BLOOD MAKING TONIC TREATMENT

A Cure for Anaemia That is Showing Remarkable Proofs of Cures in Stubborn Cases.

When the body becomes weak and run down, either from overwork, worry or severe illness, an examination of the blood would show it to be weak and watery. This condition is called anaemia, which is the medical term for "bloodlessness." The common symptoms are paleness of the lips, gums and cheeks, shortness of breath and palpitation of the heart after the slightest exertion, dull eyes and loss of appetite. Anaemia itself is a dangerous disease and may gradually pass into consumption. It can only be cured by treating its cause—which is the poor condition of the blood. The blood must be made rich, and red, thereby enabling it to carry the necessary nourishment to every part of the body.

Dr. Williams' Pink Pills are the greatest medicine in the world for making new, rich blood and they have been curing anaemia and other blood diseases for nearly a generation, and are now recognized the world over as an invaluable household remedy.

Mrs. D. Estabrook, Brooklyn Road, N. B., says:—"My daughter Gertrude, who is now in her sixteenth year, was sickly from early childhood, we were constantly doctoring for her, but it did not seem to help her in the least. In fact as she grew older she seemed to grow weaker. She was always pale and listless, suffered from headaches, dizziness and palpitation of the heart. She did not rest at night, and would often toss and moan the whole night. Finally she had to discontinue going to school, and as she was continually taking doctors' medicine without benefit I grew discouraged, and feared we would lose her. Friends urged us to give her Dr. Williams' Pink Pills, and I finally decided to do so. By the time she had taken three boxes there was an improvement, and a little later she was able to return to school. From that on she grew stronger, had an excellent appetite, slept well at night, and is now as healthy a girl as you will see. I believe that Dr. Williams' Pink Pills saved her life, and as a mother I would recommend these pills to every family in which there are young girls.

All medicine dealers sell these pills or you can get them by mail at 50 cents a box or six boxes for \$2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.

"Nellie," called down the strict parent, giving his daughter's nightly caller the usual warning to get out, as the clock struck eleven, "I'm going down there now!"

"You needn't mind, father," was the unexpected reply, "Mr. Wells has wound up the clock and put out the cat."—Charles C. Mullin.

They were under the care of Dr. Cummins, and Saturday a new case was discovered in the family of John Kinney. No new cases were reported since.

Playing School.

"How many seed compartments are there in an apple?" he queried.

No one knew.

"And yet," said the school inspector, "all of you eat many apples in the course of a year, and see the fruit every day, probably. You must learn to notice the little things in nature."

The talk of the inspector impressed the children, and they discussed the matter at recess time. The teacher next day overheard this conversation in the play-yard. A little girl, getting some of her companions around her, gravely said:

"Now, children, just s'pose that I'm Mr. Inspector. You've got to know more about common things. If you don't you'll all grow up to be fools. Now tell me," she said, looking sternly at a playmate, "how many feathers has a hen?"—Selected.

RESIDENCE AND PHOTO OF J. E. CARSON, TORONTO, CAN.

Mr. J. E. Carson, 218 St. Clarens Ave., Toronto, Canada, Inspector London Life Insurance Co., London, Canada, writes:

"I have used the popular remedy known as Pe-ru-na, and I can testify as to its merits. I regard it as one of the best tonics now on the market."

TORONTO is one of the most beautiful cities in the world. It is a city of homes and churches, a city of intelligence and good government, a city of healthful climate and beautiful scenery.

Among the many beautiful homes which make up the city of Toronto, is the home of J. E. Carson, 218 St. Clarens Ave. In this home Peruna is revered as a family medicine.

Peruna can boast of being a fixture in over a million such happy homes on this continent, where it is used for the petty ailments that afflict the family.

Coughs and colds, catarrh of the head and throat, sore throat in various forms, disturbances of digestion, catarrh of the stomach, and other internal organs. These ailments, petty in themselves, are often the beginning of very serious diseases.

A dose or two of Peruna taken in the beginning may quickly avert tedious if not fatal illnesses.

Head Stopped Up.

Mr. G. W. Martin, Hartford, Ontario, choir leader at St. Paul's Episcopal Church, writes:

"I have been troubled with catarrh for a great many years, and always trying something for it, but was able only to secure temporary relief until I used Pe-ru-na. Only five bottles rid my system of all traces of catarrh, and I have not noticed the slightest trouble for several months. My head was stopped up, my breath offensive, and it is a relief to be able to breathe freely once more."

Lungs and Bronchial Tubes.

Mr. J. C. Hervus Pelletier, Dept. de l'Agriculture, Ottawa, Ont., writes:

"The Peruna is particularly efficacious in the cure of catarrhal affections of the lungs and bronchial tubes.

"Six bottles cured me this winter of bronchitis. I am completely restored and I owe thanks to the Peruna.

"I have recommended this remedy to a large number of my friends afflicted with the same trouble, and they have verified my good opinion of this valuable remedy."

A Satisfactory Compact.

At a golden wedding celebration the groom of fifty years ago referred to the perfect unanimity and concord there had existed between him and his wife during the long years of wedded life.

Said he, "When we were first married we agreed that she should settle all the small differences that occurred, and I all the large ones. This rule we have adhered to. She has always settled the small disputes, and, my friends, there have never been any large one."—Lucy Lincoln Montgomery.

A man noted as the most unmitigated bore in New York met Clyde Fitch on Broadway recently and hailed him in this wise:

"Hello, Fitch! What's going on?" "I am," was the playwright's rejoinder, and he quickly suited the action to the word.—Henrietta Lazarus.
