

HARTLAND and VICINITY.

Hartland office in charge of Fred. H. Stevens, at Commercial Hotel Bld'g, where orders for Advertising, Printing and Items for publication may be left.

WOODSTOCK, N. B. NOV. 11, 1908.

Mrs. Mary Steeves, of Grafton, N. B., returned home Saturday after a fortnight's visit with her daughter, Mrs. E. L. Rediker, at Fort Fairfield.

A few days ago Mrs. Huldah Larlee, of Perth died at the advanced age of 84 years. She leaves no descendants, but the wife of Senator Platte of New York is an adopted daughter. Alfred Stevens, of Condoover, died on the same day as Mrs. Larlee at the age of 79 years.

Although Perth is one of the most progressive and fast-growing towns in New Brunswick it has not a single church! But it is the intention of the Baptist congregation to announce one soon.

The Rigby Hardware Co. are agents for the Edison phonographs, which are generally conceded the best. They will sell the Home, Gem, or Standard on very easy terms, and have a large assortment of the best records to choose from. Those having phonographs already will now have the privilege of buying near at home, which will prove a great convenience.

Mr. and Mrs. S. S. Miller returned from Woodstock on Saturday, where they had been since the death of Mrs. Miller's father, Alexander Henderson. The community sympathizes deeply with Mrs. Miller in her bereavement.

The unsightly gullies in front of Amasa Plummer's tenements and the new brick block are being filled in with rocks and gravel and made level with the street in a permanent manner. This is the greatest improvement in the main street in years. Whoever has the care of the highways in these days when no one knows what the law is, should see that the whole west side of the street is filled in in the same manner. There would then be room for teams to pass each other, or even to turn without having to drive out of town to do it, as those with double waggon have frequently to do.

Some time ago Miss Esmy Craig lost a silver watch between the Drug store and the central telephone office. The person who found it will please leave it either with her or at the Telephone office.

ing and, as usual have come from their Upper Brighton home to spend the winter in the village. Mrs. McCollom is stopping with her sister-in-law Mrs. John F. Murdock, while Misses Julia and Mattie are boarding with Mrs. A. L. Baird.

R. D. Ross, of Mitchell & Ross, St. Stephen, was in Hartland last week.

The Eureka Acetylene Gas Machine Co. of Sussex have completed the work of putting in a plant in the residence of Hon. J. K. Flemming, and their men are now at work installing plants in the new brick block. All the stores in that structure will be lighted by acetylene.

Estey & Curtis wish to buy any quantity of good winter apples of any standard variety. Highest cash prices will be paid for them for immediate delivery.

When one is away from home is the time one enjoys reading the home paper. Then the little, apparently frivolous items, are pleasant to read. The folk away in distant lands linger long over the "personals" and any portion of the paper that will mention the names of any of their old friends. Do not be backward about asking us to print little items about your own people, your visitors, new babies, marriages, accidents to people you know, fires, industrial improvements or when sad days come, the facts concerning sickness and death. All helps to make the paper interesting. News of Hartland and vicinity may be telephoned direct to Mr. Stevens, given in person or mailed, or given directly to the local reporter, Mrs. James Montgomery. Mrs. Montgomery is also authorized to take orders and collect for subscriptions, advts. and for printing.

One evening last week Frank Gardiner invited a large party of young people over to his parents home in Waterville. There were about thirty in the company and all spent a merry time. Thomas Hallett, who stops at the Commercial hotel, is recovering after quite a severe illness.

There were several annoying typographical errors in these columns last week, which made two or three paragraphs read wrongly. One, the correspondent is asked to correct is that concerning the golden wedding of Mr. and Mrs. Asa McNinch, of Victoria Corner. They will receive their friends from 5:30 on Friday, Nov. 20th, not on the 26th, as stated last week.

Jarvis Day has been very ill of la grippe the past week.

RHEUMATISM
IN THE BLOOD.

Liniments and Rubbing Will Not Cure It—The Disease Must Be Treated Through The Blood.

The trouble with men and women who have rheumatism is that they waste valuable time in trying to rub the complaint away. If they rub hard enough the friction causes warmth in the affected part, which temporarily relieves the pain, but in a short time the aches and pains are as bad as ever. All the rubbing, and all the liniments and outward applications in the world won't cure rheumatism, because it is rooted in the blood. Rubbing won't remove the poisonous acid in the blood that causes the pain. But Dr. Williams' Pink Pills will, because they are a blood medicine acting on the blood. That is why the aches and pains and stiff swollen joints of rheumatism disappear when these pills are used. That is why sensible people waste no time in rubbing but take Dr. Williams' Pink Pills when the first twinges of rheumatism come on, and these speedily drive the trouble out of their system. Mr. John Evans, 12 Kempt Road, Halifax, N. S., says: "About three years ago I had an attack of rheumatism which settled in my right leg and ankle. Which became very much swollen and was exceedingly painful. I wasted a good deal of time trying to get rid of the trouble by rubbing with liniments, but it did not do me a bit of good. My daughter was using Dr. Williams' Pink Pills at the time and finally persuaded me to try them. Inside of a week the pills began to help me, and after taking them a few weeks longer the trouble had completely disappeared and has not bothered me since. My daughter was also taking the pills at the time for weakness and anaemia, and was also cured by them, and I am now a firm friend of this medicine."

Most of the troubles that afflict mankind are due to poor, watery blood. Dr. Williams' Pink Pills actually make new red blood. That is why they cure anaemia with its headaches and backaches, and dizziness and fainting spells; the pains of rheumatism, and the sharp stabbing pains of neuralgia; also indigestion, St. Vitus' dance, paralysis and the ailments of young girls and women of mature age. Good blood is the secret of health and the secret of good blood is Dr. Williams' Pink Pills. Sold by medicine dealers or by mail at 50 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

REPEAT it:—"Shiloh's Cure will always cure my coughs and colds."

NATIONAL
STOCK FOOD

Is really the superior of the imported article that is advertised in such glowing colors. We advertise National Stock Food modestly, but we prefer to put more money into the goods than in gay colored pamphlets. That National Stock Food is better than any other kind if not an idle boast. We weigh the words carefully before we announce our claim. We have testimonials from people who have used most of the other kinds, and they support our claim to having the BEST. We make it right here; the goods are not only "made in Canada" but put up "right here." We give a cast iron guarantee that backs the goods up.

For sale by dealers from Fredericton north to the St. Lawrence river. Don't take another kind when you can get the best at your own store-keepers. Ask him for it.
