A letter, with a request for anonymous publication has been handed the DISPATCH correspondent. The letter is rather lengthy but the gist of it can be given in a few words. The writer is "after" those who have lately been transgressing the county bye-laws by fast and furious driving on the streets and he says: "If there is anything more abominable than a crowd of half-drunken loafers on the corner it is the reckless driving practiced of late upon the narrow streets, where the old,

The author of the letter further states that at least two local magistrates are willing to prosecute under the law if anyone will lay formal complaint. "If the nuisance continues," the writer goes on, "the complaint will be forthcoming." The DISPATCH correspondent suggests that the permission of the owners be secured and a speedway be made on the flat, where, beginning at the bridge, a half mile stretch of level road can be easily obtained. This would avoid any possibility of litigation and enable those who have horses to enjoy the use of them; for driving, in its proper place, is one of the most enjoyable winter sports.

The Use of Headache Powders.

Recently much has been written deploring the use of headache powders. The analysis of the many extensively advertised firms has shown them to contain full doses of very powerful and deleterious drugs, and in many cases death has been found due to their use. Nearly all of these "powders" or "tablets" were found to contain acetanilid and other powerful drugs that should never be used except by the skilled physician.

Imperial Headache Capsules which have been on the market for ten years do not contain acetanilid or any such powerful narcotic but are prepared after a formula that any reputable physician will recommend.

Estey & Curtis Co., Ltd. of Hartland, who are sole proprietors of Imperial Headache Capsules, do not claim to have "discovered" any new or secret principle but have compounded this remedy after having made thorough research under expert medical authority. Imperial Headache Capsules used as directed afford almost instant relief to the sufferer from any form of headache.

Being put up in gelatine capsules they are easily swallowed and dissolve as soon as they

enter the stomach. The old form of powders which were nauseous and apt to spill, or the compressed tablets which "stuck in the throat" and were very likely to pass through the system undissolved, are a vastly inferior form, as every one who ever used the capsules will attest.

Most storekeepers have Imperial Headache Capsules in stock but if yours do not send the price 25 cents for a box of 20 capsules to Estey & Curtis Co., Ltd., Wholesale Druggists, Hartland, N. B.

**Growing Girls
Need Pink Pills.**

This Tonic is Necessary for Their Proper Development and to Insure Health and Strength.

There are throughout Canada thousands and thousands of young girls who are in a condition approaching a decline. The complexion is pale or sallow. Appetite, fickle. A short walk, or going upstairs, leaves them breathless and with a violently palpitating heart. Headaches and dizziness often add to their misery. Doctors call this anaemia—which, in common English, means poor blood. There is just one sure and certain cure for this trouble—Dr. Williams' Pink Pills. These pills make new, rich, red blood, strengthen every nerve and bring a glow of health to pale faces. Do not waste time and money experimenting with other medicines. Do not delay treatment until you are in a hopeless decline. Get Dr. Williams' Pink Pills at once and see how speedily they will restore your health and strength. Here is the proof. Mrs. Joseph E. LePage, St. Jerome, Que., says: "My daughter Emilia began to lose her health at the age of thirteen years. She suffered from headaches and dizziness. Her appetite was poor. She was pale and apparently bloodless. She had no strength and could neither study nor do any work. Doctors medicine failed to cure her and I thought she was going into a decline. She was in this condition for several months when a neighbor advised the use of Dr. Williams' Pink Pills, and I decided to give them a trial. It was not long until an improvement was noticed and the continued use of the pills for 4 months or more completely cured enjoyed the best of health. I feel sure that Dr. Williams' Pink Pills will cure any case of this kind."

Dr. Williams' Pink Pills will cure all troubles due to poor and watery blood such as Rheumatism, sciatica, indigestion, partial paralysis, St. Vitus dance, and the ailments that make the lives of so many women miserable. Sold by all medicine dealers or by mail at 50 cents a box or six boxes for \$2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.

Theodore S. Crabb.

At Lansdowne January the 2nd, Theodore S. Crabb aged 23. He leaves a father mother and 3 sisters and 3 brothers and a large circle of friends and relatives to mourn their loss. He bore his long illness of Consumption with great patience and died trusting in God.

When we see a precious blossom
That we tended with such care,
Rudely taken from our bosom;
How our aching hearts despair.

Round his lonely grave we linger
Till the setting sun is low,
Feeling all our hope shall perish;
With the flower we cherished so.

He shall sleep but not forever,
In the lone and silent grave;
Blessed be the Lord that taketh,
Blessed be the Lord that Gave.

In the Bright eternal City,
Death can never come;
In his own good good time he'll call him,
From his rest to home sweet home.
