**Centerville.**

Rev. Mr. Corey of the North West Mission spoke in the Baptist church last Sunday morning. He gave a very interesting account of the reform movement being carried on there and the great need of funds with which

to carry on the work. The congregation was large and the donation generous.

Rev. Mr. Ayer preached on the "Purity" question in the Methodist church in the afternoon and if the advice given by him was taken by those interested in elections, no one would forever after carry with them a consuming sense of guilt some day that the purity campaign was not commenced soon enough as many of the election "heelers" had already done all their evil work but that is a mere excuse, not a reason for wrong doing.

Beecher McCain living near Florenceville had his barns burned last week with the contents. The fire was caused by a young son of Mr. McCain playing with matches.

Esty Hartley had his buildings consisting of house, ell, barn and shed consumed by fire last Friday. His buildings were near new and his loss will be heavy. He was away from home at the time and but for the assistance of his neighbours would have lost stock and household furniture as well. Much sympathy is felt for Mr. Hartley as he has quite a large family who are too young to be of much assistance in this time of need.

The entertainment given by the young ladies of the Presbyterian congregation was a great success, every number on the programme being appreciated, and the Old Maids Convention gave much merriment to all, especially when Prof. Penkerton transformed the old maids into beautiful young ladies, Miss Perley's reading and Mr. Master's club singing were pleasing features of the evening.

**RHEUMATISM IN THE BLOOD**

Curc it by Enriching the Blood With Dr. Williams' Pink Pills.

There is only one way by which rheumatism can be cured. It must be treated through the blood. Liniments and outward applications may give temporary relief, but they can't possibly cure the trouble. And while you are experimenting with liniments the trouble is every day becoming more firmly rooted in the system, and more difficult to cure. The poisonous acid that causes rheumatism must be driven out of the blood, and you can only do this by making new, rich, red blood through the use of Dr. Williams' Pink Pills.

Mr. Chas. H. Lumley, of Brickford, Ont., is one of the best known farmers in Lambton county. About three years ago, while Mr. Lumley was engaged in threshing, he became overheated, and this was followed by a severe chill that started the rheumatic pains. "Mr. Lumley says: "I did not think anything of it at the time as I was accustomed to being exposed to all kinds of weather. As a result I was unable to go about next morning. I had severe pains in my arms and legs which I treated at first with the usual home remedies. As these did not help me, and the trouble was growing worse the family doctor was sent for, but he did not have any better success. He told me I was suffering from a severe attack of rheumatism, and there can be no doubt about it, as I was confined to my home about four months before I was fortunately advised to try Dr. Williams' Pink Pills. I sent for a supply, and it was not long before I found they were helping me, and by the time I had taken a half dozen boxes the trouble had entirely disappeared. In other respects the pills also greatly improved my health, and I never felt better in my life than I have since taking them. I therefore most cheerfully recommend Dr. Williams' Pink Pills to other similar sufferers."

Dr. Williams' Pink Pills make cures of this kind after doctors and common medicines fail, because they actually make new blood. That is why this medicine cures anemia, indigestion, neuralgia, palpitation of the heart, and the headaches and backaches brought on by the ailments that fill the lives of so many women with misery. Do not take any pills without the full name, "Dr. Williams' Pink Pills for Pale People," on the wrapper around the box. Sold by all medicine dealers or by mail at 50 cents a box or six boxes for \$2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.

**CAUGHT BY THE GRIP-- RELEASED BY PE-RU-NA.**

**La Grippe Is Epidemic Catarrh.**

THE disease now known as 'grip' used to be called 'influenza.' It very closely resembles a cold, but is more tenacious in its hold upon the system and produces more profound disturbances.

Grip is in reality epidemic catarrh. When it once begins it spreads over the country very rapidly.

People do not catch the grip from each other, but each one catches it from the atmosphere.

**"Most Effective Medicine Ever Tried for La Grippe."**

Robt. L. Madison, A. M., Principal of Cullowhee High School, Painter, N. C., is chairman of the Jackson County Board of Education.

He is a writer of occasional verse and has contributed to a number of leading papers and magazines,—religious, educational and secular.

In speaking of Peruna, Mr. Madison says:

"I am hardly ever without Peruna in my home. It is the most effective medicine that I have ever tried for la grippe.

"It also cured my wife of nasal catarrh. Her condition at one time was such that she could not at night breathe through her nostrils.

"In consequence, an inflamed condition of the throat was brought about, getting worse and worse and yielding to no remedy until Peruna was tried."

**Healthy Mucous Membranes.**

Those who are fortunate enough to have perfectly healthy mucous membranes ordinarily do not catch the grip.

The mucous membranes lining the nose, throat and lungs, when in a normal state, are an effectual barrier against the invasion of grip.

But, if there happens to be the slightest catarrhal derangement of the mucous membranes, then the victim becomes an easier prey to the grip.

This in part explains why some people get the grip, while others do not.

The rational thing to do is to keep the system free from catarrh. In attempting to do this most people have found Peruna to be invaluable.

**Systemic Catarrh, the Result of La Grippe. Pe-ru-na Receives Credit for Present Good Health.**

Mrs. Jennie W. Gilmore, Box 44, White Oak, Ind. Ter., formerly House-keeper for Indiana Reform School for Boys, writes:

"Six years ago I had la grippe, which was followed by systemic catarrh.

"The only thing I used was Peruna and Manalin, and I have been in better health the last three years than for years before.

"I give Peruna all the credit for my good health."

The Medical Profession Recognizes The Grip as Epidemic Catarrh.

During an epidemic of grip Peruna should be used. The doses recommended on the bottle are sufficient.

After the grip has once been acquired, Dr. Hartman recommends the use of Peruna in teaspoonful doses every hour during the acute stage, after which the directions on the bottle should be followed.

Experience has shown that the people who use Peruna as a remedy for grip generally recover sooner and are less liable to the distressing and long-continued after-effects of the grip.

When Peruna has not been used during the course of the grip and the patient finds himself suffering from the after-effects of this disease, a course of Peruna should be resorted to.

**Suffered Twelve Years From After-Effects of La Grippe.**

Mr. Victor Patneau, 328 Madison St., Topeka, Kan., member of Knights and Ladies of Security, writes:

"Twelve years ago I had a severe attack of la grippe and I never really recovered my health and strength—but grew weaker every year, until I was unable to work.

"Two years ago I began using Peruna and it built up my strength so that in a couple of months I was able to go to work again.

"This winter I had another attack of la grippe, but Peruna soon drove it out of my system. My wife and I consider Peruna a household remedy."

**Pneumonia Followed La Grippe**

Mr. T. Barnecott, West Aylmer, Ontario, Can., writes:

"Last winter I was ill with pneumonia after having la grippe. I took Peruna for two months, when I became quite well, and I can say that any one can be cured by it in a reasonable time at little expense."

**Pe-ru-na—A Tonic After La Grippe.**

Mrs. Chas. E. Wells, Sr., Delaware, Ohio, writes: "After a severe attack of la grippe, I took Peruna and found it a very good tonic."

Mrs. Jane Gift, Athens, Ohio, writes:

"Six years ago I had la grippe very bad. I read a testimonial of a woman who had been cured of grip by Peruna. My husband bought me a bottle of Peruna. I was soon able to do my work. I continued using it until I was cured."

**BEREFT.**

I miss thee when Aurora tints the morn  
And wakes the earth to greet the newborn day;  
When sunset hues the purple West adorn  
I watch them pass, as thou hast passed away.  
Oft in the slumb'rous silence of the night  
I dream that thou, as in the days of yore,  
Art mine again, but with the morning light  
I wake to find thee lost, and gone before.  
Long, long have I in vain endeavor sought  
To lure thee back to thine own natal roof:  
One sign of thee! Ah me, how I have wrought  
For that! But still thou hold'st thyself aloof.

Tell me, will naught avail to woo thee back?  
Lost I feel from the earthly crown I own,  
Must I henceforward thy soft presence lack,  
And plod Life's weary pilgrimage alone?

'Tis all in vain! Ah well, so let it be;  
I'll face the world in manner debonair,  
For untold gold I'd not let people see  
How much I miss my dear departed hair!
