WOODSTOCK, N. B., APRIL 29, 1908

Work on the G T P.

Within a week work will be commenced upon the contract which the Willard Kitchen Co. of this city has been awarded for building thirty-two miles of the Grand Trunk Pacific between the Tobique river and Grand Falls. Mr. Kitchen, who is in the city today, stated that the snow on the ground had prohibited work starting before. When the work is in full swing there will be upwards of one thousand men employed by the Kitchen company and the sub-contractors. Mr. Kitchen, estimates roughly the contract price for constructing the thirty-two miles will be about \$3,000,000. There will be a tunnel one thousand feet long. The company will also do the balasting, and will erect the telegraph line and place the ties and rails in position. The building of practically the entire piece of road will be done by subcontractors/Johnston Bros., of Winnipeg, and Ryan & McDonald, of Montreal, will have the heaviest contracts on the line. Johnston Bros. will build one and a half miles which will likely cost \$200,000, while Ryan and McDonald will build two miles which will cost about \$250,000.

Local people who have received subcontracts include : James Kelly, four miles; Cook Kitchen, four miles; Wesley Kitchen, three miles. Others having sub-contracts include Contractor Phillips of Prince Edward Island, who will build one mile, and Philip Pagano, of Montreal, who will build three miles. F. S. Dibblee, of Woodstock, is interested in Mr. Pagano's contract.

The contract calls for the completion of the work in September, 1910.

A terrific thunder storm passed over the northeast portion of York county Sunday evening.

SEEDS

As usual we have the best Seeds obtainable. After twelve years experience with the various firms we are confident that our selection is of the choicest grown and from the most reliable dealers. That tells the whole story, except that we guarantee the seeds to grow, to be true to name. They are put up in the usual packets, or in bulk, in which way many people prefer to buy them, Cheaper seeds are sold by mail order houses-smaller packages, old seeds and no guarantee. YOU SEE WHAT vou're buying here.
