Heart Strength

Heart Strength, or Heart Weakness, means Nerve
Strength, or Nerve Weakness—nothing more. Pos-
sibly, not one weak heart in a hundred is, in it-
self, actually diseased. It is almost always a
"hidden tiny little nerve that really is all at fault."
This obscure nerve—the Cardiac, or Heart Nerve
—simply needs, and must have, more power, more
stability, more controlling, more governing
strength. Without that the Heart must continue
to fail, and the stomach and kidneys also have
these same controlling nerves.
This clearly explains why, as a medicine, Dr.
Shoop's Restorative has in the past done so much
for weak and ailing hearts. Dr. Shoop first sought
the cause of all this painful, palpitating, suffocating
heart distress. Dr. Shoop's Restorative—this
popular prescription—is alone directed to these
weak and wasting nerve centers. It builds;
it strengthens; it offers real, genuine heart help.
If you would have strong Hearts, strong di-
gestion, strengthen these nerves—re-establish
them as needed, with

Lord Roberts not the Attraction.

The grand review of 10,000 members of
the Boy's Brigade held in Glasgow recently
recalls an amusing story of a similar event
which took place in the same city a few years
ago. Lord Roberts had promised to inspect
the brigade battalions, but at the last mo-
ment was prevented by illness. A local offi-
cer was secured to fill his place, and in sell-
ing tickets for the inspection it was thought
only fair to let purchasers know that the dis-
tinguished field-marshal would not be pres-
ent. One small brigade boy came up and
asked for two tickets for his father and
mother. The clerk said, "Do your father
and mother know that Lord Roberts is not to
be present?" To which the boy replied,
with a look of self-confidence, "It's not Lord
Roberts they're comin' to see; it's me."—

Help in Case of Accidents.

Burns and Scalds.—Cover with cooking
soda and lay wet cloth over it. Whites of
eggs and olive oil. Olive oil or linseed oil,
plain or mixed with chalk or whiting. Sweet
or olive oil and lime water.
Lightning.—Dash cold water over the
person struck.
Sunstroke.—Loosen clothing. Get patient
into shade and apply ice-cold water to head.
Keep head in elevated position.
Mad-dog or Snake Bite.—Tie cord tight
above wound. Suck the wound and cauterize
with caustic or white-hot iron at once, or cut
out adjoining parts with a sharp knife. Give
stimulants, as whisky, brandy, etc.
Stings of Venomous Insects, etc.—Apply
weak ammonia, oil, salt water or iodine.
Fainting.—Place flat on back; allow fresh
air, and sprinkle with water. Place head
lower than rest of body.
Cinder in Eye.—Roll soft paper up like a
lamp-lighter and wet the tip to remove, or
use a medicine dropper to draw it out. Rub
the other eye.
Fire in One's Clothing.—Don't run—
especially not downstairs or out of doors.
Roll on carpet, or wrap in woolen rug or
blanket. Keep the head down, so as not to
inhale flame.
Fire from Kerosene.—Don't use water; it
will spread the flames. Dirt, sand or flour is
the best extinguisher, or smother with wool-
en rug, table-cloth or carpet.
Suffocation from Inhaling Illuminating
Gas.—Get into the fresh air as soon as possi-
ble and lie down. Keep warm. Take am-
monia—twenty drops to a tumblerful of water
at frequent intervals; also two to four drops
tincture of nux vomica every hour or two for
five or six hours.

A clergyman writes: "Preventics, those
little Candy Cold Cure Tablets are working
wonders in my parish." Preventics surely
will check a cold, or the Grippe, in a very
few hours. And Preventics are so safe and
harmless. No Quinine, nothing harsh nor
sickening. Fine for feverish restless chil-
dren. Box of 48 at 25c. Sold by all drug-
gists.

In Parliament.

(Montreal Star.)
From a cursory ramble through the names
of the newly elected members of the House
of Commons, I "Pickup" the information
that there is only one "White" man in the
bunch, the nearest approach to him being
"Brown."
Piscatorially, there is a "Lake" for the
"Fisher."
There being "Cash" in the House, you
may go to the "Barr" and order "Cham-
pagne" at any "Price" that is, if you are not
"Owen" anything.
If you are, you might "Currie" favor with
the "Porter" who usually has a "Chew" in
his mouth.
One member will always be "Harty" to
his electorate, and another will be "Glad-u"
see, while a "Parent" will guide and "Fos-
ter" another.
There is a "Kyte" for any member who
"Ames" high.
To crown all, there is a "King" and a
"Devil-in."

Ingraham-Manuel.

A very pretty wedding took place at the
home of Mr. and Mrs. George S. Ingraham,
Southampton, on the 28th of October, at 10
o'clock, a. m. when their eldest son, LeBar-
on, and Miss M. Amber Manuel were united
in marriage by Rev. A. A. Rutledge, assisted
by Murray Manuel, brother of the bride.

Only the immediate relatives were invited—
owing to a recent death in the bride's family.
The bride, who was beautifully gowned in
point d'esprit over white silk, entered the
neatly arranged parlor on the arm of her
father, while the wedding march was being
played by Miss Mary Ingraham, sister of the
groom. After the ceremony was over and the
usual congratulations were given, the
bridal couple and guests repaired to the din-
ing room and partook of a tastily served
wedding dinner. The bride was the recipient
of a well filled purse from relatives and
friends. The afternoon was spent in social
chat and music, and in the evening a large
bonfire was built on the lawn and the boys
made the air resound with the noise of cow-
bells, gans, etc. The happy couple left on
the 30th for points down river, thence to
Cambridge, Queen's County to reside a few
months and where the groom has a good
position.

The bride, who was one of our most popu-
lar young ladies, will be greatly missed by
her many friends who wish her a long and
happy wedded life.

Lines to the memory of Catherine, wife of
John H. Mitchell, who departed this life
October 29th 1908.

A loving mother has been called,
A true fond heart has ceased to beat,
No more her dear familiar voice
Shall home, her wandering loved ones greet

A vacant chair our sad hearts mourn,
A chair that never can be filled
While bitter grief wells from our heart,
We softly whisper "Tis God's Will."

Her earthly trials now are done
Her soul has gone to God's bright home
Where she awaits her loved ones there
And watches over till they come.

We mourn and miss here sadly here
But she is now with heaven's blest,
Yet time will not make us forget,
Our darling mother, who lies "at rest"

Uses of Cement Increasing.

The past year has witnessed no cessation
in the use of cement which can be interpret-
ed as reflecting upon its utility. On the con-
trary there has been a marked increase in its
use in many branches of work. Occasions
have even occurred where popular demand
has compelled official recognition of the econ-
omy of cement in public enterprises, indicat-
ing that its value in that respect is pretty
generally understood by the people at large.
As a leading New York daily recently ex-
pressed it, "cement has become as much a
staple as wheat or steel, and is absolutely
essential in practically every important con-
structive and engineering undertaking at the
present time."—Cement Age, New York.

gives to those who wait.

The Famous Pedestrian

Gentlemen:—
"I was a martyr to catarrh of the
head, throat and stomach. I was so bad
the doctors feared consumption. I
tried many physicians and medicines.
A friend suggested Psychine. I tried
it and it was the only thing ever did
me any good. I am now perfectly well.
It is the greatest remedy the world
has ever known. I do not need it for
my health now but I use it as a
strengthening for my walking matches. I
owe much of my physical endurance to
Psychine."

JAMES REYNOLDS,

Psychine is the greatest cure for
catarrh of the head, throat or stomach
in the world. It is a wonderful tonic
and strengthener of run down system,
acting directly on all the vital organs,
giving youthful vigor and strength to
the system. At all druggists 50c. and \$1,
