The Market.

During the past week conditions have been perfect for hauling to market and the farmers have not been behind in taking advantage of the good roads and mild weather. Hay has continued to come in large quantities and there has been a big movement in potatoes throughout the two counties that specialize in this product.

The demand for hay continues good and prices hold firm. Oats have been in good demand until the last of the week when they went off in price a little. Potatoes fluctuated between \$1.40 and \$1.50 all the week but on Monday were holding firm at the higher figure.

This week prices are quoted as follows:

Hay, pressed.....	\$8.50 to \$10.00
Oats.....	.40 to .41
Potatoes.....	1.40 to 1.50
Butter.....	.20 to .22
Eggs.....	.22 to .24
Dressed pork.....	.07 to .08
Dressed beef.....	.06

A Plea From a Shooter.

A Hartland correspondent signing his name "A Shooter," writes regarding the encouragement of the local Rifle Associations and deplores the fact that there is no trophy in the county to compete for. He thinks that now when politicians hearts are tender is a good time to bring the matter up. The correspondent says: "In the Provincial Association we have the Pugsley cup, the Denville, and the Fowler cup. Surely the members for Carleton will not let those Honourable gentlemen outdo them in generosity. We therefore expect that between now and our County Shoot we will be presented with a handsome cup."

Plaster Rock May Have a Boom.

The Victoria Co. News gives publicity to a rumour that the G. T. P. is likely to erect machine shops at a point about five or six miles up the Wapskehegan, which is not far from Plaster Rock. The paper says "It is reported that the contracts for here have for the present been turned down and work stopped, as they were considered too high by the company. Plaster Rock and vicinity in the near future bids fair to be one of, if not the largest business centres of the county, with two railways crossing there."

Card of Thanks.

We wish to thank the many friends for their kindness and sympathy during our sad bereavement in the loss of a beloved mother and wife.

Church as Lodgings

The most curious almshouse in England is St. Mary's Hospital, at Chichester. There eight old ladies live actually in the church, a fine old building dating from 1580. It was originally a monastery, but Queen Elizabeth turned it into an almshouse, to endure as long as almshouses exist.

The old ladies have two neat little rooms each, down the sides of the main church, with windows looking out on the garden. They each have a coal supply, a kitchen stove, water and gas.

At a chapel daily services are held. The choir stalls are beautifully-carved old oak, the original seats that the monks used.

An Equivocal Epitaph.

Not so long since a vicar, with whom I was staying, called my attention to the epitaph on a tombstone which stood upright at the very door of his church. It ran, as well as I remember, thus: To the beloved memory of Ann Elizabeth, wife of —, who departed this life —. Also of Emily, second wife of —, who departed this life —. Also of Jane Matilda, third wife of —, who departed this life —. Also of James Martin —, husband of the above, who departed this life —. "To be with Christ is far better."—T. P.'s Weekly, London.

GOVERNMENT ROUTED

**Hazen Wins Decisive Provincial Victory--
Thirty-One for Opposition, Twelve for
the Government and Three Independents.
Smith, Flemming and Munro Have a Big
Majority in Carleton.**

As we go to press, there has just closed one of the hottest contests in the history of Carleton County's electioneering. In the town of Woodstock there was perhaps more of the sinews of war than at any previous provincial election, and elsewhere throughout the county with a few exceptions the campaign was conducted on the same old lines as before. A new element was introduced by the clergymen with their propaganda on behalf of purity in elections. It is said although this campaign was started late, it was a distinct factor in the fight, and there are a few districts where their influence had to be reckoned with. The six candidates put up a stiff fight for the past three weeks, speaking in every nook and corner of the county. Among the outside campaigners who were brought in to assist were the Hon. Messrs. Robinson, Hazen, McDade and McAlpine. In addition to these were the host of local orators, organizers, heelers and workers who contributed their share to the general result. As a consequence of all this energy being thrown into the election there was polled one of the largest votes ever recorded in a provincial election. It was a sweeping victory for Messrs. Flemming, Smith and Munro—their majority being almost four hundred votes over the government candidates. An unprecedented interest was shown in this election not only here but everywhere throughout the entire province. There were many surprises—among them was Queens where the Minister of Agriculture was defeated, and York where the Provincial Secretary went down to defeat by a large minority.

Of the Cabinet Ministers, the Premier, Surveyor General and Attorney General alone succeeded in securing their elections.

This defeat terminates the existence of a government that has been in power about twenty years.

The total result is as follows:—

INDEPENDANT.

Bryne Sarmony Legere

Death of James Foster.

James Foster, formerly of Bloomfield, Carleton Co., died very suddenly at the home of his daughter, Miss Nellie B., at Fort Fairfield, Me., on Feb. 22nd. He was 80 years of age and removed to Fort Fairfield 17 years ago. His wife, formerly Miss Jane I. Carvell of Richmond, three sons, and one daughter survive him.

Town Council.

The regular monthly meeting of the town council was held on Monday evening in the council chamber.

The town treasurer's report for February showed receipts of \$923.39 and expenditures of \$967.21.

Coun. Thorne said that notices as passed by the council had been sent to all delinquent ratepayers stating that after the 10th of March if there was not a settlement the properties would be advertised for sale. Judging the amount already received there was little attention being paid to those notices.

The contract for painting the hose cart was given to F. L. Mooers at \$45.00, and the fire engine at \$15.00.

The following were appointed surveyors of wood and bark: Owen Kelly, R. J. Lindsay, R. Corbett, Geo. F. Smith and Frank Boyer.

A new batch of constables were appointed as follows: Harry Estabrooks, Thos. Gable, W. F. Bolger, Joseph P. Pickel, D. McIntosh, J. H. Bagley, Neil McKinnon, J. W. Woolverton, John A. Lindsay, A. G. Fields, D. Niles and Harry Johnson.

Coun. Thorne thought the Scott Act account should be kept separate from the other town accounts. In regard to the working of the act no complaints had been made to him during the illness of the Inspector.

The tender of the Bank of Montreal for handling the town account was accepted.

C. P. R. Shops to go to Aroostock Jct.?

"According to rumour" says the Victoria Co. News, "good days are in store for Aroostock Jct., as it is said the C. P. R. has decided to move its machine shops now at Woodstock, to that place and also to enlarge the shops. The Company, it is said, now have an option on property at that place, if not already they have bought."

"It was also rumoured that Parth had the first chance for those shops but as usual, prices for property was out of all proportion. If the above is carried out it will be the means of building up quite a good sized village at the Junction, immediately on establishing the works, with prospects of large and permanent increases in the future." It will be a bad thing for Woodstock if, as might be inferred, the divisional headquarters were removed, but Supt. Newcombe, interviewed by THE DISPATCH, says he read the paraphrase in the upriver paper with a good deal of interest and had concluded it was a bit of street gossip such as often passes for news. "Still," continued Mr. Newcombe, "one may not be surprised at what a large corporation like the C. P. R. might do. The Company is putting great expense on the road to fit it for heavy motive power and whatever may contribute to the cheaper handling of traffic will likely be carried out; but as for the changes mentioned in the "News" I can neither deny or confirm the report as I know nothing about it. One thing seems certain, however, and that is no such changes will be made in the very near future."

An Agricultural Society's Enterprise.

The People's Agricultural Society of Simonds have shown a commendable enterprise in purchasing a purebred Clydesdale stallion for the use of its members. Two weeks ago Odbur Shaw went to Toronto and other Ontario points to look up an animal that would exactly fill the bill. This he found on the large stock farm of John Hutchinson, at Millbrook, Ontario. Mr. Shaw arrived at Hartland on Friday with the horse also a mare which he purchased for his own use.

The stallion is a very handsome appearing horse, dark brown in color, and, although he will not be three years old until June 25, he tipped the scales at 1650 the day he left Ontario. He has a full brother five years old that weighs 1990 pounds. The society's new horse, "Gordon Matchless" (reg. 6839) comes from imported stock, and his pedigree shows five registered dams and six registered sires. It is the intention of the society to restrict the service of the horse, for this season at least, to its own membership's purposes; and in consequence of this, many who have not hitherto joined the society are desirous of becoming members.

The mare Mr. Shaw bought for himself is rising six and is nearly as heavy as the other at the present time. Her color is bay; her name and registration number, "Rosexxe" (5523).

Mr. Shaw had a most enjoyable trip and took occasion to visit Niagara Falls.
