WOODSTOCK, N. B. OCT. 7, 1908.

Mrs. Graham, wife of Manager Graham of the Bank of Montreal, entertained thirteen friends from Woodstock on Thursday afternoon and evening.

The great business in potatoes continues. A St. John man and an Ontario man were standing on the river bridge the other day looking in amazement at the constant stream of teams coming from the west side—the tide flowing to the village burdened with spuds and ebbing with dollars. The Ontario man said he saw no such rush in his province, but that it reminded him of the west, where the farmers haul in like manner to the grain elevators. These gentlemen asked many questions about the section of country and the St. John man was surprised to know that there were many farms here worth more than \$10,000. He asked to be shown one, and the farm of Charles McCormack, whose house was less than half a mile away, was pointed out as one which the owner had within the year refused a cash offer of \$11,000, and the same was worth only \$3,000 a few years ago. Strangers who visit Carleton Co. in the harvest time need not go further to see big things in agriculture. As has been the case since the first of Sept. potatoes are passing from through the county at the rate of five or six train loads a day. Three train loads are made up at Hartland every week.

Charles M. Shaw, of Victoria, Grand Director of Ceremonies of the L. O. A., and County Master J. H. Hay of Debec, paid Benton L. O. A., a visit on Saturday evening.

A second despatch arrived about 10.30 p. m., announcing that he was not expected to live. The passenger trains were all gone, but the ladies prepared for the journey and boarded a special freight that passed at midnight and went to Woodstock where they took the morning train for Boston, arriving in Baltimore on Sunday.

His immediate successor here is Harry Law of Canterbury, who will remain until the new line south of here is completed when E. B. Owens of New Burgh will become permanent agent.

Reuben Hagerman, who little more than a year ago took the position as porter, has been appointed night operator; while Herbert Aiten is given the position of partner. There are now three men at Hartland station. Hitherto there has been no night operator, and the appointment of one will make easier the labour of the day agent, who hitherto has frequently remained on duty until two or three o'clock the following morning.

It is expected that the C. P. R. dining rooms will be removed from Newburgh to Hartland very soon, now. Besides being station agent Mr. Owens will also have charge of these. For the accommodation of passengers getting off the train on the side opposite the station a platform has been built between the sidings.

**THE TORTURES OF NERVOUSNESS**

The Sufferer Feels That Unless Relief Comes Insanity Will Follow.

There is no torture more intolerable than nervousness. A nervous person is in a state of constant irritation by day and sleeplessness by night. The sufferer starts at every noise, is shaky and depressed. Often although in a completely exhausted state is unable to sit or lie still. For trouble of this kind absolutely the best thing in the world is Dr. Williams' Pink Pills. The nerves are jaded and jangled because they are being starved by poor watery blood. Dr. Williams' Pink Pills make new rich blood which feeds and soothes the irritated nerves. There is absolutely no doubt about this; thousands can testify of the blood-making, nerve-restoring qualities of these Pills, among them is Mrs. Thos. Harpell, Wallace Bridge, N. S., who says:—"Some years ago I took sick and the doctor pronounced the trouble nervous prostration. To describe the tortures of it is impossible. God and myself only know what I endured. The doctor gave me medicine but it did not seem to help me. Then he ordered me away for a change, but I was afraid to go, as I always seemed to fear some impending calamity, and was afraid to spend the night alone, as I used to think each night that I would die before morning. I tried different kinds of medicines but with no better results, and finally decided I would go to my parents to see if the change would benefit me. I went to their doctor but with no better results. My mother urged me to try Dr. Williams' Pink Pills and got me a box, of course I did not expect a box would help me, but I continued taking them and in about a month began to feel better. From that on there was an improvement in my condition every day, and in the course of about three months I was again enjoying the great blessing of perfect health. I gained about twenty pounds in weight and my friends could hardly believe I was the same person. I believe I would have been in my grave long ago, if it had not been for Dr. Williams' Pink Pills."

Dr. Williams' Pink Pills are good for any disease due to bad blood or weak nerves. That is why they cure such troubles as anaemia, indigestion, rheumatism, neuralgia, St. Vitus dance, paralysis, and the ailments of girlhood and womanhood. Sold by medicine dealers at 50 cents a box or six boxes for \$2.50 or may be had by mail from The Dr. Williams' Medicine Co., Brockville, Ont.

Charles Perkins, who for eight years carried on a monument business here, has removed to Woodstock.
