REAR-ADMIRAL HICHBORN PRAISES PE-RU-NA.

Peruna Drug Co.,
Columbus, Ohio.

Gentlemen:—After the use of Peruna for a short period, I can now cheerfully recommend your valuable remedy to any one who is in need of an invigorating tonic.

Very respectfully,
PHILIP HICHBORN.

REAR-ADMIRAL HICHBORN.

IF ALL the men and women who have used Peruna and found it beneficial should write testimonials giving the plain facts, we would be overwhelmed with certificates.

But only now and then one who has been benefited by Peruna stops to give any public acknowledgement of a cure.

Various considerations prevent people from writing testimonials for publication. Inordinate modesty, oversensitiveness and business considerations forbid many people from writing testimonials who otherwise would be glad to do so.

All Classes Represented.

But in spite of all these considerations, thousands of people without any solicitation whatever do write testimonials for Peruna.

We receive these from men of high degree and low degree, from the army and the navy, from the hall of congress, from the colleges, from high officials in the church, from the society belle and the washerwoman, from the military man and the civilian.

We have never put into print but a small per cent. of those actually received.

Sincere Testimony.

In presenting the testimonial of Admiral Hichborn we appreciate the high rank of our testifier.

We feel sure that his testimonial will appeal to others as it does to us, that nothing but a genuine wish to do others good would have impelled a man in such honorable rank to give public testimony to any remedy, however valuable.

The Admiral is altogether too busy a man to answer letters of inquiry, but the reader can rest assured that his testimony is given in his exact words, over his signature.

Genuine Endorsements.

Our testimonials are and always have been given in the exact language of the testifier, with which we take no liberties whatever in adding to or changing them.

In the use of testimonials we have always received them properly signed, in good faith, have published them in good faith, and if there has arisen a slight misunderstanding concerning them, it has been some unavoidable complication occurring after the testimonial has been furnished us.

A Captain's Letter.

Rudolph B. Schwieckardi, Capt. 39th N. Y. Vol. Inf., writes from Washington, D. C.:

"Having the fullest confidence in the efficacy of Peruna, both as a tonic and as a remedy for catarrhal trouble, I commend its use in the strongest possible terms. It should be in every household."

sons reside. Anyone wishing a home conveniently located would do well to see this place before buying elsewhere.

Dr. H. A. Green recently shipped to Oregon one of the finest mounted moose heads ever seen in this locality. The head was opened crated and the beauty and similarity of the antlers would cause it to be admired by thousands on the way to its Western destination.

Mrs. Isaiah Hartley of Tracy Mills died at her home on Sunday the ninth (inst) after months of severe suffering. Leaving a husband and grown up family to mourn the loss of a devoted wife and mother. She was a good woman and in her departure we are reminded of the words. "These are they which come up out of great tribulation having washed their robes and made them white."

The heavy rain of Saturday has bared the fields again to some extent and the deluge of water made the roads almost impassible in places and on Monday it is quite spring like.

It was announced here on Sunday that Rev. Dr. Keirstead would preach here on Sunday the 23rd inst., his subject being that of Temperance.

Rev. Mr. Ayer gave a very interesting discourse last Sunday from the words "Except your righteousness exceed that of the Scribes and Pharisees ye shall in no wise enter the Kingdom of Heaven" and except their righteousness exceed that of the parties who carry about defamatory gossip about their political opponents. They would share about the same fate.

The Van Buren "War to End,

The war between the Van Buren Lumber Co. and Levi W. Pond of the Corporation Driving Co. is about to be settled. For several seasons there has been trouble between the two parties which at one time assumed serious aspects. But now a bill is going through Parliament to regulate the placing of booms in international waters and is intended to cover the difficulty on the Upper St. John. The bill proposes that on streams forming international boundaries lumbermen shall provide

booms or other works which will prevent the logs cut in one country floating into the water under the jurisdiction of the other country.

Edmundston and the G. T. P.

A few days ago a strong delegation representing the town of Edmundston, the Board of Trade, and the county of Madawaska were before the Transcontinental Railway Commission at Ottawa and ably presented reasons why Edmundston should be made a divisional point on the line, and incidentally stated grounds why there should be a repair shop there. The Commissioners gave them a good hearing and promised to look carefully into the whole matter.

Contingent upon the possibility of Edmundston becoming a railway centre, real estate values have become greatly inflated. A hotel property which last year was offered for \$7000 is now held at \$19000.
