### Nineteenth Annual Meeting of the Saint John Presbyterial.

One of the most interesting and inspiring sittings of the Presbyterial of St. John was held in St. Paul's church on last Wednesday and Thursday, June 17th and 18th.

On Wednesday evening excellent addresses were given by Rev. A. J. Mowatt of Nashwaak, Rev. Kenneth Grant of Trinidad, and Rev. Dr. Coffin of Trinidad.

The officers for the ensuing year are:—Mrs. R. A. Jameson, St. John, President; Miss Elizabeth Clarke, St. Stephen, Vice-Pres; Miss B. G. Walker, Woodstock, Secretary; Mrs. George McFarlane, Fredericton, Treasurer; Mrs. L. A. MacLean, St. John, Secretary Y. P. Work; Mrs. Loggie, Fredericton, Auditor; Mrs. J. H. Thomson, St. John, Field Secretary.

### Champlain.

This is St. John's Day, and we might also add, the 304th anniversary of the discovery of the St. John river by DeMonts and Champlain.

Perhaps not even in the pages of romance can there be found more stirring incidents than in the career of the Cotter, but apart from this, or even his connection with the discovery of the great river which flows by our doors. Champlain has a further claim upon our attention and regard, for in the face of almost incredible danger and hardship, he paved the way for the colonization of our Dominion and laid the foundations of its future greatness.

It is well then that we should take some thought of him whose services in these respects were so signal and so well recognized that he has been styled by common consent the Founder of Canada. What manner of man he was may be learned from the pages of history, but it is not our intention to dwell upon his character or the events of his life. It need only be said that he was intrepid, brave, upright, and honorable in all things—a noble example for the children of our schools, who are at last being led to see that the history of their own country is worthy of at least as much consideration as the lives of the Saxon Kings, or the musty annals of dead and buried nations.

Champlain passed peacefully away on Christmas Day, 1635. Vive Champlain! His good works can not die, nor can the glory of his untarnished name, so long as honor, truth, and courage are cherished by men.

To-day flags will be raised over the public buildings of the town and we learn with pleasure that special exercises commemorative of Champlain and the day will be held in many of the schools of the county.

### KEEP LITTLE ONES WELL.

If you want to keep your children healthy, rosy and full of life during the hot weather months give them an occasional dose of Baby's Own Tablets. This medicine prevents deadly summer complaints by cleansing the stomach and bowels. The mother who keeps this medicine on hand may feel as safe as if she had a doctor in the house. The Tablets are equally as good for the new born baby as the well grown child. Mrs. W. H. The bride, who was one of the most highly esteemed young ladies of Fillmore, looked charming in a princess dress of white silk mull elaborately trimmed in Valenciennes lace and insertion and carrying a shower bouquet of carnations and sweet peas. Miss Gertrude Good, sister of the bride, who acted as maid of honor, was prettily attired in spotted Swiss muslin.

The bridal party entered the drawing room to the music of the Bridal Chorus from Lohengrin, played by Miss Helen Good. The ceremony which took place under a bridal arch of lilacs and maiden hair fern, was performed by the Rev. Arthur Smith. The bride was becomingly dressed in grey taffeta cloth and wore a silk sash prettily adorned with rose buds painted by the groom, who is a fine artist.

### BORN.

At Woodstock, June 16th, to the wife of G. Sterling Peabody, a boy.

### Letter From Duppa Smith.

Duppa Smith writing to the DISPATCH from Edmundston under date of June 16th, has the following to say of Woodstock boys who are doing well in that country:

I meet a few Woodstock boys occasionally. Aubrey Connell, Herb Dickinson and Jack Hart, who are in good positions and all doing well. B. M. Macleod, manager of the Bank of Nova Scotia, takes a prominent place among the financial men of Edmundston, as well as in golf and club circles, and always has a good word for Woodstock and its people.

Had very pleasant weather during May, bright sunny days and cool evenings. June came in warm and showery and we have had some severe thunder and lightning storms. Lately growth is very rank in all grain crops and grasses, as well as garden produce. Daylight is at 3 a. m. and dark at 10.30 p. m., June 16th, making a long day for growth which makes everything mature rapidly.

The city is going ahead rapidly, new buildings going up in all directions, as well as some large public institutions being built, and still the supply of labor is in excess of the demand.

Hoping to be home shortly and with best regards, I am

Yours truly,

W. DUPPA SMITH.
