The Fort Fairfield Review says that the Eastman Heater Car Co. has leased all its cars to a few Boston firms and to three or four Aroostook shippers, no matter how extensive their operations, how long their connection with the Eastman car, or how great their needs, cannot get a car, and consequently when the weather gets cold all the other shippers must cease operations, or use lined cars. It seems that the Review man does not know that the C. P. R. has for the past

two years leased 500 of the Eastman Heaters and each car is so labeled, and the cars were secured with a view to secure the Aroostook trade. During the past two months from 15 to 50 of these cars, laden with Aroostook potatoes, have come off the Aroostook branch of the C. P. R. every day. Besides this the Canadian road has a series of six hundred lined cars, especially built for the potato trade on this division, and that Aroostook shippers have their command.

It will be easy to remember the date of the first snow storm this year, on the last day of October, Hallowe'en.

The rain on Friday was a good thing for those who still have ploughing to do; that is if the ground does not freeze up right away. We have been having such a perfect autumn that it will not be surprising if there be an early winter, although some have predicted a mild winter and a green Christmas.

Last week Dr. MacIntosh, with Hayden Hamm as guide, went to Nashwaak waters in search of moose. The moose were not at home.

It has been reported in these columns that Reuben Hagerman was set back from the position of night operator on account of his youth. This is a slight error. It was on account of the system of seniority that holds among the railway employees that Mr. Kirkpatrick was given the position here, the latter being one notch ahead of Reuben.

**CONSUMPTION'S STARTING POINT**

Lies in Weak, Watery Blood Dr. Williams' Pink Pills Make the Blood Rich and Red.

Bloodlessness is the starting point of consumption. When your blood is thin and watery your whole health declines. Your face grows pale, your appetite fails and your heart jumps and flutters at the least exertion or excitement. You are always weak and wretched and lose interest in everything. This is the point from which you may easily step into that hopeless decline that leads to consumption and the grave. What is actually needed to bring back health and strength and energy is the new rich blood Dr. Williams' Pink Pills actually make. In all the world there is no other tonic medicine like them, and all who feel weak and easily tried should take these Pills at once, and regain new health.

Miss Ada Burke, The Range, N. B., says:—"I feel that I cannot say too much in favor of Dr. Williams' Pink Pills. In March, 1908, I was attacked with whooping cough which clung to me for several months, and when the cough disappeared I was left weak and run down. All summer I was ailing, but when the autumn came I seemed to be completely worn out. For a whole month I never moved outside the house, and could scarcely walk about the house. I was so weak I had no appetite, my color was a greenish yellow. I had severe headaches and would be almost breathless at the least exertion. I took several bottles of medicine, but it did not help me, and then my mother got me three boxes of Dr. Williams' Pink Pills, when I had used them I was much better, and by the time I had taken another three boxes I was again enjoying the best of health with a hearty appetite, good color and renewed energy."

If you want new health and new strength try Dr. Williams' Pink Pills, a fair use of this medicine will not disappoint you. Sold by medicine dealers or by mail at 50 cents a box or six boxes for \$2.50 from The Dr. Williams' Medicine Co., Brockville Ont.

**Obituary.**

Margaret E. Henderson Gilmore was born in Hendersonville, Queens Co., N. B., May 25th, 1840 and died at Windsor, Carleton Co., N. B., Oct. 16th, 1908. She leaves one daughter, three brothers, three sisters and a large circle of other mourning relatives and friends. Her three sons died in infancy. She was converted at the age of fifteen, baptized by Rev. Mr. Taylor of the Free Christian Baptist Church, receiving from him the right hand of fellowship. She always remained a member of that denomination.

In the year 1870 she attended the Provincial Normal School in Fredericton. Since that time, with the omission of a few terms, she has taught in St. John and Carleton counties, her last school being in Carlisle, Car. Co. in 1908. She was a successful teacher and delighted in her work. She possessed high ideals, was of ardent temperament and loving disposition. Outside of the school room she busied herself in deeds of kindness and helpfulness.

While yet in her teens she experienced a bitter disappointment in being unwisely withheld by her parents from her heart's ideal in the choice of a husband. As a result of this a strong note of sorrow accompanied her through life. The following lines are copied from her scrap album:—

The dream, the song, the hope, the prayer,  
The heart's one wish was on,  
The page for which we all despair,  
The leaf that's torn and gone.

The lines composed by herself on the death of her children are sweetly pathetic. They prove to us her reliance on God for sustaining grace and the longing desire of her heart to depart and be at rest; to be reunited with her loved ones gone before.

During her last illness she was much in prayer, taking for a full application of the precious blood of Christ to blot out her every sin and transgression, asking His help and blessing in her last hours of great need and thanking the Dear Father for His love and care and sustaining power through the dark hours of her life.

So to her friends the sadness of her passing is tempered with mercy. We know the tired aching heart is at rest and we have the assurance of her acceptance with God.

The body was interred in the Windsor cemetery beside those of her father and mother and sons; Rev. John Perry officiating.

REPEAT IT:—"Shiloh's Care will always cure my coughs and colds."
