J. W. ASTLE, Woodstock, N. B.

Town Council.

The regular monthly meeting of the town council was held in the council chamber on Monday evening last. Coun. Smith being the only absentee.

The town treasurer's report for the month of April showed receipts of \$1166.56 and expenditures 1514.17.

The town marshal's report was as follows: Taxes collected \$634.56; licenses \$7.00.

These reports were referred to the audit committee.

Stephen Green and J. W. Gallagher were appointed revisors for the town of Woodstock for the coming year.

Coun. Thorne said that out of eight non-resident property holders whose names were published as delinquent taxpayers, only one had settled. He thought it was about time to take the necessary steps to enforce the payment of these claims, and moved, seconded by Coun. Sutton, that these properties be brought before the public for sale. Carried.

In regard to the surveying of the town, Coun. Hagerman said he was in St. John recently and had a talk with Gilbert Murdoch. Mr. Murdoch said he would enter into a contract to do the work for \$1000 or by days work at \$6 per day, the town to find the help.

Coun. Thorne moved that a contract be entered into with Gilbert Murdoch at once. This motion was seconded by Coun. Hagerman and carried.

His Worship read a list of the names of delinquent water rates amounting to \$823.00 for 1907.

Coun. Hagerman moved that collector of water rates be instructed to collect these rates or ask the superintendent to turn off the water at once. Seconded by Coun. Fawcett and Carried.

His Worship read communication from the Board of Trade memorializing the town council to call a meeting of the ratepayers to discuss the question of making permanent streets. The communication was filed.

Wm. Connell sent in a bill of \$122.00 for damage sustained to the cellar of his Queen street building by back flow of sewer.

Mr. Connell's bill was referred to the sewer committee.

Bills for damages were also received from the Rev. F. Todd, J. C. Milmore and J. N. W. Winslow.

The Beer Law was taken up and several of sections changed as follows:

In section eight the cost of a retail license will be \$50 and wholesale license \$100; this is just half the amount it was last year.

In section nine which regulates the fines it will now read for each offence not to exceed \$50 and not less than \$20.

C. J. Tabor was heard before the Council in regard to building a new balcony to replace the old one on the front of his hotel. He was considering the advisability of putting fire escapes in the front and rear of his hotel, and it would not be any use to put one on the front now considering the fact that the present balcony was old and unsafe in case of a panic. He asked permission of the council to extend his balcony out to the curbstone, as that would obviate the dripping in stormy weather and keep the sidewalk in better condition in the winter season. This was referred to the street committee and building inspector.

During the absence of Coun. Smith from town, Coun. Sutton was made acting chairman of the street committee.

The street committee was empowered to buy a quantity of granite from Col. Dibblee for use on the streets.

Coun. Fisher said that some steps should be taken to have better order preserved on the sidewalk in front of the Salvation Army barracks. Crowds collect there and made it disagreeable for persons who attend service there. The police also should keep the crowd moving on the sidewalk at the corner of Main and Queen streets while the army were having their open air meeting.

A committee was appointed to investigate the dumping of rubbish into the river above the pumping station.

The assessment will be ready about the first of June.

Council adjourned until Friday night.

Millinery.

John McIntosh's well known store at Glasville, has opened a Millinery and Fancy Goods Department under the management of Miss Maude McIntosh.

Terrible Tragedy.

Wm. P. Flewelling, deputy surveyor general, committed suicide on Monday afternoon in the basement of the departmental building, Fredericton. He was 57 years of age and leaves a widow, formerly Miss Lugin. No reason is given for the sad occurrence. Deceased had filled the office of deputy surveyor general for the past 15 years with satisfaction.

May "Busy Man's Magazine."

The merry month of May brings joy and gladness, sunshine and flowers. The issue of the Busy Man's Magazine for the current month also brings pleasure and profit for its ever widening circle of enthusiastic readers. "Canadians Who Are Doing Things, and How" forms an important and highly edifying feature in the May number which is generously illustrated and presents a most artistic appearance. "The book with the red cover," as Busy Man's is frequently and familiarly called, also has numerous other admirable adjuncts which will prove particularly welcome. It not only gives several of the best selections from the magazines of the world, but contains such instructive, timely, and popular articles as "The Principle of Profit Sharing in Business," "Some Deductions on the Average Man," "How Those Who Fall Are Given Another Chance," "Canadians Should Indulge in More Boating," "A Greater Sense of Our Responsibilities," "The World's Greatest Plow Manufacturer," "Youth Should be Taught the Habit of Saving," "The Adoption of Automobiles in Business," "Canadian Banking System the Best in the World," and "A Police Force that is a Credit to Canada." Other attractions of the magazine might be dwelt upon, but in the words of an old saw, "enough is as good as a feast."

Why Jase Was Late.

The following note was received by a village school-teacher:—"Mister, sir. My boy Jase had to be late today. It is his biznes to milk our cow. She is a kicky cow. She kicked Jase in the back today when he wasn't looking so he thought his back was broke but it aint. But it is black and blue. If you dont believe it you can see. The pain kept him late. We would sell that cow if we could. This is the forth time she has kicked Jase but she never kicked him late before. So excuse him for me. His mother."—Hjost Valdemir.

Love.

In peace, Love tunes the Shepherd's reed;
In war, he mounts the warrior's steed;
In halls, in gay attire is seen;
In hamlets, dances on the green.
Love rules the court, the camp, the grove,
And men below, and saints above;
For love is heaven and heaven is love.
—Scott.

The Bible.

Never forget that the Bible is an embodiment of pretty nearly all that is good in literature. In some form, directly or indirectly, all that is good and righteous can be traced to the Bible. Men have unconsciously done great things and then turned to the Bible to find their parallel. Go where you will and do what you may, there will always be found its antecedent in the great Book.

Cost of Royal Funeral.

The double funeral of King Carlos and the Crown Prince of Portugal has involved the expenditure of a large sum, but in this as in other directions, Royalty has of late years shown a worthy desire for economy. No modern ruler has been buried at the cost of Alexander the Great at whose funeral a million pounds were spent, part of the money going toward providing a solid gold coffin for the dead ruler. The Emperor William of Germany was buried at a cost of £25,000, and the last rites of the Grand Duke Nicholas ran into £40,000. At the funeral of President Carnot 6,000 pounds was spent on flowers alone. A sum of 35,000 pounds was spent on Queen Victoria's obsequies, 8,500 pounds of which went for the entertainment of Royal and foreign guests, and 15,000 for the traveling, food, and accommodation of troops.

The Markets.

There is still a fairly brisk trade in potatoes, but in all other lines there is little doing.

Prices are given the DISPATCH as follows:
Hay, pressed.....\$7.00 to \$8.00
Oats......45 to .48
Potatoes.....1.35 to 1.45
Butter......22 to .25
Eggs......14 to .16

Centreville.

The Sherwood Saw Mill has been shut down for a few days for repairs the action of frost having somewhat interfered with the foundation of the engine. The high water was the cause of some concern in regard to the milldam though not as high as last year.

William Strayhorn says that a large moose crossed the Presque Isle stream near his place last week and passed through the village.

At the regular meeting of County Carleton last week the Delegates were chosen to attend the High Court which meets in St. John on the 12th inst. The Delegates are Rev. W. P. Dunham, H. J. Clark and H. T. Scholey. The change proposed by the Supreme Chief in connection with the old members of the order no doubt will have effect to materially decrease the membership of the order.

H. T. Scholey and Wm. J. Owens were Delegates from the Wilmot and Wicklow Agricultural Society to Fredericton last week to interview the Government in regard to a Society grant.

A large number of real estate changes have been made this spring. Among others Geo. W. Belyea has sold his residence here to Jack Lee.

Ward Webb is building the foundation of his new house which he expects to have ready to occupy in about four months.

Robert R. Reed is now finishing his new buildings on the outside the work being well advanced on the inside.

Byron Gibson has sold his farm in Good Settlement to John Carmichael and bought a farm in Jacksontown.

Three Candidates received the rite of Baptism in the Baptist church last Sunday morning. The rite was administered by Rev. Mr. Freeman and in the evening, eight were received into the church and were given the hand of fellowship.

Benton Clark has accepted an agency for a life insurance company and his many friends hope for abundant success for him in his new undertaking. The depression in fraternal societies caused by the proposal to increase rates will no doubt help the other lines of insurance.

Fred Williams of Knoxford will not go to the Northwest this spring owing to a disappointment in the sale of his place here.

SLEEPING DRAUGHTS AND SOOTHING MIXTURES.

A wise mother will never give her little one a sleeping draught, soothing mixture or opiate of any kind except upon the advice of a competent doctor, who has seen the child. All these things contain deadly poison. When you give your baby, or young child Baby's Own Tablets you have the guarantee of a government analyst that this medicine does not contain one particle of opiate or narcotic, and therefore cannot possibly do harm—but always do good. Mrs. Geo. M. Kempt, Carleton Place, Ont., says:—"I have given Baby's Own Tablets to my baby since he was two weeks old. He was a very small thin baby, but thanks to the Tablets he is now a big, fat, healthy boy." Sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

Floorglaze Makes Floors Sanitary.

No carpeted floor is ever clean. Neither is any floor coated with the usual floor finish. The one is dust laden always. The other harbors disease in its cracks and seams.

Floorglaze coats a floor with a sheer sheet of unbroken beauty, without a crevice a germ can dwell in. And it won't wear off, no matter how you treat it.

Floorglaze is the Enamel that comes in six beautiful shades, to suit any decorative scheme. A gallon covers 500 square feet. It dries hard over night with a fine brilliant gloss. You can put it on right yourself.

Floorglaze makes floors really sanitary, dustless, washable—and it will stand out door weather as well as indoor wear. Floorglaze is sold only by W. F. DIBBLEE & SON, The Hardware Dealer.

That good time is drawing near. What good time? The CANTATA in the New Opera house. When is it coming? Friday evening, May 29th, and a matinee Saturday afternoon May 30th.

Fourteen California Oranges for 25c at H. G. NOBLE'S Grocery.
