NEWS FROM THE COUNTY.

Centreville.

The Thanksgiving supper held by the ladies of the Baptist church in the opera house last Saturday evening proved to be a very successful affair. One hundred dollars was realized and twenty-seven dollars was added to that sum by church collections on Sunday morning. An earnest effort will be made to reduce the debt on the church as much as possible and those who have pledged will be called upon, and those who have not but would like to donate something to so worthy a purpose can now have the opportunity of doing so.

The silly practice of removing, destroying and hiding property on Hallowe'en (so nearly forgotten in other places) is still continued here, many of the boys believing that they are not legally responsible for any act committed on that particular night. Centreville with its many advantages ought to lead in the matter of reform instead of lagging behind.

The trustees have secured the new lot authorized by the school meeting in September last and will ask for tenders for the construction of the new building in the near future. Preparations will be made during the winter to begin building at the earliest practicable time in the spring that the house may be ready to occupy at the beginning of the summer term.

A number of our teachers are home for the Thanksgiving holidays. Most of them are looking as if the duties of the school room was a pleasure instead of a hardship.

Dr. E. W. N. Baker and Mrs. Baker, Rev. Mr. Currier and Mrs. Currier of Woodstock, spent Sunday in the village the guests of Mr. and Mrs. Freeland McKenzie. Rev. Mr. Currier assisted Rev. Mr. Ferguson in the church services in the morning.

Rev. Jos. Flewelling was in the village a few days last week and his old time friends were much pleased to see him.

There has been a report in circulation here that Mr. Sherwood intends moving his saw mill to Florenceville but the prospect of a lucrative business even at Florenceville would hardly seem sufficient to warrant the great expense of locating there.

The Misses Hildred Smith and Ruby Carvell came home Saturday from Fredericton for Thanksgiving holidays.

Mrs. May Smith, Mars Hill, Maine, was in the village recently calling on her many old friends.

The school was closed from Friday until Tuesday for the holidays and the teacher, Miss Crandemire, went home for the vacation.

Mrs. Myrtle Carvell leaves this week for a visit in Wicklow and Presque Isle, Maine. On her return she will start for Boston where she will spend the winter in studying kindergarten work and other branches of primary teaching.

AMUSEMENTS.

Jere McAuliffe in a Repertoire of Stock Plays and High Class Vaudeville Starts Tomorrow Night.

The mere mention that Jere McAuliffe and his 25 People Stock Co. and eight big vaudeville acts are to be at the theatre this week, with a change of play nightly should be sufficient to crowd our new play house. This company comes to our town well recommended from all the principal cities in the Maritime Provinces. The last issue of the Newcastle Leader has the following to say:

Newcastle is having the pleasure this week of a visit from Jere McAuliffe and his popular company. They are filling a week's engagement in the opera house, and judging from the great interest manifested and rounds of applause received at each evening's performance, the theatre goers of our town are perfectly satisfied with this excellent company. They are the best ever yet appearing here, and this is their first visit. In future Jere will be a very welcome visitor. The very best talent is among his company.

The specialties alone are well worth the admission fee.

Gold On The Tobique.

Henry Youle Hidd, M. A., who in 1865 made a geological survey of part of the Tobique for the N. B. Government, was up on the Wapikie last week, a branch which he was not on in 1865. He was accompanied by Wm. E. Stewart, Wm. Day, Thos. Robinson of Salmon River, and Todd Brewer, of Woodstock. Mr. Hind gave quite a favorable report on the prospects of that district for mining purposes, and especially for gold. He expects to return next summer and make a more extensive search.—Perth News.

Disease of The Kidneys Brought on By Catarrh.

Pe-ru-na Made a Well Man of Me.
I Cannot Speak Too Highly of It.

Mr. George King, 453 St. Denis St., Montreal, Canada, a well-known business man of that city, writes:

"Peruna cured me from what the doctors were afraid would turn into Bright's disease, and after you have gone through the suffering that I have with catarrh of the bladder and kidney trouble, and have been cured you are pretty apt to remember the medicine that did the work."

"Peruna is a blessing to a sick man. Eight bottles made me well and were worth more than a thousand dollars to me. I cannot speak too highly of it. It is now four years since I was troubled, and I have enjoyed perfect health since. Every spring and fall I take a bottle of it and it keeps me well."

CATARRH of the kidneys is a very much neglected disease.

It is not until the disease has a firm hold upon the kidneys that the patient begins to realize that there is some derangement of these organs.

The slight backaches, the feelings of lassitude, and other warning symptoms of kidney disease are overlooked.

They are not serious enough to detain the patient from his regular work.

Even when he discovers that the kidneys are affected, he does not recognize the difficulty as being

caused by catarrh. Catarrh is sometimes so very gradual in its approach and its earlier symptoms cause such slight discomfort that it is not noticed.

However, when it is once firmly seated in the kidneys it becomes a difficult disease to exterminate.

Indeed, catarrh of the kidneys is more serious than catarrh affecting some of the other organs of the body.

In the kidneys it is liable to terminate in Bright's disease or diabetes, both of which are recognized as very serious ailments, if not fatal.

The thing to be done, when catarrh of the kidneys is discovered, is to take some internal, systemic catarrh remedy, one that reaches the very source of the ca-

tarrh and removes the cause of the difficulty.

Such a remedy has been found in Peruna. It reaches catarrh, no matter where it may be located in the body—whether in the more exposed membranes of the nose and throat, or whether in the remotest part of the kidneys.

That Peruna is at once the safest and most reliable remedy for catarrh of the kidneys is proven by the many testimonials written by those who have experienced its benefits.

The testimonials given here are only specimens of the many testimonials on our records, pertaining to the relief afforded by Peruna in severe cases of kidney trouble.

Kidney Disease of Long Standing.

Mr. Samuel A. Paxton, 1118 Troost Ave., Kansas City, Mo., member I. O. O. F. and National Annuity Association, writes:

"I am a well man to-day, thanks to your splendid medicine, Peruna. I was troubled with catarrh and kidney disease of long standing when I first began using Peruna. I soon found I was getting better and continued taking it for four months. It cleaned out the system, leaving me well and strong and feeling better than I have in years."
