

# SHILOH'S

Quick ease for the worst cough—quick relief to the heaviest cold—and SAFE to take, even for a child. That is Shiloh's Cure. Cures Coughs & Colds quicker than any other medicine—or your money back. 34 years of success commend Shiloh's Cure. 25c., 50c., \$1.

## QUICKLY!

### NEWS FROM THE COUNTY.

WOODSTOCK, N. B., JAN. 15, 1908.

#### Kirkland.

There is not very good sleighing yet. The stork left a young daughter at the home of Mr. and Mrs. Joseph Golding on Christmas Day.

A young son arrived at the home of Mr. and Mrs. John Bastard, Monument Settlement Jan. 7.

Mr. and Mrs. James Jackson went to Addy Me., on Saturday to visit relatives.

George Johnson from Debec was in this place on a business trip to day.

The regular monthly meeting of the Orange lodge will be held to night.

James Boleyn from Woodstock has been out here on a business trip.

Mrs. J. W. Nicholson and daughter have been visiting friends in Maxwell.

Myrtle Davis is visiting in Maxwell.

Rumor says Ida Kennedy has gone away to attend business college.

#### Summerfield.

Times are dull, prices on the fall, wages poor and not much work to do, but still the wheel must roll on.

Our day school is not open yet. Our Sabbath school is in a flourishing condition under the management of Isaac Smith.

James Brown run a nail into his hand and is laid up. He is under the skilful treatment of Dr. Somerville.

Our pulpit is filled by the Rev. T. Price. He is doing a good work.

Winfield Green and wife have gone to Presque Isle to spend their vacation.

John McLean is thinking of going west soon with his family. They will be much missed by all.

We had a fine concert and Christmas tree on Christmas eve. The four sisters in charge, Mrs. C. Brown, Mrs. James Hamilton, Mrs. John Green and Annie Lunn, deserve much credit for the way they conducted the proceedings from start to finish.

We are glad to hear that the young son of Murley Coogee is on the road to recovery.

Our store is better cared for than ever since Mr. Hamilton has brought his pretty bride to help him in his business.

#### Andover.

Miss Grace Winslow, of Fredericton was the guest of Mr and Mrs J A Perley last week.

Harold Perley, of Embro, Ont, came home on Tuesday to be present at his sister's wedding and returned to the West on Saturday.

Herman Turner of the B of M staff at Quebec came home on Wednesday, on a months sick leave. His many friends hope he will gain rapidly under home care.

Miss Mary Stewart went to Halifax to resume her studies at the Ladies College. She was accompanied by Miss Louise Blakeslee of Perth.

Mr Herbert Phillips, traveller for a U S firm was visiting at S P Waite's last week. His many friends were glad to see him.

Mr Tom Bedell, St John, was visiting his family here last week.

Mr and Mrs James Tibbitts were confined to the house last week by illness.

Mrs D B Bopkins, Aroostook Jet, has been visiting friends in town for several days. Dr B A Puddington, Grand Falls, was in town Sunday.

#### Bath.

The farmers and everyone else welcomes the late snow.

Dr. M. E. Commis has gone to St. Stephen for a few weeks sojourn for his health and while there he will be the guest of his father.

The Consolidated Telephone Co., Ltd., are extending their line to Bristol and Florenceville.

Deputy Foster was a caller to Bath on Saturday last.

Mr. and Mrs. Alexander McDonald of Carlow left by the C. P. R. on Saturday for Portland, Me., where they intend making their home with friends.

J. R. Tracey who has been for a few days on the sick list is improving.

Miss Emma Barker who has spent some time away in U. S. has taken the school at Middle Simonds.

Miss Maude Stanlake has charge of the Wicklow school for the present term.

H. E. Grey arrived home on Friday from an extended trip in Boston, Lowell and other U. S. Cities but says he sees no place more home like than old New Brunswick.

Mrs H. H. Banks will be at home, Bristol on the 21, 22, and 23rd. inst.

### "HAY SHIPPERS HAVE COMBINED!"

So Say Some Farmers in the County--An Outsider's View--Current Prices.

Some farmers have expressed the belief that the "buyers have combined to put the price of hay down." This idea, of course, does not emanate from Carleton County's large class of intelligent farmers who read and think for themselves, yet it is heard in many sections of the county and from those who should know that the buyers make more money when the prices are high. The real cause of hay "slumping" was given, in part, in this paper last week. All the Canadian markets are well supplied and since the export business suddenly dropped off St. John has been swamped with immense quantities of hay that had been bought for shipment to the country. Hence the drop in prices.

The open winter is a factor to reckon with in looking for the cause of the decline in prices, and those who last year had to pay \$18, to \$20, per ton for hay to keep their stock from starving disposed of their herds when, in haying time, it was evident the crop was a failure. Therefore there is not the same demand for hay that there was last year while Carleton County is estimated to have produced fully one third more.

There is nothing whatever from the present outlook to give farmers any hope for extorting four or five dollars more than the usual price for pressed hay. Two years ago, and before, \$8 was considered a good price for hay. Why should it not be considered so now?

It is a fact that many farmers having 60 to 100 tons refused to sell "because," they said "they'll have to pay us \$15, or more later on." These are the people who cry that "the buyers have combined to put prices down. These are the sore-heads—those who by their greed let the opportunity of a life-time pass, in spite of repeated warnings, "hoping for the higher prices that never came."

That the snow went off last week was a blessing in the sense that it prevented the farmers shoving their hay in when the market was already glutted. During the week since, however, there has been a clearing out and the farmers have reason to hope that so long as conditions are normal there will be a fairly steady market for hay at an average price of \$8.

Local potato dealers seem inclined to the opinion that unless the American market goes away up that farmers here will not be able to get more than a dollar a barrel for their potatoes. Montreal and Toronto markets seem amply supplied with local stock and dealers are unwilling to take chances on any more New Brunswick potatoes this year. If the prices improve in Boston there may be offers here of \$1.10 to \$1.20 but more can scarcely be looked for.

There are more potatoes in the county today than there were last year and there will be no such demand for such stock next spring as there was last.

The following taken from Fredericton cor-

respondence to the St. John Globes gives the opinion of an out-sider, a C. P. R. official, who is in a position to speak with authority:

Guy Johnson, travelling freight agent of the C. P. R., while in the city with other officials, stated that as yet there had been no movement of potatoes in quantity from the upper St. John river district, but as soon as sufficient snow comes for good hauling a large movement was expected. He said that in Victoria and Carleton counties last year the potato crop was one million bushels, but this year a crop of three million bushels was expected. The rot, rust and frost had so affected potatoes in these two counties, however that the output of potatoes in shape for shipment was not more than the same as last year—one million bushels. To take care of the business in those two counties for Ontario and Quebec points two hundred C. P. R. lined cars have been put in commission and are proving of great convenience to shippers. One hundred and fifty of these cars were built during the past year for this service.

"There has been a big drop in the prices of hay and oats during the past few days in the counties on the upper St. John. The bottom has fallen out of the market and prices are away down. Guy Johnson stated last evening that there had been a big movement of hay from Aroostook to New England points this year and also large movement of hay and oats from Carleton and Victoria counties to Canadian points and to St. John West for export. The price of hay in Canada has been so good this year that no Canadian hay has been shipped to the United States. Only a short time ago oats brought 4 to 5 cents and hay was selling in Carleton and Victoria counties for export at from \$10 to \$12 per ton. In Aroostook county \$10 and \$11 per ton is being paid for hay."

The prices ruling throughout the county on Monday morning were as follows:

|                     |                  |
|---------------------|------------------|
| Hay, pressed.....   | \$8.50 to \$9.50 |
| Oats.....           | .35 to .36       |
| Potatoes.....       | .90 to 1.00      |
| Buckwheat meal..... | 1.60 to 1.75     |
| Beans.....          | 2.00 to 2.75     |
| Dressed pork.....   | .06 to .07       |
| Dressed beef.....   | .04 to .05       |
| Eggs.....           | .22 to .24       |
| Butter.....         | .20 to .22       |

#### FROM THE ANTILLES.

#### Chamberlain's Cough Remedy Benefits a City Councillor at Kingston, Jamaica.

Mr. W. O'Reilly Fogarty, who is a member of the City Council at Kingston, Jamaica, West Indies, writes as follows: "One bottle of Chamberlain's Cough Remedy had good effect on a cough that was giving me trouble and I think I should have been more quickly relieved if I had continued the remedy. That it was beneficial and quick in relieving me there is no doubt and it is my intention to obtain another bottle." For sale by all dealers.

#### Filing a Bill

An attorney, who had a remarkable nose and pointed nose, once told a lady that if she did not immediately settle a matter which he had in hand, he would file a bill against her. "Indeed, sir," said the lady, "You need not file your bill, for I am sure it is sharp enough already!"

## Locomotor Ataxia Cured by Dr. Williams' Pink Pills

Read the Strong Testimony of a Man Who was Helpless for Years and Whom Hospital Doctors Said was Incurable.

Locomotor ataxia is a disease of the spinal cord, characterized by peculiar disturbances of the gait, and difficulty in governing the motion of the legs. As the disease progresses there is a total inability to walk. One of the easiest signs is a tired feeling particularly noted in the knees and ankles. Often a numb feeling is associated with it. As the disease is of slow growth, some cases covering a period of years, the increase and intensity of the symptoms is not noticed, but it's progress is constant and gradually approaches a total lack of feeling in the legs, causing a wobbling gait and entire inability to govern the steps. As it grows the patient loses control over the bowels and water. A further symptom is the sensation of a pressure at the waist, as the upper parts of the spinal cord becomes affected.

Locomotor ataxia is stubborn in yielding to treatment, and before the discovery of Dr. Williams' Pink Pills was considered incurable. It has been fully demonstrated, however, that this disease can be cured by Dr. Williams' Pink Pills for Pale People.

The length of treatment required depends upon the stage at which it is commenced. It is dangerous to delay taking the pills after the presence of the disease is recognized, although this medicine has wrought cures in many cases of long standing.

We give the following statement of Mr. Henry Furzer, a well known resident of Delta, Ont., in proof of the claims that Dr. Williams' Pink Pills will cure this most dreaded of diseases. Mr. Furzer says: I am deeply grateful that I am able to write you and let you know the great benefit I have derived from the use of Dr. Williams' Pink Pills. Some years ago, while working on the Grand Trunk Railway, I injured my back while lifting a heavy weight. Gradu-

ally the trouble grew worse and I was taken to the hospital at Brockville. The treatment there seemed to help me and after some weeks I returned to work. I was only at work a few days when the trouble returned worse than before. Again I went to the hospital, blisters were applied to my spine, but without avail. The doctors told me I had locomotor ataxia, and that there was no help for me, as I would never be able to use my legs again. I returned home in the belief that I would always be a helpless cripple, and that death only could bring relief. I gradually got worse and worse. There was absolutely no feeling in my legs. I lost control of both bowels and bladder, and suffered great torture from a girdling pain about the waist. I was in fact a complete wreck and could scarcely sleep at night. Finally a friend asked me if I had ever tried Dr. Williams' Pink Pills, and on my saying no, he got me a supply and I began to use them. It was quite a while before I found any benefit, but finally relief began to come. The pains about ceased. I slept better and my appetite was better. Then the feeling began gradually to return to my legs, and then I was again able to stand alone. As time went on the improvement continued, and I was at last able to go about with the use of a cane, and I could get in and out of a buggy without assistance. I scarcely hope to be the vigorous man I once was, but only those who have suffered as I did can imagine the great gratitude I feel for what Dr. Williams' Pink Pills have done for me. I strongly and sincerely advise similar sufferers to give this medicine a fair trial."

You can procure Dr. Williams' Pink Pills from any medicine dealer or by mail at 50 cents a box or six boxes for \$2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.

### Mr. Balmain's Requisition.

Yielding to a requisition signed by many citizens, George E. Balmain has acceded to the wishes of a large number of citizens whose signatures are appended and will offer himself as a candidate for the Mayoralty of the town at the election next Monday.

The requisition reads:

GEO. E. BALMAIN, ESQ.  
Dear Sir:—We, undersigned ratepayers of the Town of Woodstock, have confidence in your zeal and ability, and believe that you would make a capable head of affairs for the said town, and would respectfully request that you allow your name to be placed in nomination for the office of Mayor for the year 1908.

If you decide to accede to our request, we pledge you our hearty support.

## CHRONIC CATARRH NOSE AND THROAT

"At the Advice of Friends I Tried Peruna and the Results Have Been Highly Satisfactory."—So Writes Mr. Pilon.

MR. RAOUL PILON, 116 Rue Notre Dame, Lachine, P.Q., Can., writes:

"I write you a few words to express to you my satisfaction at being cured. I was afflicted with catarrh of the throat and nose and suffered much. I was greatly discouraged. I had a bad breath and bad taste in my mouth in the morning.

"I took treatment for some time without obtaining relief. At the advice of friends I tried Peruna and the results have been highly satisfactory. At the end of four months I was completely cured."

Neglected catarrh becomes chronic. Having developed into the chronic stage, a longer and more persistent treatment will be required to cure it than if the disease were treated at the onset.

However, Peruna will bring relief, whether the catarrh is acute or chronic. If you are wise you will keep Peruna on hand and take a few doses at the first appearance of a cold or cough, and thus save yourself both suffering and expense.

Patients have the privilege of writing to Dr. Hartman for free advice. A book on "Chronic Catarrh" will be sent upon request.

#### Hanson--Perley.

A very pretty and interesting event took place on Wednesday, the 8th inst., at Trinity church, Andover, at high noon when Agnes Louis, only daughter of Mr. and Mrs. J. Allen Perley was united in marriage to Nelson Arthur Hanson, of Montreal, by the Rev. Mr. Bedell. The bride entered the church to the strains of Mendelssohn's wedding march and was given away by her father. She was gowned in white brussels net over white taffeta and bridal veil and looked very pretty as she entered the church leaning on her father's arm. She carried a bouquet of Lily of the valley. Her cousin, Miss Helen Perley, acted as bridesmaid and wore a pretty costume of pale blue silk and white picture hat and carried a bouquet of pink carnations. Howie Murchie, of St. Stephen, supported the groom. Messrs Herbert Baird and Kupkey acted as ushers, while Mrs. Wm. Hoyt presided at the organ. After the ceremony a dainty luncheon was served at the home of the bride, after which the happy couple left on the afternoon express for Montreal, where they will in future reside.

The bride's going away dress was of green broadcloth with hat to match. She was the recipient of many elegant and costly presents and will be much missed in the village as she was one of Andover's most popular young ladies. Her many friends wish them a happy journey through life.

## Our Stock

of Fur and Fur Lined Coats and Jack-ets is too large. In order to clear it out we have reduced the prices very materially. The goods are excellent and the careful buyer will do well to look them over.

We have also a number of Pungs, both Dexter and Straight Stud. Nothing better has ever been offered for sale in New Brunswick.

Fur Robes, too.

# Balmain Bros
