Mrs. Harmon Carvell and son Harry are visiting Dr. and Mrs. Robert McKee. Mrs. W. B. Howlett of Bairdsville has come to remain the winter with her daughter Mrs. E. W. Harmon.—Mars Hill View.

One of the neatest appearing country newspapers that comes to the DISPATCH is the Mars Hill View published at Blaine, Me., by E. L. Lowell. Walter Coes, who graduated from the Hartland Advertiser office in 1900 is the mechanical foreman.

Scott Rideout of Somerville who has been ill of heart disease all winter is improving and is now able to walk about the house. One night last week, however, he gave Dr. MacIntosh a hurry-up call because of a sudden ill-turn which for a time caused his family great uneasiness.

A party of young people drove to Florenceville on Wednesday evening to attend a party at Kearney's Hall.

James W. Carr of Fort Fairfield was visiting relatives and calling among other friends in Hartland last week.

The Fort Fairfield Review says that on January 10, one of that town's auto enthusiasts ran from Mars Hill to the Fort, 20 miles, in much less than an hour. The paper further states that on Jan. 9th wood-choppers found sap running freely in the maples they cut, while on the same day the editor was presented with a number of fresh green clover leaves found growing in the fields of northern Arcostook. That was less than two weeks ago but we have had some pretty genuine winter weather since.

A few days ago Fred Warnock of Grand Falls and Miss Clementina Willett of Lower Brighton were united in marriage by Rev. J. N. Barnes. The young couple will reside near Grand Falls.

Rev. G. Bennett Trafton of Marysville, N. B., arrived in town Tuesday afternoon to assist Rev. P. J. Trafton for two weeks in his special services at the Reformed Baptist church. . . Mrs. George Beckwith of Centreville, N. B., came to Fort Fairfield Monday to spend the week with her parents, Mr. and Mrs. S. L. Sherwood. . . Mr. and Mrs. Clayton C. Savage will move soon to Lakeville, N. B., where Mr. Savage has a farm, upon which they will make their home in the future. They have many friends here who regret much to have them move away.—Fort Fairfield Review.

Miss Frances Simonson has returned to her work as stenographer for the Estey & Curtis Co. after a pleasant visit at her home at Centreville.

Miss Lulu VanWart returned from Houlton last week.

Mrs. Scott Sipprell, who was reported ill last week is quite fully recovered.

Hal Sipprell and Arthur McCormack, who are taking a course at the Toronto School of Railroad and Telegraphy sent a rush order for the DISPATCH and say: "Hurry it along; we find we cannot get on without our local paper."

DeWitt & Heffernan who have for some time carried on a live stock and produce trade at Perth, have dissolved partnership. Mr. DeWitt carries on the business. He is a son of George DeWitt of Somerville and a brother to Saunders DeWitt of Hartland.

The Fort Fairfield Review says that Mrs. Frank T. Kimball has been seriously ill for ten days.

A Great Doctor Speaks of a Great Remedy

Dr. Williams' Pink Pills Strongly Endorsed by One of the
World's Greatest Doctors—Hope for the Sick.

Dr. Williams' Pink Pills for Pale People is the only advertised medicine in the world that has had the public endorsement of a doctor of world wide reputation. Such an endorsement stamps this medicine as being worthy of the confidence of every person who is sick or ailing. A great doctor would not risk his reputation unless he was absolutely confident, through a personal knowledge, that Dr. Williams' Pink Pills will do what is claimed for them. Dr. Giuseppe Lapponi, one of the greatest physicians of modern times, for years the trusted medical adviser of the Pope, writes the following strong letter in favor of Dr. Williams' Pink Pills:

"I certify that I have tried Dr. Williams' Pink Pills in four cases of the simple anaemia of development. After a few weeks of treatment, the result came fully up to my expectations. For that reason I shall not fail in the future to extend the use of this laudable preparation, not only in the treatment of other morbid forms of the category of anaemia or chlorosis, but also in cases of neur-

thenis and the like."

(Signed) DR. GIUSEPPE LAPPONI,
Via dei Gracchi 332, Rome

The "simple anaemia of development" referred to by Dr. Lapponi is of course that tired, languid condition of young girls whose development, to womanhood is tardy, and whose health, at the period of that development, is so often imperilled. His opinion of the value of Dr. Williams' Pink Pills at that time is of the highest scientific authority and it confirms the many published cases in which anaemia and other diseases of the blood, as well as nervous diseases, have been cured by these pills, which, it need hardly be mentioned, owe their efficacy to their power of making new blood, and thus acting directly upon the digestive and nervous system. In all cases of anaemia, decline, indigestion, and all troubles due to bad blood, and all affections of the nerves, as St. Vitus' dance, paralysis and locomotor ataxia, they are commended to the public with all the greater confidence because they have the strong endorsement of this great physician.

greatest surprise was yesterday when the Methodist Episcopal minister at Lyndon, the Rev. A. J. Whitfield, called on Mrs. A. R. Hay. He said he was from New Brunswick but did not know where Hartland was. He claimed he taught school at a place called Mouth of Guimac, over 40 years ago, when there were only a few houses there. Said his mother was a Miss Rideout and that he was baptiz'd in the St. John River near the Guimac. He asked after a number of people: Boyer Bros. at Victoria, Charles McMullin on the flat, Amos Gallupe below Somerville, the Estabrooks at Rockland and Amasa Shaw at Upper Brighton, and many others including James McGee at Somerville. He was greatly surprised to learn that Hartland was the name of this village of his boyhood days, and pleased to know that Carleton county was the most fertile and prosperous section of the province.

Mrs. Thomas Stetson of Victoria Corner, was taken suddenly and quite seriously ill on Saturday, but is convalescent.

Charles McCormack, Somerville, was quite seriously ill last week but is much better now.

Mr. and Mrs. Norman Hoyt, Victoria Corner, have removed to Rosedale and will reside until spring with their son Hartley.

Since the change in the C. P. R. timetable on Dec. 30, the express No. 51 has been on time nearly every day.

H. H. Smalley has gone into the produce business and is offering a first class market for hay, oats, etc. It will pay farmers to interview him before bargaining away their stuff.

A. R. McKenzie and W. L. Stewart, St. John, were at the Exchange on Monday.

Monday morning was the coldest recorded here this year. The mercury went to 10 below.

The Reformed Baptist revival services which began at Hartland two weeks ago are attracting much interest. Rev. A. W. Morrell of Boston, who is assisting in the services, gives illustrated sermons by aid of charcoal and canvass and makes many telling effects. On Friday Rev. G. B. McDonald and Miss Helen Marsten drove up from Meductic and assisted with the work. The meetings will continue every evening throughout this week, and there will be an illustrated sermon on Friday, and three services Sunday.

Ernest McElroy and Thomas Robinson of Waterville have both been quite seriously ill. Mrs. Lizzie Brewer contemplates a visit to her father at Green Road, Thursday to Monday.

At Cloverdale, Elder Dalbeck is holding revival services with good results. Also at Rosedale Elder Rupert Brown (Primitive Baptist) is likewise succeeding in an effort to bring sinners to repentance. Baptismal services were to have been held on Sunday.

On Friday evening there will be a basket social at the Orange Hall, Waterville, for the benefit of the lodge. All are invited to come and bring or buy a basket.

Miss Janet McMullin has moved into the store until recently occupied by Reed Chase. Her new location is larger, lighter, and more central than the premises she vacated.

Mr. and Mrs. H. M. Martell who have been spending a few week's down river have returned to Hartland and are stopping at the Exchange Hotel.

Deputy Sheriff Foster went to Plaster Rock on official business on Friday and was detained there until Tuesday.

J. L. Fraser, Cookshire, P. Q., C. E. Taylor, Moncton, and O. P. Wilbur, Sussex, spent the Sabbath day at the exchange.

Elvin Gerow of Woodstock was a guest at the home of Odbur Shaw over Sunday.

Mrs. Aaron Shaw and her daughter, Miss Tillie, of Simonds, drove to Ludlow, Me., on Saturday to visit her sister-in-law Mrs. Phillip Shaw.

DIED.

CRABBE—At Debec Friday Jan. 19th Joseph T. Crabbe, eldest son of Richard and Sarah Crabbe. The funeral was held Monday morning from his late home to the church where high mass of requiem was sung by Father McMurray of Woodstock assisted by the pastor, Father Murphy. Deceased was a young man of exemplary habits. He leaves besides his aged parents five sisters and three brothers.

Brazil Seely's family have moved from H. N. Boyer's tenement, Main St., to the new Plummer building.

Mr. and Mrs. Scott Sipprell spent a few days of last week with friends in Woodstock. On Saturday a three year-old child of Mr. and Mrs. Samuel Cook of Upper Brighton fell backwards into a pail of boiling hot water and was cruelly scalded. The little sufferer was attended by Dr. MacIntosh who found the burns very severe but not likely to prove fatal.

Entries are now closed for the big Poultry Show to be held in the Forester's Hall tomorrow and the following day. The public meeting in the evening will be addressed by the local members of the Legislature, Rev. J. B. Daggett of Florenceville and G. B. Baxter of Andover. The admission fee of 15 and 10 cents for adults and children respectively admits to the whole show.

Wood of all kinds is coming to market in great quantities and the price is reasonable.

A good road has been made across the river at Simonds. Another road was broken out from the Little Presque Isle to the Becquimac but the first team—True Day with a load of wood went through a weak place in the ice where the water was deep and swift. His situation was serious and had it not been that his predicament was seen by the crew at Sayre's mill who went to the rescue he might have been there yet.

There have recently been several breaks in the service-pipes running from the water-mains to the houses and while repairs were made the water has necessarily been turned off. This has occasioned much inconvenience, but in future like instances warning will be given by three taps of the fire bell rung five or ten minutes before the water is shut off. This will give the people a chance to draw sufficient water for the days needs. Don't be alarmed, then, to hear the fire bell at almost any time; a fire alarm will be as heretofore the continuous ringing of the bell.
