W. C. T. U. Convention.

Carleton County convention met in the Reformed Baptist church Hartland Friday afternoon Oct. 25th. The County President Mrs. G. W. Slipp in the chair. After Devotional exercises the President gave a very interesting and helpful address. She asked all Christian women to lend a hand in this work for God and His Righteousness. "Our motto is 'For God and Home and Native Land'. Our badge a knot of white ribbon which stands for purity in thought word and deed, consecration to temperance work and to Christ, and helpfulness to those who need our help." The universal noontide prayer was emphasized.

As there had been no meeting of the convention for five years it was necessary to proceed first to election of officers. The following were elected:—

- Mrs. Slipp, President.
- Mrs. G. Caldwell, Secretary.
- Mrs. John McLean, Treasurer.
- Mrs. John Farley, Supt. Scientific Temperance.
- Mrs. Nixon, Supt. Evangelistic Instruction.
- Mrs. A. J. McLean, Lumbermen and Raftsmen.
- Mrs. Jordan, Moral Education.
- Mrs. Hoyt, Flower Missionary.
- Mrs. G. W. Slipp, Press.

Mrs. Shea, Sunday School.
Mrs. McFarland, World's Missionary.
Mrs. S. H. Shaw, Vice-Pres.

The following Resolutions were then adopted by the Convention No. 1.

1st. Believing that the liquor traffic is the greatest foe of the church of Christ and is sending to ruin thousands of our brightest and best young people many of whom have been members of our Sabbath school.

2nd. To perpetuate the saloon our children are in demand. Liquor leagues recognizing this it is recommended by them that liquor be given boys and young men for the purpose of creating appetites for strong drink.

3rd. The sovereign remedy for this evil is God's own truth as revealed in the Bible, hidden in the hearts of our children it will prove to them a sure safe guard.

RESOLVED, That (as Nov. 24th is Worlds Temperance Sunday when all around the earth the topic for Sunday School lessons will be "Drink" and its doings). Superintendents and teachers work to make Nov. 24th a red letter day in their schools.

WHEREAS the Canada Temperance Act with all its excellences, appears to be ineffectual in accomplishing the desired purpose of stopping the sale of intoxicants.

RESOLVED, That this Convention hereby records its belief that the Provincial Government should grant a prohibitory law, such as P. E. I. now has.

RESOLVED, That this convention pledge ourselves to use our influence, time and money, regardless of party to elect as representatives, only those who will work and vote for a prohibitory liquor law.

Believing that unquestionably the Evangelistic Department underlies all others in our W. C. T. U. We recommend our Unions to hold Gospel Temperance meetings, wherever practicable, offering the gospel cure for intemperance, urging those in the audience to sign the pledge invest the act with all the solemnity and enthusiasm of a religious service.

In our judgment one of the great hopes of the ultimate triumph of Temperance reform lies in the thorough training of the youths of the land, in such principles and practices of Temperance, as will show them the fatal dangers of drinking and criminal guilt of selling liquors, and to this end we earnestly entreat the friends of the cause and especially the pastors of churches, Superintendents and Sunday school teachers and day school teachers, to help in this work.

Further as New Brunswick has a Compulsory Temperance Educational Law, passed about 20 years ago. The teaching beginning with oral teaching to the little ones and continuing in the high schools, and student teachers are given methods of teaching temperance in the model and normal schools and examinations on this subject obligatory, the teacher forfeiting their license, where they do not meet these requirements.

RESOLVED that our Superintendents of the Department of Scientific Temperance Instruction put forth greater effort in ascertaining and reporting, whether this subject is carefully taught our children as prescribed by the Board of Education.

Reports were then heard from four unions, Woodstock, Centreville, Hartland, Bristol. It is hoped that at least two more unions will be added to the list in the near future. All reported slow but steady growth. Centreville has but recently been re-organized and hopes for success in the coming year. Bristol reported several public meetings and lectures. An agitation had been raised by them against lager beer, and though the beer was not driven from the village yet good work was done in arousing public sentiment and showing dealers in what light they were viewed by business men as well as by temperance workers. The departments taken up are Scientific Temperance Instructions, Flower Missionary, Evangelistic, Press.

Hartland reported quite a large membership and steady work being done in way of public meetings, sending out of flowers and scripture texts, distribution of literature, etc. All the departments of work are taken up.

Woodstock reported twenty members. The Tennyson Smith campaign was referred to in which 533 pledge signatures were secured. The union visits the jail and holds services there. Cottage meetings also were held. Twenty-two baskets each containing a fowl were sent to the needy. The Flower mission does good work in the hospital. They have a well-filled column in the weekly Press.

It was decided to hold the next convention at Woodstock the last of June.

Prof. Nichols, who held a largely attended and very instructive and entertaining meeting in the evening, was introduced to convention early in the meeting. There were present twenty-four W. C. T. U. sisters, two from Woodstock, two from Centreville, four from Bristol, the remainder from Hartland. The sisters were strongly advised to subscribe for the White Ribbon Bulletin.

The St. John Concert Co.

The concert given in the opera house on Monday by the St. John Concert Co. was very much appreciated by the large audience present. The music was all high class and well rendered. The Misses Lugin have well trained voices and their selections brought forth much applause. Mrs. Scovil, the pianist, played several difficult pieces in a finished manner. Her solo, "Valse" by Moskowski, was a gem. Miss Isaacs, the elocutionist of the company, unfortunately missed her train and was not present. Mr. Kelly, the tenor, is not a stranger to the people of Woodstock, having sung here several years ago. His voice is getting stronger and it has lost none of its sweetness. The duets and trios were sung in perfect harmony, and altogether the concert was one of the best put on here for so long time.

PE-RU-NA PROMPTLY RELIEVES

A Case of Dreadful Suffering Which Had Continued For Months.

An Account of a Remarkable Recovery Given By Mr. Alfred Wood, Teacher of a Private School at Launceston, Tasmania.

MR. AND MRS. ALFRED WOOD.

Mr. Alfred Wood, who has a private school at 22 Frederick street, Launceston, Tasmania (Australia), has been a teacher for 37 years under the Educational Department of Tasmania. He writes, concerning his wife's case, as follows:

"My wife was suffering for months from gastro-enteritis, and was given up by her medical attendant. "By good fortune I was induced to try Peruna in her case, and I can truthfully state that from the first dose her dreadful suffering ceased; and after taking five bottles she is permanently cured."

HOW does Peruna make such extraordinary cures as above recited? By simply arousing the forces of Nature to throw off the diseased action.

Peruna contains no magic and does not operate in any mysterious way, but it does help Nature to combat disease, and thus many times comes to the rescue of the patient in some important crisis.

There is always a time in the course of any disease when a little help goes a great way.

Just as the scales are beginning to descend, when one ounce more would determine the fate of the patient, a little lift will turn the scales in favor of the patient.

Peruna is a handy medicine to have in the household.

It helps many diseases by imparting a natural vigor to the whole system.

As a tonic or catarrh remedy, its reputation is well established all over the world.

As a remedy for stomach and bowel disease, the fame of Peruna is undoubtedly destined to become greater than that of any other medicine in the world.

A great many cases like that above referred to have found Peruna of untold value when no other help seemed of any avail.

Per-u-na For Indigestion.

Mr. Donald Robb, Jr., 16 Wrights Ave., Halifax, Nova Scotia, member Independent Order of Forresters, writes:

"While on a visit to Boston, I must have eaten something that did not agree with my stomach, as a terrible case of indigestion followed.

"Peruna was recommended to me and after using three bottles I was entirely cured.

"I therefore recommend Peruna to any one suffering with stomach trouble."

Mr. Chas. Brown, Rogersville, Tenn., writes:

"A friend advised me to take Peruna for indigestion and it cured me in a short time."

NO FARM TO GIVE AWAY,

BUT positively one of the VERY BEST potato farms in the town of Caribou for sale at a fair price. Farm has handled for me every year fifty acres of potatoes and can do it easily. Finest of land. Twenty-five acres in wood lot. New potato house holds four thousand barrels. Large house, sheds outbuildings and barn. Good cellar under house. House heated by wood furnace. Small orchard. Farm three miles from Caribou village on main New Sweden road which is the best road to haul to market of any road leading to Caribou. Good neighborhood, Rural free mail delivery. Telephone in house. The only reason for wishing to sell is that my other business interests make it impossible for me to give my farm my personal attention. For full particulars, price and terms, address,
