THE Bijou Amusement Co have leased the Graham Opera House and have renamed it The Bijou Theatre. This Co operates a chain of Theatres throughout the New England States, one being located at Houlton and has been running for over a year. Mr. Seymour the Manager, is a man of large and extensive experience in the continuous show business and the people of Woodstock can rest assured of getting their money's worth every time they visit the Bijou. MISS THOMSON, of St. John, N. B. on Friday afternoon, won the national ladies golfing championship from Mrs. Mussen, of Montreal, on Lambton links, Toronto, by 4 up and 3 to play. This is the fifth year in which the brilliant New Brunswick golfer has taken the national title, and nobody who saw her play will for one moment question her superiority. Mrs. Mussen put up stubborn resistance and was congratulated quite heartily as the champion on the splendid stand she made. This will be good news to Miss Thomson's many friends in the Woodstock Golf club.

It is generally known by the people of Woodstock, except of course the officers, whose business it is to stop such things, that at least two slot machines are in full swing in town, and, it is said, others are in different parts of the country. And we are told that some of the young men who patronize them are out of pocket now about \$100, and they are slipping in all the quarters they can get in their efforts to catch up. Some young men have got into trouble in this way in the past and it doesn't need a prophet to foresee trouble for some of our bright boys if this thing is allowed to continue.—King's Highway.

BETWEEN Hartland and Newburgh at an early hour on Saturday morning four cars of freight, southbound, in charge of Conductor Barney Craig, were derailed. The exact point where the run off occurred was where the new line will tap the old. The work of excavation had gone a little nearer the old road than the contractors thought was safe, the late rain softened the earth and the heavy cars of potatoes careened sufficiently to throw them off. Getting the cars on without throwing them clear over the pitch was a ticklish job, but one that was completed by nightfall. All day Saturday passengers, baggage and mails had to be transferred around the scene of trouble.
