**161-11**

Is that J. W. Astle's?

I want some insurance, and everybody says you have the best, that your companies are the oldest and strongest, and never dispute their claims.

It most certainly pays to have the best.

**Butter Parchment For Sale at The Dispatch Office.**

**FIRE PROTECTION.**

**Do The Woodstock School Buildings Conform to Modern Requirements?**

The recent tragedy in Cleveland when a school building containing about 160 school children was burned to ashes, has naturally aroused a good deal of interest among parents everywhere as to the safety of their own children in public schools.

THE DISPATCH has been requested by several ratepayers to investigate the local situation and give publicity to the existing condition. In looking over the College building it has been gratifying to learn that there is only one room in the whole building that might be considered a death trap. We refer to the room on the second storey in the southern wing from which the only exit is through another room that is usually crowded with children and down stairs through the main corridor. This could be remedied at once at a very small expense by building a back stairway leading directly into this room. We found several of the doors within the building opening the wrong way and this also could be easily remedied.

Although it seems a waste of money to put further expense on this out-of-date building that so poorly serves our present needs, we would strongly recommend to the school board that in addition to the above changes, a system of fire alarm should be immediately installed in every room of the building. We believe in the efficacy of fire drill, and all the grades should see to it that this sort of discipline is perfected, but the children who were burned in the Montreal school fire as well as those in Cleveland were all expert in the fire drill. Every reasonable precaution, therefore, should be taken against the possibility of fire in this ancient and unsanitary structure.

In the Broadway school building there are six rooms each room having two entrances. The building is heated with a furnace and there is no danger whatever in case of fire. The rooms are bright, cheerful and sanitary, although the desks, except in the new wing, are very much out of date and should be replaced.

**Waterville Trot.**

Baring a few slight accidents the waterville trot was highly successful. The contests were run over a three quarter mile course on the mill pond, March 13th, and racing conditions were fine. Many local and outside horsemen were in attendance. Brown Dick; and H. A. D. by Allendref lost their shoes and then a race promising much fun, was hindered.

Doty Glen, owned by Newman Black and Leading Lady, owned by Donald Plummer tried conclusion. After a spirited sprint Doty Glen carried away the honors.

Henry Birmingham's Alice D., and A. E. Plummer's Scotia had a two neat brush, Alice D. winning. Scotia did not show her usual style, breaking very badly.

A large crowd was in attendance and expressed themselves as greatly pleased.

**Henry H. Moxon.**

Henry H. Moxon, a resident of this town for a number of years, died at his home Sunday morning after a brief illness from the effects of an operation performed Saturday for internal trouble. Deceased was twenty-four years of age and was a general favorite.

He was proprietor of a grocery store here. He was born in the parish of Woodstock and came here with his mother from Benton after the death of his father about twelve years ago.

His mother and one sister, Mrs. Heber Connell, of Woodstock, survive. The funeral was held on Monday the interment being made at Oak Mountain cemetery.

**The Morris Troupe at the Opera House.**

Entertainers from London are giving an exhibition this week at the opera house in connection with the Cinematograph Motion Picture. Prof. Morris, acrobat, contortionist and stretch artist, is wonderful. Mrs. Morris, the world's strong woman and giantess, in marvellous feats of strength bands horse-shoes and iron bars, also allows a 200 pounds stone broken on chest. Two tiny tots in contortion work. With an excellent collection of motion pictures. Monday, Wednesday and Thursday evenings. Each night different programme of specialties and pictures. No extra charge. Usual admission, 10 cents to all.

**Card of Thanks.**

Mr. LeBaron Bull and Mr. and Mrs. Edward True wish to thank their many friends for acts of kindness and assistance during their sad bereavement.

JOHN SCOTT'S Mill Fredericton Junction burned last week. It was erected last fall at a cost of 3,000 and a crew of upwards of fifty men. There was no insurance.

**American Consulate to be Closed.**

The United States Senate have decided to abolish some fifty of their Canadian Consulates. We extremely regret to learn that the office which Mr. F. C. Denison has so ably filled during the last twelve years in this town is among the number, though Mr. Denison has received no official notification of the fact as yet. In the abolishing of this important office in so central a locality of New Brunswick it is difficult to see how or where the local business will be transacted. It was only last year that Fredericton lost its consulate and so urgent were the citizens in bringing their needs to the attention of Washington that a strong delegation who visited the Capital succeeded in procuring the reappointment of the consul. If Woodstock would take a similar action in speaking as they could for a much larger volume of business, it is more than likely this important centre would not be deprived of an official representative of the American government. Mr. Denison and family during their residence in Woodstock have made a host of friends among all classes of our people. If in the end his removal should be decided upon, it would be a great loss to the community not only for the social position which he and his family so gracefully filled. It will be a matter of general and most sincere regret if such an unfortunate occurrence should be.

**Edward S. Boyer.**

The death occurred at his residence on Saunders street, Fredericton, Friday morning, March 13th, of Edward S. Boyer, aged 69 years, after an illness of complications of kidney trouble.

The deceased is survived by one son, Rev. H. R. Boyer of Gibson, and one daughter, Mrs. Fred E. Tedford, of Newburyport, Mass. One brother, Charles Boyer of East Florenceville, and three sisters, Mrs. Walter Tompkins, of Bristol, Carleton county; Mrs. Dickinson, of Windsor; and Mrs. George Hartley of East Florenceville also survive.

**Childhood Indigestion**

**Means Sickly Babies.**

The baby who suffers from indigestion is simply starving to death. It loses all desire for food and the little it does take does it no good; the child is peevish, cross and restless, and the mother feels worn out in caring for it. Baby's Own Tablets always cure indigestion, and make the child sleep healthily and naturally. Mrs. Geo. Howell, Sandy Beech, Que., says: "My baby suffered from indigestion, colic and vomiting, and cried day and night, but after giving him Baby's Own Tablets the trouble disappeared and he is now a healthy child." The Tablets will cure all the minor ailments of babyhood and childhood. Sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams Medicine Co., Brockville, Ont.

**Adventist Conference.**

The New Brunswick Adventist Christian Conference was in quarterly session at Middle Simonds from Friday to Monday. The meetings were largely attended and ministers present were Rev. Benjamin Corlies, Milltown, Me., Rev. O. S. French, Fort Fairfield, Rev. C. A. Archer, Mapleton, Me., Rev. A. H. Kearney, Woodstock, and Rev. G. Hiram Raymond of Simonds. Preaching on Sunday forenoon was by Rev. Mr. Archer; in the afternoon by Rev. Mr. French. Mrs. C. D. Dickinson, secretary of the conference, gave a splendid address in the evening.

**MARRIED.**

CRAIN-GIBERSON.—At the residence of the officiating minister, Rev. H. Judson Perry, M. A., pastor of the Baptist church, Grand Falls, N. B., on March 11th inst., Mr. Perry N. Crain of Van Buren, Me., formerly of Bath, N. B., was united in marriage to Miss Emma M. Giberson of Bath. The happy couple will reside at Van Buren, where Mr. Crain has a good position with the Van Buren Lumber Company.

PUDDINGTON-CURLESS.—At Grand Falls, N. B. March 3rd, by Rev. Mr. Sprague, assisted by Rev. Mr. Hopkins, Estella Marie, daughter of Mr. and Mrs. Charles Curless, to Dr. B. A. Puddington of Grand Falls formerly of this city.

**DIED.**

CROUSE.—Mrs. Sarah Crouse relict of the late Uriah Crouse formerly of Charleston, died March 7th, at the residence of her son, Emerson, Centreville, aged 94 years 8 months.

**BUSINESS FOR SALE.**

Store and dwelling in connection at Jacksonville, Carleton County, N. B., with corner lot of land. Store 20 x 45 feet, beside warehouse room for heavy stuff. Stock of Dry Goods and an assortment of first class Groceries. This is a good business stand in a fine locality. Can show correct figures of last year's trade. Ill health from effects of an accident only reason for offering for sale. Post Office in store. Daily mail for fifty-five families. Address, or apply to  
NELSON TURNEY,  
Jacksonville, N. B.  
3-18-41.

**The Markets.**

There is no one to blame for it: prices have taken a huge tumble and many farmers are left with their hay and potatoes "waiting for the prices to come up." The DISPATCH is interested in seeing the farmers of the country get the very best prices for the stuff they have to ship for in the farmers prosperity lies the whole matter of good times. But now prices for hay and potatoes have gone flat and those who did not take advantage of the good prices are entitled to very little sympathy from anybody. The advice given in this column four weeks ago was good advice—farmers were urged to sell on a rising market, not wait until the tide turned.

There is no reason to believe that either hay or potatoes will come up again. Montreal and Toronto markets are now being supplied to a good extent by the farmers who live within hauling distance of the cities; besides the quality of New Brunswick spuds is such as may ruin our prospects for shining in the Upper Canadian markets forever and a day.

Prices on Monday were as follows:

Hay, pressed.....	\$7.00 to \$8.00
Oats.....	.40 to .42
Potatoes.....	1.20 to 1.30
Butter.....	.22 to .24
Eggs.....	.20 to .25

There is little demand for other lines. As usual the price of eggs and butter varies according to the locality.

**GOLF.**

The ladies of the Golf Club met in the Armoury on Monday and elected officers for the coming season:

- Mrs. W. P. Jones, President.
- Mrs. Wm. Dickison, Vice pres.
- Miss B. K. Dibblee, Secy-treas.
- Tea committee.—Mrs. A. B. Connell, Mrs. T. F. Sprague, Mrs. R. Welch.
- Green committee.—Mrs. W. B. Belyea, Miss A. M. Rankin, Miss A. G. Connell.
- President of L. G. A. Mrs. W. L. Carr.
- Vice President, Miss Mary D. Clarke.
- Delegate, Mrs. A. D. Holyoke.

It was decided that the ladies from St. Stephen should be invited for May 24th.

**The Lumber Industry.**

F. E. Sayre & Company's mill at Hartland was closed on account of a breakdown on Friday but started up again on Monday. Lath sawing for the winter season will be completed probably by the last of next week, after which the mill will undergo a thorough overhauling for the summer's cut. It is expected the sawing of long lumber will begin on April 20th, almost a month earlier than it did last year. The winter has been favorable to lumbering on the Becaguimac as it has been everywhere else, and the Sayre concern has cut about 5,000,000 feet, of spruce chiefly, which will keep the millmen busy until the pond freezes next fall. The men are hardly through with the work in the woods yet, but a few days will see the end of operations. The entire output of the winter's operation of the lath machine is being held for better prices. However shipping will begin about April 1st, when the 3,000,000 will be shipped to the American market. Last summer's cut is still in the yard, but was sold long ago to American parties. The shipment of this is now begun.

The Peel Lumber Company's mill at Stickney is in daily operation and gives employment to a large number of men. All kinds of lumber is being cut and shipped to the American markets.

J. K. Flemming's mill at Hartland is running full blast and both hard and soft woods are being cut. Most of the hard wood is sold to the C. P. R. and sent to Montreal where it enters into the construction of freight cars.

**THE HOULTON  
DRAMATIC CO.**

WILL PRESENT

**"The Spy of Gettysburg"**

In Graham's Opera House,

**Thursday, March 26.**
