

NEWS FROM THE COUNTY.

Glassville.

On Wednesday afternoon, 12th inst, the Presbyterian church held a very successful church social on the picnic grounds about a mile from the church. The morning clouds caused a little anxiety but soon the sun burst through and everything pointed to an ideal afternoon for an outdoor entertainment. Notwithstanding the fact that some of the farmers were still haying a very large crowd assembled on the grounds and here in the cool shade of the trees a delightful time was spent. At 4 o'clock the large supper table was tastefully decorated and beautifully spread with all that was needed for an excellent repast. A large number of people sat down in turn and were waited upon by a band of willing helpers. As those arose all seemed satisfied and many personally expressed themselves as highly pleased with the supper and the manner in which it was served. This achievement, however, was not without considerable devotion to planning and work on the part of the ladies of the church. These all worked with a will to make the meeting a decided success and in this their efforts were amply rewarded. Besides the supper, the ice cream tent and canteen did a splendid business. The ladies in each of these had many patrons and a good sum was in this way secured. Vocal and instrumental music was rendered and swings and races were provided. Altogether the afternoon was a decided success and the sum of over \$100 has been secured towards painting and repairing of church building.

The session and trustees take this opportunity of gratefully acknowledging the valued contributions and help on the part of the ladies of the church and their friends. The same is also due to the men who in several ways helped in the movement. Thanks one and all who in any way contributed to the success of the meeting.

Four Sunday Schools, viz, those of Upper Kintore, Lower Kintore, Upper Kincardine and Lower Kincardine united and had the day been wholly fine a better time would have been enjoyed. A CASE OF NERVOUS PROSTRATION

Relieved In a Remarkable Manner By Pe-ru-na.

Pe-ru-na is a Systemic Catarrh Remedy.
Especially Adapted to Cases of Nervous Prostration
Caused By Overwork, Mental Strain or Extreme Summer Heat.

IN latitudes where warm weather is of long continuance, the inhabitants become more or less accustomed to it.

In Temperate Zones, however, where the change from winter to summer is great, the system is sometimes poorly prepared to meet the exigencies of hot weather. This is the cause of much sickness.

Stomach catarrh, indigestion and dyspepsia are not among the least of summer ailments.

When the digestion is disturbed, the assimilation is also affected, and as a result the body does not receive the nourishment it should. Lassitude, weakness, brain fog, loss of flesh and nervous prostration are the natural results.

What is needed is a remedy that will restore the digestive organs to their normal condition.

Such a remedy has been found in Peruna. It has proven itself of great value in thousands of cases of this kind.

Its action has been remarkable at times in restoring some patients who had given up all hope of recovery.

But there is nothing strange about Peruna's action. It simply tones up the mucous membranes of the organs involved, restoring them to their normal condition and leaving Nature to perform her duties unhindered.

That person who has sound, healthy mucous membranes lining the entire digestive tract is well-guarded against the usual summer ailments.

Peruna is the means whereby to attain this most desirable condition.

If you suffer from any of the above mentioned symptoms, try a bottle of Peruna.

One bottle of this remedy is often sufficient to convince any one of its merit as a safe and reliable remedy for all catarrhal conditions.

We have many letters of gratitude received from persons who have experienced its benefits.

These testimonials are proof to us that Peruna has not failed in the mission for which it was intended, that of relieving suffering and restoring health.

MR. P. BRIENS, 28 Third Street, Limoilou, Quebec.

"The fatigues entailed by my duties as accountant began to weaken my system about a year ago. I felt that I would not long be able to withstand the severe strain upon my nerves, as, a thing unknown to me before, I would long for office hours to be over in order to rest.

"I gradually grew weaker and a few months later my sight was impaired. I then broke down completely and was obliged to take to my bed. I was also suffering from palpitation of the heart.

"After a few weeks' treatment by a local physician, I was in the same critical condition and as the doctor held out no great prospects for me, I decided to experiment on myself.

"I took several remedies advertised as tonics, but did not derive any benefit. "Peruna was then given a trial, and before I had taken it a week I felt my condition improving. After a few weeks more had elapsed, during which time I followed the directions carefully, my shattered nervous system became firmer, my sight stronger and I hoped to be out soon again.

"My expectations were realized, for in three weeks I assumed my duties as accountant at the office.

"Peruna certainly worked wonders on my system, and for persons run-down from overwork, I believe it is the most efficacious tonic."

Kidneys and Liver.

Mr. George E. Hess, 1611 Broadway, Supervisor of the 2nd District Water-vliet, N. Y., writes:

"It is but just to you to acknowledge with thanks the great help I have received from the use of Peruna. Two years ago I was a sick man. My kidneys and liver were out of order, and the pain in my back and head was at times so severe that I was obliged to give up my work.

"At this time a club friend of mine spoke to me of Peruna, and induced me to try it. The effect it had on me from the first was most remarkable. I knew at once that I had secured the right medicine, and was entirely cured in ten weeks."

Distress After Eating.

Mr. J. W. Pritchard, Columbia City, Ind., writes:

"I am pleased to say that I have been cured of catarrh of the stomach by Peruna.

"I could hardly eat anything that agreed with me. Before I would get half through my meal my stomach would fill with gas, causing me much distress and unpleasant feelings for an hour or two after each meal.

"But, thanks to your Peruna, I am now completely cured, and can eat anything I want to without any of the distressing symptoms. I can now enjoy my meals, and it is all due to Dr. Hartman and his wonderful medicine."
