Mock Trial Postponed

The mock trial which was to have been held at the opera house on Monday next, has been postponed for causes which were unavoidable. Owing to the elections being called on and throwing a great deal of work upon most of the persons taking part, it was found impossible to perfect the arrangements already initiated. It was unanimously agreed that under the conditions it would be unwise to attempt to carry out the program arranged for.

Sentence Sermons.

Nothing is built by hammering alone. Every live is worth the love we put into it. Things divine are not defended by dodging. The door of truth never opens to the key of prejudice.

Love never knows how much it gives nor what it costs.

It's folly trying to hide a false life behind a fight for truth.

A lot of neglect of men hides behind enthusiasm for the masses.

Pe-ru-na Promptly Relieves Severe Cold and La Grippe.

Mr. T. Barnecott, West Aylmer, Ontario, Can., writes:

"Last winter I was ill with pneumonia after having la grippe. I took Peruna for two months, when I became quite well, and I can say that any one can be cured by it in a reasonable time and at little expense.

Every time I take a cold, I take some Peruna, which makes me well again.

"I also advised it for my daughter who was so ill with prostration that she could not follow her trade of dressmaking. A bottle of Peruna made such a change in her that she has been able to follow her business ever since.

"I also induced a young lady, who was all rundown and confined to the house, to take Peruna, and after taking Peruna for three months she is able to follow her trade of tailoring.

"I can recommend Peruna for all such who are ill and require a tonic."

MR. T. BARNECOTT.

EVERY year, during the inclement weather of winter, there is an epidemic of catarrh. The disease is really catarrhal in nature, but from the form it assumes, has been commonly termed the 'grip.'

Splendid Remedy For La Grippe. Mr. Frank H. Fielder, 213 Pleasant Ave., Montgomery, Ala., formerly principal of Haynesville High School, writes:

"I can truthfully say that Peruna is a splendid remedy for la grippe and a good tonic for building up the system." La grippe is very tenacious when it once gets a firm hold upon the system,

and in addition to a thorough, systemic catarrh remedy, a great deal of patience and persistence in the treatment are required to eradicate the disease.

Peruna, an internal catarrh remedy, is one of the best medicines ever devised to meet the exigencies of these cases. The large number of commendatory letters received by Dr. Hartman, the inventor of Peruna, in behalf of his remedy is proof sufficient of its value as a reliable medicine for the 'grip.'

Prompt Relief.

Mr. Frank Bauer, Minneiska, Minn., writes: "I suffered with la grippe. I took Peruna and in four days I was able to go out."
