Through an error the name of Mrs. E. M. Shaw was given as being the guest of Mrs. J. B. Bowser at Victoria. It should have read Mrs. E. M. Boyer, of Roxbury, Mass.

Mr. R. O'Brien, managing editor and director of the St. John Globe, was in Hartland last week and was a pleasant caller at the DISPATCH branch. Mr. O'Brien says he never before been through the rural sections of the province, except by rail. Last week he did Carleton county pretty thoroughly by team and was highly delighted with the country as he found it. It seemed surprising to him that the young men of the county leave so beautiful a place, and a place of such apparent prosperity, to go out upon the wild prairie where no hills or mountains relieve the monotony and where no beautiful river, as the St. John, flows.

Prof. W. F. Watson.

The above is a portrait of Prof. W. F. Watson of Turman University, Greenville, S. C., of whom a sketch was printed in this paper last week. On Friday evening he delivered a lecture in the Baptist church on "Modern Innocents Abroad," a very entertaining lecture drawn from personal experiences with a party who did Europe a year ago. Among all the grandeurs, and ancient and modern glories of Europe, the Professor selected seven points of greatest interest to him, whereupon to base his lecture. There were: the Bay of Naples, Rome, Valley of Chamouni, battlefield of Waterloo, where topping a giant pyramid stone 200 feet high, sat a brazen British lion, and some distance away another monument erected by France depicting the French spread-eagle with a broken wing. The palace of Versailles, Tower of London and the British Museum were the other points of great interest. Prof. Watson was listened to by a large audience.

The Hartland Civilian Rifle Club was reorganized on July 1st with about 40 members. The officers were A. Plummer, captain Scott Sipprell, secretary; Onslow Miller Roy Rigby, J. E. McCollom, to complete the executive. The first shoot was on the day of organization.

Eight of the club rifles were burned in the big fire of last summer, but new ones to replace them have been issued. However new rifles throughout are expected soon. They will be of the variety known as Mark 2 Ross with Mark 3 sight.

All members of the club are requested to return them to the secretary.

The captain suggests that any members who think of participating in the county match should begin practising.

More Beavers,

Frank McGee, formerly of Carleton Co., now living on the B. F. Good farm, Fort Fairfield, a few days ago discovered a very active colony of beavers on the Johnston lake, so called, just to the rear of the Good farm. There are four members in the colony and the way they are damming up the outlet to the lake is interesting enough. It is only two or three miles across country to the older and larger colony in the Marshall brook Fort Fairfield.—Fort Fairfield Review.

BUSINESS GIRLS LOSE STRENGTH

They Risk Health Rather Than Lose Employment and Eventually Break Down.

Thousands of earnest intelligent young women who earn their livelihood away from home in public offices, and large business establishments are silent suffering victims of overtaxed nerves and deficiency of strength. Weak, breathless and nervous they work against time, with never a rest when headaches and backaches make every hour like a day. Little wonder their cheeks lose the tint of health and grow pale and thin; their eyes are dull and shrunken and beauty slowly but surely fades. Business girls and women because of their work and worry, look older than their years. What they seriously need is the frequent help of a true strengthening remedy to carry them through the day. Dr. Williams' Pink Pills are like actual food to the starved nerves and tired brain of the business girl. By making rich, red blood they supply just the kind of help that girls need to preserve their health and their good looks. They bring bright eyes, high spirits and thus make the days duties lighter.

Miss Alexandrine Bedard, a stenographer residing at 36 Rachelieu St., Quebec, says:—"For the past couple of years I felt my constitution being gradually undermined through constant indoor work, and the great tax on my nerves through the long tedious hours over a typewriter. But it was only some six months ago that the climax came when one afternoon I lost consciousness through extreme weakness. The real seriousness of my condition was then pathetically apparent, as I was confined to my room, lacking even the strength to walk about. I was attended by a doctor, but after being a month under his care showed no signs of improvement. It was at this stage that one of my relatives read of the cure of a young girl whose case bore a striking resemblance to my own, by the use of Dr. Williams' Pink Pills. I began the use of these Pills the next day, and I attribute my complete recovery entirely to them. I had not taken more than three boxes when I began to get better, and after taking the pills for about a month I felt as strong and was enjoying as good health as ever in my life."

You can get Dr. Williams' Pink Pills from any medicine dealer or by mail for 50 cents a box or six boxes for \$2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.

Miss Alanda Myrna Sloat of Centreville, Miss Laura Burpee of Avondale, H. Emery Adams and Lee Nicholson of Tracy's Mills were at the Commercial on Sunday.

Prof. W. F. Watson and family will leave on Friday for a visit at Presque Isle.
