last.

Mrs. J. S. Law is convalescent.

Mr. and Mrs. Herb Carr and family have moved into their beautiful new house on Main Street. A man who possesses such a taste for the beautiful is a credit to the place. Would that we had more of them.

Hartland Debating Society.

On Tuesday evening of last week the Hartland Debating Society settled for all time that the spendthrift is a more disreputable character than the innocent miser.

About twenty-five people, mostly young folk, gathered at the home of Scott Sipprell, and Dr. Curtis consented to act as judge.

Miss Marion R. Tompkins opened the discussion with an excellent speech. The miser got little mercy from her. But when the leader of the negative side took the floor she made the miser an angel of light compared with the picture she drew of the spendthrift. Miss Peacock made decidedly the speech of the evening, and had she more and little stronger backing the victory would have been for her side.

The affirmative side was really the stronger since they had with them a lawyer, a minister and the principle of the High School.

In making his decision the judge awarded 10 points for a perfect speech and fewer points for weaker speeches. At the close the points were counted up and each side had the same number, 27.

Those on the affirmative side who spoke were the leader, Miss Tompkins, M. L. Hayward, Esq., Josiah Barnett, Rev. E. J. Webber, Scott Sipprell, Warren White and Arthur Dickinson. Mr. White was the youngest speaker but he made one of the best points that was presented during the evening.

Miss Peacock, on the negative side, was a host in herself, but she had the assistance of Frank Aiton, Roy Cameron, Arch. Hatfield, Halden Sipprell, and Misses McFarland and Branscombe.

There will be no further meetings until the Friday following Christmas when all interested are asked to meet in the Foresters Hall for the purpose of formal organization and making plans for the winter's programme.

The Society is indeed a laudable enterprise, worthy of all consideration.

Dr. Curtis, who, as mentioned, was the judge, thinks that there is good latent ability. Every speaker had good ideas but with most difficulty in giving expression to them was the worst handicap. There was much diffidence in evidence, but that will wear away and leave the speakers free to express to others the ideas that are plain to themselves.

CUBAN MINISTER TO THE U. S.

Recommends Pe-ru-na.

Senor Quesada, Cuban Minister to the United States.

Senor Quesada, Cuban Minister to the United States, is an orator born. In an article in The Outlook for July, 1899, by George Kennan, who heard Quesada speak at the Esteban Theater, Matanzas, Cuba, he said: "I have seen many audiences under the spell of eloquent speech and in the grip of strong emotional excitement; but I have rarely witnessed such a scene as at the close of Quesada's eulogy upon the dead patriot, Marti." In a letter to The Peruna Medicine Company, written from Washington, D. C., Senor Quesada says:

"Peruna I can recommend as a very good medicine. It is an excellent strengthening tonic, and it is also an efficacious cure for the almost universal complaint of catarrh."—Gonzalo De Quesada.

In hot countries as well as cold countries catarrh is an omnipresent scourge.

Catarrh afflicts the old and the young, the rich and the poor, the lowly and the famous.

Nearly everybody has catarrh at some time in life. It is the general prevalence of catarrhal diseases that has brought Peruna into such fame throughout the world.

Peruna has been used as a catarrh remedy so long that it is regarded every-

where as a standard remedy for catarrh in all forms.

Mr. Theodore Lang, Dalton, Ga., formerly Commander of the G. A. R. of the State of Maryland, writes:

"It is a special pleasure to me to recommend Peruna to all who may be afflicted with that most annoying and dangerous disease, catarrh. I have taken six bottles of Peruna, and I confidently believe my cure is permanent."

The Grand Falls Power Co.

The local government met in session last week, the full executive being present. The matter considered was the fixing of the bond for the undertaking entered into by the Grand Falls Power Co. Mr. Sandford, accompanied by Messrs. Conger and McLaughlin, asked that the bond be placed at a reasonable amount. Col. McLean on behalf of the Grand Falls Boom Co. argued that the amount be placed at \$300,000 in order to protect his clients. Further consideration of the whole matter was adjourned until Friday of this week when the government will meet again and make definite action.

The company intend putting men at work this month and will continue work all winter. They announce that within the next eighteen months they will be ready to supply electric power.
